Jerome Bixby's The Man from Earth Richard Schenkman,2008 Richard Schenkman 6m 3f Drama Unit Set After history professor John Oldman unexpectedly resigns from the University his startled colleagues impulsively invite themselves to his home pressing him for an explanation But they re shocked to hear his reason for premature retirement John claims he must move on because he is immortal and cannot stay in one place for more than ten years without his secret being discovered Tempers rise and emotions flow as John s fellow professors attempt

MAN FROM EARTH MADE FROM HEAVEN Robert Bellani,2014-03-03 The preacher begins the sermon by serving what is commonly known as the truth regarding our human makeup Our Body Soul and Spirit or Trichotomy After the serving of 2 scriptural passages used to support this teaching the preacher then presupposes other biblical references to support the game thereby winning the match But the games intended victory is spoiled and far from over The Trichotomist doesn t anticipate the referee of scriptural disclosure which will call the serve fault The problem with this presupposition is the two scriptures thought to be incidental to our human makeup They are not the passages incidental to our human makeup but rather make up part of the scriptural tradition and customary language used to identify and describe aspects of humanity Our humanity begins with the book of Genesis and extrapolates throughout the Bible I believe that the Trichotomist is scripturally out of bounds The purpose of this work is to clearly and scripturally demonstrate that we are not made up of three parts trichotomy but two dichotomy I am persuaded that visualising ourselves as separate states could result in restlessness and confusion This teaching is not scriptural in any way shape or form and has flavours added from ancient Egypt Persia and Greece If we are going to bother the church with teachings about our make up let s bring the biblical truth to the table One living being our spirit permeating every atom of the human body the tangible and intangible combination forming one being described in the book of Genesis as a Living soul Genesis 2 7

A Man From Planet Earth Giancarlo Genta,2015-08-26 Sometime in the not too distant future unbeknownst to Earth the Galaxy is home to a number of spacefaring societies This confederation enforces a strict protocol forbidding any contact with civilizations that have not yet achieved both a substantial spacefaring capability and sufficient maturity to control the technology explosion before

triggering their own extinction While this policy is intended to only bring in peaceful new members matters change entirely when the confederation is threatened by some unknown entity is the menace real or imagined The confederation decides to break with the rules and sends a delegate to Earth to hire one of the supposedly belligerent Earthlings to investigate and to revive the confederation s long unused starfleet The Earthman agrees but demands a high price should he succeed the confederation will have to accept Earth as a new member As the threat becomes ever more acute the question soon becomes which mission will prove harder saving the confederation or convincing it to accept the deal The extensive appendix written in non technical language reviews the scientific and technological topics underlying the plot ranging from the Fermi paradox space travel and artificial collective intelligence to theories on possible universal convergences in technological and biological development
