Shirleys Wonderful Baby:

Shirley's Wonderful Baby Valiska Gregory, 2002-09-17 Everything Shirley's new baby brother Stanley does is wonderful. Wonderful that is to everyone except for Shirley. What's so special about a baby that looks like a prune, has legs like a turkey and drools? Only Ms Mump, the baby sitter, agrees that babies aren't that interesting, especially with their wet diapers, burping and constant need for attention. But then Ms Mump and Shirley discover that being Stanley's big sister is what's most wonderful of all. *Nominations of Shirley S. Chater, Maurice B. Foley, and Juan F. Vasquez* United States. Congress. Senate. Committee on Finance, 1995 **Baby Boomer** Gerard Thompson, 2013-09-13 Ask any Baby Boomer and they will tell you they were the best years of our lives. Despite the Cold War, the Atomic and Hydrogen Bombs, the Cuban Missile Crisis, Korea and Vietnam, and oh, a ferociously funny mother, the late 1940s, 50s and early 60s were Boomer Halcyon Days. **Baby Boomer Tales of a Boomer Childhood at the Arse End of the World** is an Australian Baby Boomer story that will delight in its memories of long summer days and personal freedom that people today can only dream about. Boomer youngsters were able to run and play without supervision almost anywhere with no concerns other than playing and enjoying friends and family. It also honours parents and a simpler time and highlights those awkward growing and changing years. Self-deprecating Gerard Thompson is a journalist who grew up in Hobart, Tasmania, at the bottom of Australia. Today he recalls those memories from more tropical climes, South East Queensland. If you are a Baby Boomer, you will love the memories this read will reignite. If you are from another generation, it will tell you about a precious time in our modern evolution. You will love this light-hearted, funny read about one Baby Boomer's unusual story. *Annual Report of the Children's Hospital ...* Children's Hospital (Boston, Mass.), 1890 **Shirley's Wonderful Baby** Valiska Gregory, 1999-12-01 **Annual Report** Children's Hospital (Boston, Mass.), 1882 *Modern Messages from Green Gables on Loving, Living and Learning* Robert V. Smith, 2021-10-20 Many people have read and been inspired by the Anne of Green Gables novels. However, few may know very much about the extraordinary intuition, brilliance, creativity and productivity of the Anne author, Lucy Maud Montgomery, 1874-1942. Fewer still may understand how Montgomery was much ahead of her time as a feminist and an advocate for women's roles in society as reflected in her writings and life story. This book encourages readers to imagine how Montgomery's life experiences influenced the life of Anne and consider how these real and imaginary lives offer messages for 21st-century men and women, their loving living and lifelong learning. It offers such understanding by revivifying Anne a little more than 100 years after she left her literary existence in 1919 to portray her life story fundamentally tied to loving. The revivified Anne and her physician husband, Gilbert Blythe, review the life challenges and triumphs of their creator and how Montgomery's example might offer messages for us on living and learning. Anne and Gilbert know that Montgomery was a keen observer of others akin to many of the characters in her books. They describe how Montgomery imaginatively captured the essence of the people around her. The associations include not only the benevolent individuals on her beloved Prince Edward Island and in

Ontario Canada but also the bigotry sexual repression and small mindedness common in the late nineteenth and early twentieth centuries The revived Ann and Gilbert in this book illuminate Anne's and Montgomery's lives that portray integrity tolerance compassion generosity perseverance and graciousness even in times of personal adversity When these traits are combined with lifelong learning creativity and a dedication of service to humanity we realize enduring messages for all members of the global community in our modern times
