Sherlock Holmes And The Boulevard Assassin:

Sherlock Holmes and the Boulevard Assassin John Hall, 2002 Paris To most Englishmen the French capital meant wine women and song But there were darker aspects to life across the Channel and it was the assassination of the President in 1894 which took Holmes and Watson to the Continent The assassin was said to be an anarchist but was there some yet more sinister force behind the crime Holmes certainly thought so believing that he detected the dead hand of an old adversary Professor Moriarty [The Alternative Sherlock Holmes](#) Peter Ridgway Watt, Joseph Green, 2017-03-02 Between 1887 and 1927 Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great Canon has become the most praised most studied and best known chapter in the history of detective fiction Over twenty thousand publications pertaining to the Sherlock Holmes phenomenon are known to have been published most of them historical and critical studies In addition however almost since the first stories appeared such was their uniqueness and extraordinary attraction that other authors began writing stories based on or derived from them A new genre had appeared pastiches parodies burlesques and stories that attempted to copy or rival the great detective himself As the field widened there was hardly a year in the twentieth century in which new short stories or novels did not appear Many hundreds are now known to have been published some of them written by authors well known for their work in other literary fields The non canonical Sherlock Holmes literature not only constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been published no attempt has previously been made to collect them all and discuss them comprehensively The Alternative Sherlock Holmes does so it provides a new and valuable approach to the Sherlock Holmes literature as well as making available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories in the field [The MX Book of New Sherlock Holmes Stories - Part XLII](#) David Marcum, 2023-12-14 Featuring Contributions by Arthur Hall 2 stories Alan Dimes 2 stories Tracy Revels DJ Tyrer David Marcum Dan Rowley 2 stories and Don Baxter Deanna Baran Thomas A Burns Jr Brenda Seabrooke I A Watson Tim Newton Anderson Chris Chan Barry Clay 2 stories Susan Knight Paul Hiscock Kevin P Thornton and a poem by Kelvin I Jones 53 New Traditional Canonical Holmes Adventures Collected in Three Companion Volumes Throughout the original Holmes Canon there were hints and teases of other intriguing cases The Tarleton Murders The Grice Paterson Curse The Abernethy Tragedy Watson mentions over one hundred and twenty of these which have collectively come to be known as The Untold Cases Now once again MX Publishing brings us fifty three of these adventures in three simultaneously published volumes with all royalties going to support the Undershaw school for special needs children located at one of Sir Arthur Conan Doyle s former homes Somewhere in the vaults of the bank of Cox and Co at Charing Cross there is a travel worn and battered tin dispatch box with my name John H Watson M D Late Indian Army

painted upon the lid It is crammed with papers nearly all of which are records of cases to illustrate the curious problems which Mr Sherlock Holmes had at various times to examine Dr John H Watson So wrote Dr Watson in The Problem of Thor Bridge and ever since Sherlockians have been seeking to know more about these tales from the legendary Tin Dispatch Box While Watson s original Literary Agent only edited the pitifully few sixty stories that make up the original Canon there have since been literally thousands of traditional adventures about the true Sherlock Holmes and yet there will never be enough In 2018 MX Publishing presented Parts XI and XII of this acclaimed and ongoing series Some Untold Cases and then in 2020 Parts XXII XXIII and XXIV returned to that theme with Some More Untold Cases Now that concept is revisited with more Sherlock Holmes adventures that further explore those many tantalizing references to some of Holmes s other Untold Cases as mentioned in The Canon Join us as we return to Baker Street and discover more authentic adventures of Sherlock Holmes described by the estimable Dr Watson as the best and wisest whom I have ever known *Sherlock Holmes Handbook* Christopher Redmond,2009-09-28 Sherlock Holmes Handbook sums up a Canadian scholar s lifetime expertise about Sherlock Holmes the characters and themes the publishers and readers Victorian London and the Houdini connection radio actors and cartoonists the fans who cling to Holmes s reality and the professors who tease out motifs from the fifty six short stories and four novels The first edition of Sherlock Holmes Handbook appeared in 1993 This edition catches up on new films new books a few with a hint of the supernatural and the advent of the Internet which has spread Holmes s fame and Sherlockian fun even further worldwide The intervening years have brought three multi volume editions of the Sherlock Holmes stories with hundreds of footnotes providing new insights and new amusement They have also seen Holmes repeatedly on the amateur and professional stages including a few Canadian productions And there have been changes to everything from copyright rules to libraries booksellers and audio recordings *Sherlock Holmes. a small press in 2011 and then in 2013 by the world's premiere Sherlockian publisher MX Publishing and after that there was no turning back. Since then in addition to editing over 60 volumes most of which are Sherlockian pastiche collections David has written and published over 100 Sherlockian adventures in a variety of anthologies and magazines. Now these are being collected along with a few others that haven't been seen before. The first five volumes were published as a set in 2021 containing 77 of David's Holmesian stories and now we bring you 21 more some published for the first time. Join us as we return to Baker Street and discover more authentic adventures of Sherlock Holmes the man described by the estimable Dr Watson as the best and wisest whom I have ever known. Sherlock Holmes Barry Day, 2015-07-28 A delightful biography of Sherlock Holmes that draws on quotations from Dr. Watson. More has been written about Sherlock Holmes in a century than was written about Shakespeare in four. It is a testament to the enduring allure of Sir Arthur Conan Doyle's great detective that long after his last bow devotees of Baker Street have continued to produce stories, films, and television works based on the life of Sherlock Holmes. Nothing new can match the brilliant intensity of the original, however, and so Barry Day has produced this invaluable biography of Holmes drawn from the words of the man who knew him best, Dr. John Watson. From their first days at 221B Baker Street to the tragedy at the Reichenbach Falls and continuing on after Holmes's glorious resurrection and retirement, Day compiles every detail given in the original stories about the life of the great detective, hoping to solve the most baffling mystery of all: What sort of man was Sherlock Holmes?
