Stafford, 2011-09-10 I have developed a super easy highly effective and instant results thought system called ThinkHappy ThinkHappy is based on thought technology the sacred teachings of the Pauline writings and based on the very fabric of our biological makeup known as neural networks or as I call it memory mapping that perform specific jobs Neural networks are neurons that associate or

connect to each other Connections are known as synapses or as I like to think of them behavioral buttons with the primary function of transmitting information signals Our memory mapping and behavioral buttons are key components of a two part system the central nervous system and the peripheral nervous system which controls behavior I call this two part system the habit habitat The Habit Habitat houses patterns and routines ThinkHappy is designed to re script reprogram and reverse negative patterns and routines within the habit habitat with positive scripts and programming by rehearsing beneficial behavior instead of detrimental behavior It incorporates the science and mechanics of happiness along with affirmations meditations life scenarios and benefits that allows a person to go on a mental journey of celebrating who they are in their thought life When this is successful one can manifest that very same celebration in their day to day life The fantastic aspect of ThinkHappy is that there are Nine Thought Paths to Happiness which a person can venture all nine daily Depending on preference you can also venture in a thought path per day for a series of nine days or a thought path per week for a series of nine weeks or even a thought path per month for a series of nine months Not only is ThinkHappy accessible it s time efficient requiring only nine minutes of reflection per day That s only fifty six minutes per week and three and a half hours per month ThinkHappy is uniquely designed with each short version affirmation to be repeated nine times for maximum results The number nine is the special key in this thought system as it symbolizes achievement in numerology The Nine Thought Paths to Happiness are Love Belief Truth Worth Good Inspiration Health Wealth and BIG No longer will people be able to push the right buttons to set you off in a negative way ThinkHappy targets your trigger buttons those negative behavioral buttons by simply asking you to ask yourself what are the things you can do to make yourself and others happier This is a simple but successful exercise that allows you to construct your habitat with nine transforming habits that over time will hardwire into your system becoming automatic day in and day out
