Mystical Moments and Unitive Thinking Dan

Merkur, 1999-02-11 Merkur proposes an alternative to the traditional psychoanalytic explanation of mystical experiences as regression to the solipsism of earliest infancy. He does this by viewing unitive thinking as a line of cognitive development and mystical moments as creative inspirations on unitive topics. Utilizing classical self-reports by Christian, Jewish, and Muslim mystics, Patanjali's Yoga Sutras, and modern Western peak experiences, Merkur argues that experiences of mystical union are manifestations of a broader category of psychological processes that manifest in scientific and moral thought as well as in mysticism. Unconscious as well as conscious unitive thinking is sometimes realistic and sometimes fantastic in patterns that are consistent with cognitive development in general. Mystical moments of unitive thinking may be considered moments of creative inspiration that happen to make use of unitive ideas. Building on the psychoanalytic object relations theory that the self is always in relationship with an object, Merkur argues that the solipsism of some varieties of mystical union always implies unconscious ideas of a love object who is transcendent. *The Encyclopedia of Cults, Sects, and New Religions*

James R. Lewis, 2001-03 Surpassing the scope and the thoroughness of the first edition, this new edition of *The Encyclopedia of Cults, Sects, and New Religions* is the most wide-ranging and accessible resource on the historically significant and more obscure sinister and bizarre religious groups. Including many entries by scholarly specialists, this volume explains more than 1,000 diverse groups and movements from such well-known sects as the Branch Davidians, Aum Shinrikyo, and Heaven's Gate to obscure groups like Ordo Templi Satanas, Witches International, and the Nudist Christian Church of the Blessed Virgin Jesus. In addition to an exhaustive index and handy cross-references, the second edition includes over a hundred new topical entries on subjects relevant to understanding sectarian movements from snake handling and satanic ritual abuse to brainwashing and exorcism. This book, a must for all libraries and schools, will endure as the first and only point of reference for researchers, scholars, students, and anyone interested in fringe religious groups. **Catalog of Copyright Entries. Third Series**

Library of Congress. Copyright Office, 1977 **Thinking Spiritually in Small Groups** Dann Wigner, 2022-05-09 Mystical experiences are happening every day yet as amazing as the experiences can be, it is often difficult to integrate these experiences into the rest of life. In light of this difficulty, I have created mystical reflection as a simple method for sharing one's own mystical experiences in a group setting and listening to the experiences of others in a non-judgmental way. The theological principle at work here is that if God speaks, then everyone can benefit from it. Mystical reflection takes this principle seriously and offers a method of application for integrating the spiritual insights into each person's spirituality.

The Essential Guide to Possession, Depossession, and Divine Relationships Paxson, Diana L., 2015-03-01

Bestselling author of several fantasy novels including *Marion Zimmer Bradley's Ancestors of Avalon*, Diana L. Paxson now turns her attention to Trance Possession. Specifically, how to safely and effectively enter and to exit possessory trance. In

possessory trance one voluntarily offers one's body as a vehicle for spirit work This differs from other forms of trance in that one's normal personality is replaced by a personality that is identified by oneself and one's community as a spirit or a god Here Paxson explores all aspects of trance possession including how to prepare for possessory trance how to enter and exit trance possession safely and what to do if things get too heavy connecting with Saints and Spirits including those found in Afro Diasporic religions A practical book of particular interest to witches and pagans each chapter includes two to five exercises that will assist you in your personal experiences with possession *The Art of Mystical Narrative* Eitan P. Fishbane, 2018-11-22 In the study of Judaism the Zohar has captivated the minds of interpreters for over seven centuries and continues to entrance readers in the modern day Yet despite these centuries of study very little attention has been devoted to the literary dimensions of the text *The Art of Mystical Narrative* argues that the Zohar story must be understood first and foremost as a work of the fictional imagination *The Seven Mystic Sounds* Helena Petrovna Blavatsky, 2017-10-28 1 The first is like the nightingale's sweet voice chanting a song of parting to its mate 2 The second comes as the sound of a silver cymbal of the Dhyani awakening the twinkling stars Our body is an Aeolian harp chorded with two sets of strings one made of pure silver the other of catgut 3 The next is as the plaint melodious of the ocean sprite imprisoned in its shell It is the Voice of Divine Wisdom and last word of the Secret Doctrine 4 And this is followed by the chant of Vina attuning fellow disciples to the harmonies of Wisdom Even the memory of the sleeper is like the seven stringed Aeolian harp his mind sweeping over the chords 5 The fifth like sound of bamboo flute shrills in thine ear bestowing knowledge of the awful mysteries and priceless secrets of initiation 6 It changes next into a trumpet blast beckoning the Dragon of Esoteric Wisdom to come out of Darkness 7 The last vibrates like the dull rumbling of a thunder cloud When the six are slain and at the Master's feet are laid then is the pupil merged into the One becomes that One and lives therein The seventh swallows all the other sounds they die and then are heard no more The two Opposing Forces are finally harmonised The freed Spirit rises to its former glory The Great Serpent uncoils Only Sat remains The Higher Self is swallowed up by the Great Serpent the lower disappears forever *Mysticism* Evelyn Underhill, 2018-11-01 *Mysticism* is one of most celebrated books on the subject The spirit of the book is romantic engaged and theoretical rather than historical or scientific Underhill has little use for theoretical explanations and the traditional religious experience formal classifications or analysis She dismisses William James pioneering study *The Varieties of Religious Experience* 1902 and his four marks of the mystic state ineffability noetic quality transience and passivity Excerpt All men at one time or another have fallen in love with the veiled Isis whom they call Truth With most this has been a passing passion they have early seen its hopelessness and turned to more practical things But others remain all their lives the devout lovers of reality though the manner of their love the vision which they make to themselves of the beloved object varies enormously Some see Truth as Dante saw Beatrice an adorable yet intangible figure found in this world yet revealing the next **Quantum Spirituality** Peter Canova, 2023-01-31 Reveals how
