Sherston's Progreb:

Sherston's Progress Siegfried Sassoon, 2022-08-16 In *Sherston's Progress* Siegfried Sassoon continues the semi autobiographical narrative established in his earlier works providing an introspective exploration of a young soldier's journey through the Great War. The novel is structured as a bildungsroman employing a conversational almost lyrical prose style that captures the protagonist's evolution against the backdrop of a war-torn landscape. Sassoon's deft use of irony and satirical wit illuminates the disconnect between the romanticized notions of warfare and the grim reality faced by the soldiers, reflecting a broader literary movement that questioned traditional heroism during and after World War I. Siegfried Sassoon, a veteran of the First World War, was not only a soldier but also a respected poet and an outspoken critic of the conflict. His firsthand experiences in the trenches fueled his writing, instilling a profound understanding of the psychological toll of warfare. Sassoon's personal struggles with duty, honor, and the absurdity of war are deeply embedded in *Sherston's Progress*, making it a poignant reflection of his own beliefs and experiences. This compelling work is recommended for readers interested in modernist literature as well as those seeking to understand the psychological and emotional dimensions of war. Sassoon's incisive observations and masterful storytelling provide an essential commentary on the human condition, making *Sherston's Progress* not just a novel about war but a timeless exploration of personal growth amidst chaos.

Siegfried Sassoon Jean Moorcroft Wilson, 2003 The World War I poet Siegfried Sassoon is one of the twentieth century's greatest icons, and Jean Moorcroft Wilson is the leading authority on him. In *Siegfried Sassoon: The Journey from the Trenches*, the second volume of her best-selling authorized biography, Wilson completes her definitive analysis of his life and works, exploring Sassoon's experiences after the Great War. For many people, Sassoon exists primarily as a First World War poet and bold fighter who earned the nickname 'Mad Jack' in the trenches and risked Court Martial, possibly the firing squad, with his public protest against the War. Much less is known about his life after the Armistice. Wilson uncovers a series of love affairs with such larger-than-life characters as Queen Victoria's great grandson, Prince Phillip of Hesse, the flamboyant Ivor Novello, and the exotic and bejeweled Hon. Stephen Tennant. This period also sees Sassoon establishing close friendships with some of the greatest literary figures of the age: Hardy, Beer, Böhm, E. M. Forster, and T. E. Lawrence, among them. Sassoon himself said that most people thought he had died in 1919. But Wilson shows that his poetry is, if anything, more powerful in the second half of his life. Based on a decade of meticulous research and interviews with many who knew Sassoon well, much of the material is published here for the first time. *Siegfried Sassoon: The Journey from the Trenches* completes a fascinating story that is beautifully told.

Fires in the Dark Kay Redfield Jamison, 2024-05-14 The acclaimed author of *An Unquiet Mind* considers the age-old quest for relief from psychological pain and the role of the exceptional healer in the journey back to health. To treat even to cure is not always to heal. In this expansive cultural history of the treatment and healing of mental suffering, Kay Jamison writes about psychotherapy, what makes a great healer, and the role of imagination and memory in regenerating the

mind From the trauma of the battlefields of the twentieth century to those who are grieving depressed or with otherwise unquiet minds to her own experience with bipolar illness Jamison demonstrates how remarkable psychotherapy and other treatments can be when done well She argues that not only patients but doctors must be healed She draws on the example of W H R Rivers the renowned psychiatrist who treated poet Siegfried Sassoon and other World War I soldiers and discusses the long history of physical treatments for mental illness as well as the ancient and modern importance of religion ritual and myth in healing the mind She looks at the vital role of artists and writers as well as exemplary figures such as Paul Robeson who have helped to heal us as a people Fires in the Dark is a beautiful meditation on the quest and adventure of healing the mind on the power of accompaniment and the necessity for knowledge **Modern Nostalgia** Robert Hemmings,2008-07-04

This book explores Siegfried Sassoon s writing of the twenties thirties and forties demonstrating the connections between trauma and nostalgia in a culture saturated with the anxieties of war Informed by the texts of Freud W H R Rivers and other psychological writers of the early twentieth century as well as contemporary theorists of nostalgia and trauma this book examines the pathology of nostalgia conveyed in Sassoon s unpublished poems letters and journals together with his published work It situates his ongoing anxiety about Englishness modernity and his relation to modernist aesthetics within the context of other literary responses to the legacy of war and the threat of war s return by writers including Edmund Blunden Robert Graves and T E Lawrence **Fighting Different Wars** Janet S. K. Watson,2004-02-19 The popular idea of the First World War is a story of disillusionment and pointless loss This vision however dates from well after the Armistice In this 2004 book Janet Watson separates out wartime from retrospective accounts and contrasts war as lived experience for soldiers women and non combatants with war as memory comparing men s and women s responses and tracing the re creation of the war experience in later writings Using a wealth of published and unpublished wartime and retrospective texts Watson contends that participants tended to construct their experience lived and remembered as either work or service In fact far from having a united front many active participants were in fact fighting different wars and this process only continued in the decades following peace Fighting Different Wars is an interesting richly textured and multi layered book which will be compelling reading for all those interested in the First World War **Sherston's Progress** Siegfried

Sassoon,1936 Behind the Lines Margaret R. Higonnet,Jane Jenson,Sonya Michel,1987-01-01 Essays analyze the two world wars in respect to gender politics and reassesses the differences between men and women in relation to war
