idea **Artbibliographies Modern** ,1990 Abstracts of journal articles books essays exhibition catalogs dissertations and exhibition reviews The scope of ARTbibliographies Modern extends from artists and movements beginning with Impressionism in the late 19th century up to the most recent works and trends in the late 20th century Photography is covered from its invention in 1839 to the present A particular emphasis is placed upon adding new and lesser known artists and on the coverage of foreign language literature Approximately 13 000 new entries are added each year Published with title LOMA from 1969 1971 Baltimore and Ohio Employes Magazine ,1949 *Faking it* Mia Fineman,National Gallery of Art (U.S.),Museum of Fine Arts, Houston,2012 It is a long held truism that the camera does not lie Yet as Mia Fineman argues in this illuminating volume that statement contains its own share of untruth While modern technological innovations such as Adobe s Photoshop software have accustomed viewers to more obvious levels of image manipulation the practice of doctoring photographs has in fact existed since the medium was invented In *Faking It* Fineman demonstrates that today s digitally manipulated images are part of a continuum that begins with the earliest years of photography encompassing methods as diverse as overpainting multiple exposure negative retouching combination printing and photomontage Among the book s revelations are previously unknown and never before published images that document the acts of manipulation behind two canonical works of modern photography one blatantly fantastical Yves Klein s *Leap into the Void* of 1960 the other a purportedly unadulterated record of a real place in time Paul Strand s *City Hall Park* of 1915 Featuring 160 captivating pictures created between the 1840s and 1990s in the service of art politics news entertainment and commerce *Faking It* provides an essential counterhistory of photography as an inspired blend of fabricated truths and artful falsehoods Publisher s website New York ,2009-11 Artforum International ,2000 Feminism and Art in Postwar Italy Francesco Ventrella,Giovanna Zapperi,2020-10-29 A renowned art critic of the 1960s Carla Lonzi abandoned the art world in 1970 to found Rivolta Femminile a pioneering feminist collective in Italy Rather than separating the art world luminary from the activist however this book looks at the two together It demonstrates that even as Lonzi refused art she articulated how feminist spaces and communities drew strength from creativity The eleven essays in this book document the artistic and feminist circles of postwar Italy a time characterised both by radical protest and avant garde aesthetics using primary and archival sources never before translated into English They map Lonzi s deep connections to the influential Italian Arte Povera movement and explore her complicated relationship with female artists of the time such as Carla Accardi and Suzanne Santoro Carla Lonzi s written work and activism represents a crucial but previously overlooked feminist intervention in traditional art history from beyond the Anglo American canon This book is a timely and urgent addition to our understanding of radical politics separatist feminism and art criticism in the postwar period **Making a Photographer** Rebecca A.
