U.S. Navy Thomas J Cutler, 2017-02-15 Military ways can be enigmatic resulting in an alien world where acronyms often replace words and where 1330 is a time of day Add to that the Navy is not only military it is nautical which adds centuries of sea going terminology and practices to the confusion While the young men and women who sign on to become sailors in the United States Navy receive extensive indoctrination and training their parents do not As their sons and daughters are becoming uniformed the parents remain uninformed This book is both a translation manual and a cultural guide to their son s or daughter s chosen new world Alongside chapters covering uniforms ranks ships and aircraft are explanations and

guidance as to what to expect when their child first joins the Navy the many benefits their sailor will enjoy and what families should bring and do when visiting their sailors in their new and somewhat alien world Designed to be an easy read as well as a useful reference work *The Parent's Guide to the U S Navy* is essential reading for those parents whose children have chosen to go down to the sea in ships *Hearings on Military Posture and H.R. 5068 [H.R. 5970], Department of Defense Authorization for Appropriations for Fiscal Year 1978, Before the Committee on Armed Services, House of Representatives, Ninety-fifth Congress, First Session: Military posture and H.R. 5068* United States. Congress. House. Committee on Armed Services,1977 Next War John F. Antal,2023-09-28 a useful addition to the literature of the changing character of war Its scoping and focus and its application of the identified disruptors to current challenges offer immediate insights for today's commanders and defence policymakers *The Wavell Room* The nature of war is constant change We live in an era of exponential technological acceleration which is transforming how wars are waged Today the battlespace is transparent multi domain sensors can see anything and long range precision fire can target everything that is observed Autonomous weapons can be unleashed into the battlespace and attack any target from above hitting the weakest point of tanks and armored vehicles The velocity of war is hyper fast Battle shock is the operational informational and organizational paralysis induced by the rapid convergence of key disrupters in the battlespace It occurs when the tempo of operations is so fast and the means so overwhelming that the enemy cannot think decide or act in time Hit with too many attacks in multiple domains all occurring simultaneously the enemy is paralyzed In short the keys to decisive victory in war is to generate battle shock Imagine a peer fight against Communist China a new war in Europe against a resurgent Russia or a conflict against Iran in the Middle East How can our forces survive an enemy first strike in these circumstances Can we adapt to the ever accelerating tempo of war Will our forces be able to mask from enemy sensors How will leaders execute command and control in a degraded communications environment Will our command posts survive Will our commanders see and understand what is happening in order to plan decide and act in real time This book addresses these tough questions and more *Defense Industry Bulletin* ,1965
