

Ship Of State

Yicheng Fang

Ship Of State:

The Ship of State Norma Thompson, 2008-10-01 This provocative and illuminating book provides a new perspective on the development of political thought from Homer to Machiavelli Tocqueville and Gertrude Stein who is introduced here for the first time as a writer of political significance Providing nuanced readings of key texts by these and other thinkers Norma Thompson locates a powerful theme that the political health of organized political communities from the ancient polis to the modern state to contemporary democracy requires a balance between masculine and feminine qualities Although most critics view the Western tradition as a progression away from misogyny and toward rights for women Thompson contends that the need for balance in the political community was well understood in earlier eras Only now has it been almost entirely overlooked in our focus on surface indications of strict gender equality Thompson argues that political rhetoric must once again promote the reconciliation of masculine and feminine forces in order to achieve effective politics and statecraft

Rocking The Ship Of State Adrienne Harris, Ynestra King, Carol Cohn, 2019-07-11 This book considers the experience of women as children and as mothers and feminist critiques of gender as important sources of insight into the conduct dynamics and motivation of a feminist peace politics examining the history the scope and the current condition of women's peace movements
