No Shortcuts to the Top Ed Viesturs, David Roberts, 2007-11-27 NATIONAL BESTSELLER This gripping and triumphant memoir from the author of *The Mountain* follows a living legend of extreme mountaineering as he makes his assault on history one 8 000 meter summit at a time From the drama of the peaks to the struggle of making a living as a professional climber to the basic how tos of life at 26 000 feet *No Shortcuts to the Top* is fascinating reading Aron Ralston author of *Between a Rock and a Hard Place* and subject of the film *127 Hours* For eighteen years Ed Viesturs pursued climbing s holy grail to stand atop the world s fourteen 8 000 meter peaks without the aid of bottled oxygen But *No Shortcuts to the Top* is as much about the man who would become the first American to achieve that goal as it is about his stunning quest As Viesturs recounts the stories of his most harrowing climbs he reveals a man torn between the flat safe world he and his loved ones share and the majestic and deadly places where only he can go A preternaturally cautious climber who once turned back 300 feet from the top of Everest but who would not shrink from a peak Annapurna known to claim the life of one climber for every two who reached its summit Viesturs lives by an unyielding motto Reaching the summit is optional Getting down is mandatory It is with this philosophy that he vividly describes fatal errors in judgment made by his fellow climbers as well as a few of his own close calls and gallant rescues And for the first time he details his own pivotal and

heroic role in the 1996 Everest disaster made famous in Jon Krakauer's *Into Thin Air*. In addition to the raw excitement of Viesturs's odyssey, *No Shortcuts to the Top* is leavened with many funny moments revealing the camaraderie between climbers. It is more than the first full account of one of the staggering accomplishments of our time; it is a portrait of a brave and devoted family man and his beliefs that shaped this most perilous and magnificent pursuit.

Chinese Recorder and Missionary Journal, 1904 **The Chinese Recorder and Missionary Journal**, 1896 Pirates and Publishers Fei-Hsien Wang, 2022-06-07

A detailed historical look at how copyright was negotiated and protected by authors, publishers, and the state in late imperial and modern China. In *Pirates and Publishers*, Fei Hsien Wang reveals the unknown social and cultural history of copyright in China from the 1890s through the 1950s, a time of profound sociopolitical changes. Wang draws on a vast range of previously underutilized archival sources to show how copyright was received, appropriated, and practiced in China within and beyond the legal institutions of the state. Contrary to common belief, copyright was not a problematic doctrine simply imposed on China by foreign powers with little regard for Chinese cultural and social traditions. Shifting the focus from the state legislation of copyright to the daily on-the-ground negotiations among Chinese authors, publishers, and state agents, Wang presents a more dynamic, nuanced picture of the encounter between Chinese and foreign ideas and customs. Developing multiple ways for articulating their understanding of copyright, Chinese authors, booksellers, and publishers played a crucial role in its growth and eventual institutionalization in China. These individuals enforced what they viewed as copyright to justify their profit, protect their books, and crack down on piracy in a changing knowledge economy. As China transitioned from a late imperial system to a modern state, booksellers and publishers created and maintained their own economic rules and regulations when faced with the absence of an effective legal framework. Exploring how copyright was transplanted, adopted, and practiced, *Pirates and Publishers* demonstrates the pivotal roles of those who produce and circulate knowledge.

The Politics of Language in Chinese Education Elisabeth Kaske, 2008

Viewing education as the central battleground over the status of language, this book investigates the language policies of various social agents in early 20th-century China and offers a comprehensive and fascinating analysis of the emergence of China's national language.

New Chinese Cinema Sheila Cornelius, Ian Haydn Smith, 2002

New Chinese Cinema: Challenging Representations examines the search for roots in films that emerged from China in the aftermath of the Cultural Revolution. The authors contextualise the films of the so-called Fifth Generation directors who came to prominence in the 1980s and 1990s, such as Chen Kaige, Zhang Yimou, and Tian Zhuangzhuang. Including close analysis of such pivotal films as *Farewell My Concubine*, *Raise the Red Lantern*, and *The Blue Kite*, the book also examines the rise of contemporary Sixth Generation underground directors whose themes embrace the disaffection of urban youth.
