This book studies the individual Kobudo and Te systems as they are practiced in Okinawa today and discusses their various histories and the lives of the masters who have most influenced them. Spiritualism in the Okinawan arts is also covered in detail as the author masterfully describes the mix of Zen and native beliefs that are vital to these arts yet a component that has been all but ignored by previous researchers. In addition, this is the first work to discuss anthropological theories on Okinawa and the development of fighting arts there from the Stone Age. This complete and wide-ranging study of Okinawan weaponry history and training is the ultimate guide to these important fighting arts.
