Shiites Ritual And Popular Piety In A Muslim Community:

The Shiites NA NA,1992-08-15 This book describes what Shiism means to those who actually practice it and serves as both an excellent introduction to the subject and an original work of scholarship

The Study of Shi'i Islam Gurdofarid Miskinzoda,Farhad Daftary,2014-01-08 Shi i Islam with its rich and extensive history has played a crucial role in the evolution of Islam as both a major world religion and civilization The prolific achievements of Shi i theologians philosophers and others are testament to the spiritual and intellectual wealth of this community Yet Shi i studies has unjustly remained a long neglected field despite the important contribution that Shi ism has made to Islamic traditions Only in recent decades partially spurred by global interest in political events of the Middle East have scholars made some significant contributions in this area The Study of Shi i Islam presents papers originally delivered at the first international colloquium dedicated exclusively to Shi i studies held in 2010 at The Institute of Ismaili Studies London Within the book are eight sections namely history the Qur an and its Shi i interpretations hadith law authority theology rites and rituals and intellectual traditions and philosophy Each section begins with an introduction contextualizing the aspects of studying Shi i Islam particular to its theme before going on to address topics such as the state of the field methodology and tools and the primary issues with which contemporary scholars of Shi i studies are dealing The scope and depth here covered makes this book of especial interest to researchers and students alike within the field of Islamic studies The volume benefits from the diverse expertise of nearly 30 world class scholars including Mohammad Ali Amir Moezzi Meir M Bar Asher Farhad Daftary Daniel De Smet Gerald R Hawting Nader El Bizri Etan Kohlberg Wilferd Madelung Andrew Newman Ismail K Poonawala Sabine Schmidtke and Paul E Walker

Islamic Britain Philip Lewis,2002-03-29 From the 1980s Britain s large Muslim community a long established but little noticed group suddenly became visible as controversies involving the education and dress of Muslim schoolgirls the Rushdie affair and the Gulf War excited huge media interest Caricatures and misconceptions began to spread and with political Islam on the march in many Middle Eastern countries fears of British Muslims becoming a bridgehead in the West for the establishment of an Islamic theocracy began to loom in the popular imagination How do British Muslims really think about themselves about their religion and their politics What dilemmas do they face as they give up the myth of return that sustained first generation

immigrants and struggle to define a British Islam In this important book the first major study of British Muslims Philip Lewis deals with the reality behind distorted media images through a rich first hand account of the Muslim community in Bradford the city which became the epicentre of British Muslim anger and resistance to The Satanic Verses **Encyclopedia of Islamic Civilisation and Religion** Ian Richard Netton,2013-12-19 The Encyclopedia of Islamic Civilization and Religion provides scholarly coverage of the religion culture and history of the Islamic world at a time when that world is undergoing considerable change and is a focus of international study and debate The non Muslim world s perceptions of Islam have often tended to be dominated by unrepresentative radical extremist movements and media interpretations of events involving such movements to the extent that many people are unaware of the depth and variety of Islamic thought At the same time many who have had a formal training in Islamic studies have tended to concentrate on the traditional to the exclusion of the contemporary The Encyclopedia of Islamic Civilization and Religion covers the full range of Islamic thought in historical depth but it also provides substantial coverage of contemporary trends across the Muslim world With well over a thousand entries on Islamic theology history arts science law and institutions and coverage of Islam in individual countries and cities around the world the Encyclopedia of Islamic Civilization and Religion provides an extremely rich resource for students and researchers in religious studies and Middle Eastern studies Entries are cross referenced and bibliographies are provided There is a full index Routledge published The Qura n An Encyclopedia in 2005 an excellent companion to the Encyclopedia of Islamic Civilization and Religion **Borrowed Imagination** Samar Attar,2014-02-19 Borrowed Imagination The British Romantic Poets and Their Arabic Islamic Sources examines masterpieces of English Romantic poetry and shows the Arabic and Islamic sources that inspired Coleridge Wordsworth Blake Shelley Keats and Byron when composing their poems in the eighteenth or early nineteenth century Critics have documented Greek and Roman sources but turned a blind eye to nonwestern materials at a time when the romantic poets were reading them The book shows how the Arabic Islamic sources had helped the British Romantic Poets not only in finding their own voices but also their themes metaphors symbols characters and images The British Romantic Poets and Their Arabic Islamic Sources is of interest to scholars in English and comparative literature literary studies philosophy religion government history cultural and Middle Eastern studies and the general public *Spiritual Care in Nursing Practice* Kristen L. Mauk,Nola A. Schmidt,2004 Focusing on spirituality as an inherent component of effective nursing care this text presents an unbiased view of the nature of human spirituality apart from religion The text offers a unique interdisciplinary and inter religious perspective representing a range of Eastern and Western religious traditions while addressing lifespan considerations and belief systems within the nursing process framework Readable interactive chapters apply the content clinically and highlight timely research on spirituality and health Each chapter includes case studies critical thinking questions and personal reflection questions Website references are also included **The Shi'i Islamic Martyrdom Narratives of Imam al-Ḥusayn** Muhammad-Reza Fakhri-Rohani,2023-06-14

Martyrdom narratives maqtals represent a prominent genre of Islamic particularly Shi'i literature. In this genre the heart-rending aspects of the martyrdom scenes of religiously prominent people are depicted graphically. Although not exclusively limited to the martyrdom accounts of Imam al-usayn and his companions who were martyred on the plain of Karbala, Iraq, a great majority of Islamic martyrdom narratives deal with the Ashura episodes. As the first book-length treatment of this genre in English, this text takes the reader from the dawn of Islam in ancient Arabia, exploring the background of the Battle of Karbala and giving a view of the various maqtals and several related studies. Although examining Arabic and Persian sources, this book presupposes little background knowledge on the part of the reader.
