Picasso As A Artist 1st Edition:

Picasso Gertje Utley, 2000-01-01 The fact that Picasso joined the French Communist Party in 1944 and remained a loyal member to the end of his long life presents puzzling contradictions How can the image of him as a protean genius be reconciled with his membership in a repressive political organization that maintained an authoritarian hold on its artistic community and all but obliterated the freedom of the creative mind How could the creator of *Guernica* lauded at that time as the champion of civilian victims of totalitarian aggression support the policies of the Soviet Union This stimulating book is the first comprehensive examination of Picasso's political commitment his motivations to join the French Communist Party and his contributions as an active member Gertje R Utley assesses the impact communism had on the artist's life and explores how Picasso's political beliefs and the doctrines of the Communist Party affected his artistic production Utley provides the first account in English of the intricate relations between the French Communist Party and its artists in the years immediately following the Liberation She then examines in detail the role Picasso played within the Communist agenda his financial and moral support his active participation at Party events and his artistic endorsement of the Party's most important ideological positions during the Cold War years Addressing Picasso's unfailing loyalty in the face of both the Party's untenable political positions and the opposition within the Party to his art this book offers new insight into aspects of the artist's thought and art that have been little considered before

Connelly, 1999 **Physical Education Health and Music Iv (worktext) 1st Ed. 1993**, **High Art** David

Carrier, 2010-11-01 The great poet Charles Baudelaire 1821-1867 was also an extremely influential art critic. *High Art* relates the philosophical issues posed by Baudelaire's art writing to the theory and practice of modernist and postmodernist painting. Baudelaire wrote in an age of transition. David Carrier argues an era divided by the Revolution of 1848, the historical break that played for him a role now taken within modernism by the political revolts of 1968. Moving from the grand tradition of Delacroix to the images of modern life made by Constantin Guys, this movement from high to low, from the unified world of correspondences to the fragmented images of contemporary city life, motivates Baudelaire's equivalent to the post-1968 turn away from formalist art criticism. Viewed from the perspective of the 1990s, Carrier argues the issues raised by Baudelaire's criticism and creative writing provide a way of understanding the situation of art writing in our own time. **New Art City**

Jed Perl, 2009-06-03 In this landmark work, Jed Perl captures the excitement of a generation of legendary artists: Jackson Pollack, Joseph Cornell, Robert Rauschenberg, and Ellsworth Kelly among them, who came to New York, mingled in its lofts and bars, and revolutionized American art. In a continuously arresting narrative, Perl also portrays such less well-known figures as the galvanic teacher Hans Hofmann, the lyric expressionist Joan Mitchell, and the adventuresome realist Fairfield Porter, as well as the writers, critics, and patrons who rounded out the artists' world. Brilliantly describing the intellectual crosscurrents of the time as well as the genius of dozens of artists, *New Art City* is indispensable for lovers of modern art and culture.
