*Prisoners of Hope* Nathan McConnell, 2025-05-30 *Prisoners of Hope* focuses on ecclesiological and practical theological responses to migration asylum seeking and refugee integration and assimilation It considers the relationship between the church and the nation state relative to political asylum by questioning the various responses of Christians who advocate for refugees and asylum seekers in their spheres of influence *Prisoners of Hope* features how the Church might begin to appraise and address the various socio political strategies employed by nation states which situate migrants in a form of quasi political status as they move from one place to another It holds key benefits for exploring the philosophical and theological intersections of Dietrich Bonhoeffer Giorgio Agamben and Seyla Benhabib and those attempting to ask about treatment of the refugees and asylum seekers *Prisoners of Hope* will be of particular interest to those attempting scholarly research in the areas of theology religion and migration studies as it investigates the phenomenological experiences of refugees going in and out of detention as well as arguments relating to porous borders within sovereign national entities Initially the book engages definitions of migration moving onto concepts of State of Exception and Homo Sacer and analysing arguments regarding porous borders and cosmopolitanism Of specific benefit for Christian theology is the second half of the book which examines the importance of vicarious witnessing prayer voicing inclusion worshipping communities and the inclusion of the other Overall *Prisoners of Hope* is a pertinent addition to those discussing concepts of national sovereignty migrant assimilation asylum seeking hospitality and the juxtapositioning of the foreigner within the often intricate dialogues associated with political entry

*Kosovo, A Documentary History* Robert Elsie, Bejtullah D. Destani, 2018-01-30 The question of Kosovan sovereignty and independence has a history which stretches far back beyond the outbreak of war in 1998 This volume is a compilation of key documents on Kosovo from the first half of the twentieth century These texts including numerous diplomatic despatches from the British Foreign Office deal initially with the Albanian uprising against Ottoman rule in the spring of 1912 and in particular with the period of the Serbian invasion of Kosovo in late 1912 and the repercussions of the conquest for the Albanian population The documents from 1918 to the early 1920s focus mainly on endeavours by Albanian leaders including those of the so called Kosovo Committee in exile to bring the plight of their people to the attention of the outside world endeavours which largely failed Further documents reflect the situation in Kosovo up to the outbreak of World War II This collection provides new perspectives on the Kosovo question and includes many documents which have been largely unavailable up to now It sheds new light on many of the major and minor episodes that channelled and determined subsequent events including the Kosovo War of 1998 1999 and the declaration of independence in February 2008

**Asylum-Seeking, Migration and Church** Susanna Snyder, 2016-04-15 *Asylum Seeking Migration and Church* addresses one of the most pressing issues confronting contemporary society How are we to engage with migrants Drawing on studies of church engagement with asylum seekers in the UK and critical immigration and refugee issues in North

America Snyder presents an extended theological reflection on both the issue of asylum seeking and the fears of established populations surrounding immigration. This book outlines ways in which churches are currently supporting asylum seekers encouraging closer engagement with people seen as other and more thoughtful responses to newcomers. Creatively exploring biblical and theological traditions surrounding the stranger, Snyder argues that as well as practising a vision of inclusive community, churches would do well to engage with established population fears. Trends in global migration and the dynamics of fear and hostility surrounding immigration are critically and creatively explored throughout the book. Inviting more complex nuanced responses to asylum seekers and immigrants, this book offers invaluable insights to those interested in Christian ethics, practical theology, social work, mission and faith and social action as well as those working in the field of migration.

**Historical Dictionary of Kosova** Robert Elsie, 2004. Kosova or Kosovo is a dependent region of Serbia, part of the former country of Yugoslavia. It was part of the province of Dalmatia in the Austro-Hungarian Empire before 1919.

**Historical Dictionary of Kosovo** Robert Elsie, 2010-11-15. As the seventh and probably last state to arise from the ruins of the former Yugoslavia, Kosovo is the newest country in Europe. For centuries, Kosovo also known as Kosova, was part of the Ottoman Empire and for most of the 20th century it was a province of what was once Yugoslavia. After the military conflict in 1998-1999 and a period of administration by the United Nations, Kosovo declared its independence from Serbia on February 17, 2008. Focusing not only on Kosovo's turbulent recent years, the second edition of the *Historical Dictionary of Kosovo* also relates the country's rich culture and long history. This is done through a chronology, an introductory essay, an extensive bibliography, and over 400 cross-referenced dictionary entries on significant persons, places, and events, institutions, and organizations, and political, economic, social, cultural, and religious facets. This book is an excellent access point for students, researchers, and anyone wanting to know more about Kosovo.

*Shelter from the Storm* Bruce D. Thompson, 2003-01. *Shelter from the Storm* tells the story of a refugee centre in Manchester during and after the 1999 Kosovan conflict. It recalls how and why a comfortable suburban church community became deeply involved in the shattered lives of the Kosovan Albanian families who had experienced ethnic cleansing and deals honestly with the issues raised around interfaith dialogue and cross-cultural care. It is a personal account of the author's own journey from his involvement with the victims of atrocity and his hope for a future beyond suffering.

*Bibliography of Sources on the Region of Former Yugoslavia* Rusko Matulić, 1998. In this second volume, Rusko Matulić continues to formulate a comprehensive bibliography of primarily published sources relating to the history, languages, literature, politics, government, religion, and social sciences of former Yugoslavia, including bibliographical materials on expatriates.
