Shepherds Horizons:

The Long Horizon Iain R. Thomson, 2013-08-08 The Long Horizon is an extraordinary book Much more than simply the chronicle of a life spent farming in the Scottish Highlands it is also a wonderful collection of stories both factual and fictional which reflect the changes that have revolutionised Highland life and dramatically affected the natural environment over the centuries Using the colourful background to the Fraser clan chiefs as a central theme from the cunning Red Fox through to the sudden death of the Master of Lovat which set in train the sale of the Fraser empire around Beaufort Castle Iain Thomson weaves an entertaining narrative that shows how historical events have such a profound effect on what happens today Throughout the book shines the writer's deep love of the countryside and a respect for the generations before him who have carved their living from the harsh environment of the Highlands It is a marvellous celebration both of the farming way of life and one of the most beautiful parts of Scotland *Horizon Songs* Grace Duffield Goodwin, 1912 *The Faith of the English* Nigel Rooms, 2012-03-29 How Christian are the English How English is their Christianity These questions are probed by Nigel Rooms in a book which is both readable and scholarly If England is a mission field how is Christian faith to be understood by the English And how are English Christians to become aware of the links and the tensions between their own culture and their faith This book is important reading for Christians in search of self understanding for all who seek for a renewal of Christian faith in England and for the many English people who are curious about the part that Christian faith continues to play in the national culture John M Hull Emeritus Professor of Religious Education University of Birmingham

A high school English teacher by then, he took a sabbatical and set out to experience the shrouded land for himself. Contending with Chinese bureaucracy, unforgiving terrain, and sickness-inducing altitude, Charlie sought entrance to twenty-first-century Tibet in all its heart-stopping beauty. The same year Charlie was browsing library shelves, Tibetan-born Lobsang was crossing the Himalayas on foot, enduring to flee the volatile region with his family at the young age of five. An exile in Nepal with an ear for languages, then a university student in India, he followed the love of his life back to their home country, only to be separated by China's harsh political backlash. In a teahouse at the border between China and Tibet, Lobsang met Charlie and recounted his extraordinary life story, exemplifying the hardship, resilience, and hope of modern Tibetan life.
