Mincy,Monique Jethwani,Serena Klempin,2014-12-01 Maligned as deadbeat dads or sexually and financially irresponsible inner city fathers and overlooked in discussions of poverty and family policy economically vulnerable nonresident fathers are a greatly misunderstood population Failing Our Fathers summarizes the most recent quantitative and qualitative research and undertakes new analyses to fill in important gaps to produce a comprehensive picture of who these fathers are what types of relationships they have with their families and children and the challenges they face meeting what their loved ones and taxpayers expect from them The great majority of these men see their children on a regular basis despite the financial legal and extra legal barriers they face Besides requiring fathers to support their children we must enable them to do so by supplementing their earnings and supporting their co parenting in ways that parallel how we require and enable vulnerable single mothers to support their children The book lays out specific reforms required to achieve this goal as well as tips for those resources for economically vulnerable nonresident fathers

**Lacan in the End Times** Rob Weatherill,2022-09-21 This book explores themes around the Father His absence in modern society and the decline of mental health The nature of this decline can be uniquely psychoanalytically theorised in both the corresponding ferocity of the internal object and exposure to the Real The first part of this book underlines what psychoanalysis and psi sciences continue to overlook who now provides what Lacan called the narrow footbridge between anxiety and death What terror ism must replace the father How can reality be stabilised once more The second part follows

the atomised world as it turns towards extremism and utopian dreams in Ireland via Hanaghan's radical psychoanalysis in Levinasian ethics in Gnostic belief in an evil world and in the clinic of the death drive The conclusion turns finally to the God beyond God and the overwhelming evidence for God's presence in the world Lacan in the End Times will be of interest to psychoanalysts psychotherapists counsellors social workers and scholars in critical theory philosophy cultural theory literary theory and theology

**Irish Women Writers** Ann Owens Weekes, 2014-07-11 From the legendary poet Oisín to modernist masters like James Joyce William Butler Yeats and Samuel Beckett Ireland's literary tradition has made its mark on the Western canon Despite its proud tradition the student who searches the shelves for works on Irish women's fiction is liable to feel much as Virginia Woolf did when she searched the British Museum for work on women by women Critic Nuala O Faolain when confronted with this disparity suggested that modern Irish literature is dominated by men so brilliant in their misanthropy that the self-respect of Irish women is radically and paradoxically checkmated by respect for an Irish national achievement While Ann Owen Weekes does not argue with the first part of O Faolain's assertion she does with the second In *Irish Women Writers An Uncharted Tradition* she suggests that it is the critics rather than the writers who have allowed themselves to be checkmated Beginning with Maria Edgeworth's *Castle Rackrent* 1800 and ending with Jennifer Johnston's *The Railway Station* 1980 she surveys the best of the Ireland's female literature to show its artistic and historic significance and to demonstrate that it has its own themes and traditions related to yet separate from that of male Irish writers Weekes examines the work of writers like E. O. Somerville and Martin Ross pen names for cousins Edith Somerville and Violet Martin Elizabeth Bowen Kate O'Brien Mary Lavin and Molly Keane among others She teases out the themes that recur in these writers' works including the link between domestic and political violence and re-visioning of traditional stories such as Julia O Faolain's use of the Cúchulain and Diarmuid and Grainne myths to reveal the negation of women's autonomy In doing so she demonstrates that the literature of Anglo and Gaelic Irish women presents a unified tradition of subjects and techniques a unity that might become an optimistic model not only for Irish literature but also for Irish people

[All Those Strangers](#) Douglas Field, 2015-06-02 Adored by many appalling to some baffling still to others few authors defy any single critical narrative to the confounding extent that James Baldwin manages Was he a black or queer writer Was he a religious or secular writer Was he a spokesman for the civil rights movement or a champion of the individual His critics as disparate as his readership endlessly wrestle with paradoxes not just in his work but also in the life of a man who described himself as all those strangers called Jimmy Baldwin and who declared that all theories are suspect Viewing Baldwin through a cultural historical lens alongside a more traditional literary critical approach *All Those Strangers* examines how his fiction and nonfiction shaped and responded to key political and cultural developments in the United States from the 1940s to the 1980s Showing how external forces molded Baldwin's personal political and psychological development Douglas Field breaks

through the established critical difficulties caused by Baldwin's geographical ideological and artistic multiplicity by analyzing his life and work against the radically transformative politics of his time. The book explores under researched areas in Baldwin's life and work including his relationship to the Left, his FBI files and the significance of Africa in his writing while also contributing to wider discussions about postwar US culture. Field deftly navigates key twentieth century themes: the Cold War, African American literary history, conflicts between spirituality and organized religion and transnationalism to bring a number of isolated subjects into dialogue with each other. By exploring the paradoxes in Baldwin's development as a writer rather than trying to fix his life and work into a single framework, *All Those Strangers* contradicts the accepted critical paradigm that Baldwin's life and work are too ambiguous to make sense of. By studying him as an individual and an artist in flux, Field reveals the manifold ways in which Baldwin's work develops and coheres.
