Slijepcevic, 2023-05-18 2024 Nautilus Book Award Gold Medal Winner *Restorative Earth Practices* A brilliant book that shows a way out of the destructive trap of Anthropocentric arrogance Vandana Shiva author of *Terra Viva* An unusually thought provoking and ambitious book Dr James A Shapiro author of *Evolution A View from the 21st Century* *Biocivilisations* is an important original rethinking of the mystery of life and its deep uncertainty exploring the complex civilisations that existed on Earth long before humans What is life Many scientists believe life can be reduced to mechanistic factors such as genes and information codes Yet there is a growing army of scientists philosophers and artists who reject this view The gene metaphor is not only too simplistic but deeply misleading If there is a way to reduce life to a single principle that principle must acknowledge the creativity of life turning genetic determinism on its head The term biocivilisations is the acknowledgement of this uncertainty of life as opposed to a quasi certainty of the human position governed by a narrow time window of the scientific revolution Life existed without humans for more than 99

99 percent of the Earth's existence Life will also continue without humans long after our inevitable extinction In Biocivilisations Dr Predrag Slijep evi shows how bacteria amoebas plants insects birds whales elephants and countless other species not only preceded human beings but demonstrate elements of how we celebrate human civilisation complex communication agriculture science art medicine and more Humans must try to adopt this wisdom from other biocivilisations that have long preceded our own By rethinking the current scientific paradigm Dr Slijep evi makes clear that a transformation from a naive young species into a more mature species in tune with its surroundings will save us from our own violence and the violence we inflict on the rest of our living planet Read this book if you would like to understand the intelligence of living systems Dr Denis Noble University of Oxford
