Louise Bourgeois, 1993 **The Creative Feminine and her Discontents** Juliet Miller, 2018-04-24 The Creative Feminine and her Discontents Psychotherapy Art and Destruction is a look at creativity from a woman s perspective By looking at artistic endeavour mothering and psychotherapeutic relationships Juliet Miller considers how a patriarchal world distorts the channels through which women discover their own creative voices She argues that the dynamics of female creativity are more multi layered and conflicted for women for a variety of historical cultural and archetypal reasons and suggests that an attack on the creative feminine has been exacerbated by the history and teaching of psychoanalysis and psychotherapy Miller looks to the artistic community to discover new ways for the creative feminine to grow and assesses how ideas of destruction and anarchy are crucial for the expression of a feminine self The work of two contemporary sculptors Cornelia Parker and Louise Bourgeois is explored to show how there can be authentic relationships to creativity through the ideas of deconstruction and reconstruction in their work This book will interest psychotherapists and analysts and both women and men interested in their own relationship to their creativity Ageless Soul Thomas Moore, 2017-10-10 Ageless Soul will teach readers how to embrace the richness of experience and how to take life on accept invitations to new vitality and feel fulfilled as they get older Thomas Moore is the renowned author of Care of the Soul the classic 1 New York Times bestseller In Ageless Soul Moore reveals a fresh optimistic and rewarding path toward aging one that need not be feared but rather embraced and cherished In Moore s view aging is the process by which one becomes a more distinctive complex fulfilled loving and connected person Using examples from his practice as a psychotherapist and teacher who lectures widely on the soul of medicine and spirituality Moore argues for a new vision of aging as a dramatic series of initiations rather than a diminishing experience one that each of us has the tools experience maturity fulfillment to live out Subjects include Why melancholy is a natural part of aging and how to accept it rather than confuse it with depression The vital role of the elder and mentor in the lives of younger people The many paths of spiritual growth and learning that open later in life Sex and sensuality Building new communities and leaving a legacy

Crazy Age Jane Miller, 2010-09-02 Ever since I have inhabited old age I have looked and listened mostly in vain for news of what it is like for others who inhabit it too Naturally I m interested in its well known depredations the physical and mental ones that people in their forties and fifties so publicly dread And who would not delight in the theatrical props of old age the pills and sticks the

shrieking hearing aids and the tricks for countering the loss of names and threads and glasses But that's not all I have a fond hope that in old age there may be new kinds of time and of pleasure perhaps even new kinds of vitality and that though we forget and muddle and fail to hear things there may be moments when we truly understand what's going on for the first time But then I've always been a late developer Deeply thoughtful wry and resilient this fascinating and absorbing book about growing older is a life enhancing look at what all of us if we are lucky can aspire to
