Love Lives Carol Dyhouse, 2021-02-11

The story of how women's lives, loves and dreams have been reshaped since 1950, the year of Walt Disney's *Cinderella* and a time when teenage girls dreamed of marriage, Mr Right and happy endings. *Cinderella* stories captured the imagination of girls in the 1950s when dreams of meeting the right man could seem like a happy ending, a solution to life's problems. But over the next fifty years, women's lives were transformed, not by the magic wand of a fairy godmother nor by marrying princes, but by education, work, birth control and feminism. However, while widening opportunities for women were seen as progress, feminists were regularly caricatured as man-haters, cast in the role of ugly sisters, witches or wicked fairies in the fairy tale. This book is about the reshaping of women's lives, loves and dreams since 1950, the year in which Walt Disney's film *Cinderella* gave expression to popular ideas of romance and at a time when marriage was a major determinant of female life chances and teenage girls dreamed of Mr Right and happy endings. It ends with the runaway success of Disney's *Frozen* in 2013, a film with relevance to very different times. Along the way, it illuminates how women's expectations and emotional landscapes have shifted, asking bold questions about how women's lives have been transformed since 1950. How have women's changing life experiences been mirrored in new expectations about marriage, intimacy and family life? How have new forms of independence through education and work and greater control over childbearing altered women's life ambitions? And were feminists right to believe that sexual equality would improve relationships between men and women?

Surviving the Hysterical Wife Conrad Riker, Do you feel like your wife is always testing you, making you feel inadequate and turning every conversation into a conflict? You're not alone. In this book, we will:

1. Reveal the hidden tactics women use to manipulate and control their men all while appearing innocent and defenseless.
2. Break down the science of mate testing and how women use it to judge your worth and suitability as a partner.
3. Provide practical strategies to cope with emotional manipulation and avoid getting caught in the web of a hysterical wife.
4. Expose the myths perpetuated by feminism and the gynocratic institutions that keep men shackled to women's whims and demands.
5. Teach you how to reclaim your power, identity and confidence to navigate the treacherous waters of modern relationships.
6. Show you that your experience is not unique and that countless men have faced the same challenges and emerged stronger and more resilient.
7. By applying these proven techniques, you will learn how to defend yourself against emotional terrorism and set healthy boundaries in your relationship.
8. As a result, you'll be better equipped to make informed decisions about whether to stay or leave a relationship plagued by a hysterical wife, based on your own needs and goals.
