Rapture Of The Deep The Art Of Ray Troll:

Rapture of the Deep Ray Troll, 2004 In addition to celebrating the extraordinary fish artist this beautiful book also pays tribute to the world of zoological and anthropological creatures he renders with a blend of biological accuracy and surreal offbeat humor Alaska Traveler T Terpening, Traveler Terpening, 2010-06-15 The only guide to feature the destinations in Alaska accessible by rail car and ferry written by an author who grew up in Alaska and continues to live there today

Creative Alaska Sven Haakanson, Amy Steffian, 2016-11-15 Alaska has long been a nurturing home for artists with its stunning natural beauty rich cultural life and unique communities In recent years artists in Alaska have had an additional source of support the awarding of annual grants to craftsmen musicians performers visual artists and writers by the Rasmuson Foundation Creative Alaska profiles the award winners from 2004 to 2013 in three categories Distinguished Artists Fellowships and Project Awards Richly illustrated accounts of each of the artists and their work illuminate the challenges and opportunities of the artistic life in Alaska and the powerful impact of the Rasmuson Foundation's support

Shark Richard Ellis, 2012-04-17 The sharks ancient or modern real or imaginary have always been with us and will probably remain with us forever They appear not only in movies and literature but in countless permutations of size shape and materials permeating our daily lives with their silent menace In a sense humans live in a world replete with sharks not vice versa Thus Richard Ellis sets about chronicling and debunking the myths of sharks throughout history From 18th century art to the phenomena of JAWS the shark has remained the indomitable aggressor of the deep the last demon of humankind The image of the shark and the fear it inspires infiltrates our daily lives with its mythical power and strength But it is not man who should fear the shark Our need to dominate these predators is destroying them and their habitat Through hundreds of full color images Ellis proves the necessity of preserving these majestic creatures As curator of the Ft Lauderdale Museum of Art's exhibition entitled Shark debuting May 2012 Ellis adeptly turns these sleek efficient hunters from monsters of the deep into rare beautiful forces of nature
