Vino! Karl J. Trybus, 2023-10 *Vino* explores the history and identity of Spanish wine production from the mid nineteenth century to today Nineteenth century infestations of oidium fungus and phylloxera aphids devastated French and Italian vineyards but didn't extend to the Iberian Peninsula at first giving Spanish vintners the opportunity to increase their international sales Once French and Italian wineries rebounded however Spanish wine producers had to up their game Spain could not produce only table wine it needed a quality product to compete with the supposedly superior French wines After the Spanish Civil War the totalitarian Franco regime turned its attention to Spain's devastated agricultural sector but the country's wine industry did not rebound until well after World War II In the postwar years it rebranded itself to compete in a more integrated European and international marketplace with the creation of a new wine identity As European integration continued Spanish wine producers and the tourism industry worked together to promote the uniqueness of Spain and the quality of its wines Karl J Trybus explores the development of Spanish wine in the context of national and global events tracing how the wine industry has fared and ultimately prospered despite civil war regional concerns foreign problems and changing tastes
