Helsing, Johanna Ilmakunnas, 2025-10-28 This volume explores the practices of shopping in Europe during the long eighteenth century a period during which consumption choices expanded to encompass much larger groups than before Shopping functioned as an act of social distinction where retail practices not only reflected and reinforced social aspirations and identities but also were a means of creating relationships through shared information and exchanges Bringing together ten diverse case studies the collection provides in depth insights into the transformation of shopping practices across Western and Northern Europe The production of made to order goods gave way to a range of ready made objects that could be viewed browsed and touched in shops booths workshops and markets Together the chapters highlight a crucial historical nuance the concept of shopping as understood in England with its associations of pleasure and socialising did not exist in other major European languages during this period From actors in Stockholm to aristocrats in Paris this study rigorously contextualises the practice of consumption leaving readers with an enriched understanding of how shopping shaped identities and social relationships throughout eighteenth century Europe This collection is an essential resource for scholars students and non specialists interested in the material culture economy everyday life and social dynamics of Europe during the long eighteenth century **Shopping for Enlightenment** , 2017-06-24 **To Find and Wake the Dreamer** Hugh

Cook, 2005-12-01 A fast moving fantasy novel a no holds barred novel written on an adult level about the war on terror In the city state of Oolong Morblock where a certain proportion of the people have a natural ability to cause themselves to explode in effect making them potential suicide bombers Ibrahim Chess tries to find the middle road to steer a course of moderation and sanity in a world which is going mad and where the civil peace is threatened by the increasingly intolerant fanaticism of the conflict between the minority group to which Ibrahim belongs the astrals and the city state s dominant group the norms Note this book contains some disturbing scenes If you do not find something in this book to disturb you then you are a seriously disturbed person Are you a person of exquisite good taste Then sorry but you are disqualified as a reader This book pretty much takes the attitude that boundaries especially boundaries of taste are there to be breached You have been warned

**Shopping for Buddhas** Jeff Greenwald, 2014-08-12 Jeff Greenwald s classic travelogue follows his quest for the perfect Buddha statue At turns hilarious and moving his quest features a cast of amazing characters from a passionate palmist to a flying lama who provide unforgettable glimpses into the daily life and culture of the former kingdom including a wild ride on Kathmandu s very first escalator Greenwald doesn t shy away from Shangri la s darker side Along with colorful descriptions of Hindu and Buddhist mythology the book tells of the rampant corruption art smuggling assassination attempts and human right abuses that would ignite Nepal s violent People Power Revolution in April 1990 A new afterword by the author recounts

Nepal's tumultuous recent history including the massacre of the royal family in vivid detail And a new preface introduces this 25th anniversary edition with some thoughts about how Nepal and travel writing have evolved since the book's first publication Shopping for Buddhas remains a must read for anyone who has visited or plans to visit Nepal The Art of Spiritual Peacemaking James Twyman, 2012-06-01 A collection of sacred wisdom inspired by an encounter between James Twyman and Jeshua Ben Joseph also known as Jesus at Israel's Dead Sea in 2003 *Ten Spiritual Lessons I Learned At The Mall* , **Shopping Malls and Other Sacred Spaces** Jon Pahl, 2008-12-29 Christian historian Sidney Mead has observed In America space has played the part that time has played in older cultures of the world In Shopping Malls and Other Sacred Spaces Jon Pahl examines this provocative statement in conversation with what he calls the spatial character of American theology He argues that places are always imaginatively constructed by the human beings who inhabit them Sometimes this spatial theology works to our benefit other times it poses spiritual risks What happens when our banal clothing of the sacred violates our genuine need for comfort and intimacy Or when we remember that the fleeting pleasures of a shopping trip or a Disneyland escape are designed to fill someone else's pocket rather than the spiritual emptiness in our own hearts Pahl develops several ways to clothe the divine from within the Christian tradition He introduces a theology of place that reveals aspects of God's character through biblical metaphors drawn from physical spaces such as the true vine the rock and the living water Accessible and thought provoking this enlightening book provides a better grasp of our particularly American way of lending religious significance to spaces of all kinds Making Life Meaningful Lama Zopa Rinpoche, 2001 The Lama Yeshe Wisdom Archive LYWA is the collected works of Lama Thubten Yeshe and Kyabje Lama Thubten Zopa Rinpoche The Archive was founded in 1996 by Lama Zopa Rinpoche its spiritual director to make available in various ways the teachings it contains In this book Lama Zopa Rinpoche gives us the answer to the perennial question of how to integrate Dharma with our daily lives not only Dharma but the best Dharma bodhicitta the determination to attain enlightenment for the sake of all sentient beings It contains a public talk explaining the purpose of life in general and the practice of guru devotion a wide array of techniques for transforming ordinary actions into causes for enlightenment and advice on establishing a daily practice By putting these precious teachings into practice beginners and advanced students alike will truly be able to make the lives highly meaningful *The Inquisitor in the Hat Shop* Federico Barbierato, 2016-03-03 Early modern Venice was an exceptional city Located at the intersection of trade routes and cultural borders it teemed with visitors traders refugees and intellectuals It is perhaps unsurprising then that such a city should foster groups and individuals of unorthodox beliefs whose views and life styles would bring them into conflict with the secular and religious authorities Drawing on a vast store of primary sources particularly those of the Inquisition this book recreates the social fabric of Venice between 1640 and 1740 It brings back to life a wealth of minor figures who inhabited the city and fostered ideas of dissent unbelief and atheism in the teeth of the Counter Reformation The book vividly paints a scene filled with craftsmen friars and priests booksellers

apothecaries and barbers bustling about the city spaces of sociability between coffee houses and workshops apothecaries and barbers shops from the pulpit and drawing rooms or simply publicly speaking about their ideas To give depth to the cases identified the author overlays a number of contextual themes such as the survival of Protestant or crypto Protestant doctrines the political situation at any given time and the networks of dissenting groups that flourished within the city such as the free metaphysicists who gathered in the premises of the latter Bortolo Zorzi In so doing this rich and thought provoking book provides a systematic overview of how Venetian ecclesiastical institutions dealt with the sheer diffusion of heterodox and atheistical ideas at different social levels It will be of interest not only to scholars of Venice but all those with an interest in the intellectual cultural and religious history of early modern Europe
