Routledge Handbook of Cultural Landscape Practice Steve Brown, Cari Goetcheus, 2023-02-14 Cultural landscapes which in the field of heritage studies and practice relates to caring for and safeguarding heritage landscapes is a concept embedded in contemporary conservation Heritage conservation has shifted from an historical focus on buildings city centres and archaeological sites to encompass progressively more diverse forms of heritage and increasingly larger geographic areas embracing both rural and urban landscapes While the origin of the idea of cultural landscapes can be traced to the late 19th century Euro American scholarship it came to global attention after 1992 following its adoption as a category of site by the UNESCO World Heritage Committee Today cultural landscape practice has become increasingly complex given the expansion of the values and meanings of heritage the influence of environmental challenges such as human induced climate change technological advancements and the need to better understand and interpret human connections to place and landscapes The aim of this handbook is to strike a balance between theory and practice which we see as inseparable while also seeking to achieve a geographical spread disciplinary diversity and perspectives and a mix of authors from academic practitioner management and community backgrounds

The Storied Landscape of Iroquoia Chad L. Anderson, 2020-05-01 The Storied Landscape of Iroquoia explores the creation destruction appropriation and enduring legacy of one of early America's most important places the homelands of the Haudenosaunees also known as the Iroquois Six Nations Throughout the late seventeenth eighteenth and early nineteenth centuries of European colonization the Haudenosaunees remained the dominant power in their homelands and one of the most important diplomatic players in the struggle for the continent following European settlement of North America by the Dutch British French Spanish and Russians Chad L Anderson offers a significant contribution to understanding colonialism intercultural conflict and intercultural interpretations of the Iroquoian landscape during this time in central and western New York Although American public memory often recalls a nation founded along a frontier wilderness these lands had long been inhabited in Native American villages where history had been written on the land through place names monuments and long remembered settlements Drawing on a wide range of material

spanning more than a century Anderson uncovers the real stories of the people Native American and Euro American and the places at the center of the contested reinvention of a Native American homeland These stories about Iroquoia were key to both Euro American and Haudenosaunee understandings of their peoples pasts and futures For more information about The Storied Landscape of Iroquoia visit storiedlandscape.com **The American Landscape** Stephen F. Mills, 2013-12-19

American landscapes are some of the best known images in the world we recognize Niagara Falls the Grand Canyon the Manhattan skyline and the streets of San Francisco in a thousand advertisements and TV shows But how have these places come to be as they are and why are some places familiar while others are quite unknown The American Landscape introduces the reader to the changing face of the American environment tracing the way in which the present array of forests and farms parks and superhighways cities and suburbs have come about and how these changes have been thought about painted turned into movie sets etc Wonders of the World ,1873
