at Google refers to as The Singularity By accumulating the total of human knowledge and providing access to every aspect of human activity the Internet will supposedly achieve omniscience becoming the God of occultism or the Masonic All Seeing Eye of the reverse side of the American dollar bill

High Weirdness Erik Davis,2019-11-05 An exploration of the emergence of a new psychedelic spirituality in the work of Philip K Dick Terence McKenna and Robert Anton Wilson A study of the spiritual provocations to be found in the work of Philip K Dick Terence McKenna and Robert Anton Wilson High Weirdness charts the emergence of a new psychedelic spirituality that arose from the American counterculture of the 1970s These three authors changed the way millions of readers thought dreamed and experienced reality but how did their writings reflect as well as shape the seismic cultural shifts taking place in America In High Weirdness Erik Davis America s leading scholar of high strangeness examines the published and unpublished writings of these vital iconoclastic thinkers as well as their own life changing mystical experiences Davis explores the complex lattice of the strange that flowed through America s West Coast at a time of radical technological political and social upheaval to present a new theory of the weird as a viable mode for a renewed engagement with reality

Aleister Crowley Tobias Churton,2014-05-20 At last the unexpurgated true story of the amazing Aleister Crowley philosopher poet artists writer magus explorer parapsychology and spy Packed with fresh research and previously unpublished Crowleyana For 100 years Aleister Crowley s true achievements have been suppressed and his true character defaced in a campaign of vilification unparalleled in British history Until now Crowley s life has not been written it has been written over Tobias Churton is a world authority on Freemasonry Rosicrucianism and Gnosticism In writing Aleister Crowley he enjoyed complete access to all Crowley s restricted papers unpublished letters and personal diaries kept in a trust at London s Warburg Institute and in the Ordo Templi Orientis archives Ninety percent of the authentic material here has never before been published

Musings of a Thelemite Frater Da'Neos,2003-03-22 Although there are a few books on Thelema in print they are mostly by Crowley himself Some have said it is time for a contemporary to write on Thelema To those Da Neos has answered For him the story did not end in 1947 and he represents the forefront of the new Thelemic movement Da Neos is that first brave soul who dares write where others keep silent He is anything but timid or apologetic Although he looks at Thelema in light of the 21st century he stays true to the original ideas of Crowley Da Neos writes about how he came to write this book in spiritual terms He describes how he came to dedicate himself to a spiritual life and the various systems of belief that he examined and lived through before coming to Thelema It is a story of becoming including the ramifications for holding certain ideas He is the first Thelemic author to fully write about the Three Aeons a subject that has been left in pitiful shape for many years Da Neos examines the current of spiritual development that has advanced through history and how this spiritual current has been materialized through exoteric belief systems Da Neos describes what conversation with the Holy Guardian Angel is truly like Even Crowley himself only hints at it He describes in a gripping narrative of how he came to find his True Self and the results of that finding This is only a small sampling of the

many areas Da Neos covers He goes on to write in detail on Thelemic ritual the entire development of the Kabbala examinations of the true force behind Christianity and much more **The Demons of Tiamat, the New Gods and the Exploration of the Nightside** Ardashir Frequency 435,2012-09-12 The Occult Nineteenth Century Lukas Pokorny,Franz Winter,2021-01-09 The nineteenth century witnessed a proliferation of alternative religious currents and practices appropriating earlier traditions entangling geographically distinct spiritual discourses and crafting a repository of mindscapes eminently suitable to be accommodated by later generations of thinkers and practitioners Penned by specialists in the field this volume examines important themes and figures pertaining to this occult amalgam and its resonance into the twentieth century and beyond Global guises of the occult ranging from the Americas and Europe to India are variously addressed with special attention to the crucial role of mesmerism and the origins of modern yoga The Abcedrian System Rev. Gretchen A.L. Schork, OCL:AL,2019-07-04 For a long time we have been dependent on other cultures to find alphabetic magic for our own lives In this book a system is presented that will accomodate every magical technique used with the other alphabets but using the familiar American alphabet that we all know and use daily This is a complete handbook for the system All the parts are described and illustrated for those who wish to explore this new way of bringing magic into the magical practice While a lot remains to be published in the specifics that are mentioned this book will give you all the tools to work with the system If you prefer to apply your own magical alphabet to the system you can Correspondences are provided in the Appendix But here is a way to work with a language you know with letters you are already acquainted with in a variety of ways that are new
