Mathematics Is God Silent:

Mathematics James Nickel, 2001-01-01 This book revolutionizes the prevailing understanding and teaching of math This book is a must for all upper level Christian school curricula and for college students and adults interested in math or related fields of science and religion It will serve as a solid refutation for the claim often made in court that mathematics is one subject which cannot be taught from a distinctively biblical perspective Back cover **Principles of Mathematics Book 1 (Student)** Katherine A. Loop, 2015-04-30 Discover how math applies to science art music daily life and more Apply what you are learning outside a textbook and see God's handiwork in math Focus is on multiplication division fractions decimals ratios percentages shapes basic geometry and more Math is a real life tool that points us to God and helps us explore His creation yet it often comes across as dry facts and meaningless rules Here at last is a curriculum that has a biblical worldview integrated throughout the text and problems not just added as an afterthought Students don't just learn how to manipulate numbers on paper but starting with arithmetic and laying the groundwork for geometry and algebra covered in year 2 this curriculum both firms up the foundational concepts and prepares students for upper level math in a logical step by step way that helps students understand concepts build problem solving skills and see how different aspects of math connect

Redeeming Science Vern S. Poythress, 2006 By delving into the intricate and immutable laws of nature as well as opposing beliefs the author presents a Christian response to science that urges the world to pay tribute to the God who created nature and cares for it Original **Revealing Arithmetic** Katherine Hannon, 2021-04-12 For years Christian math books have looked basically like secular textbooks with the addition of a Bible verse here or there Here at last is a book to help you transform your math class and show your child God's handiwork in math Revealing Arithmetic will help you Teach math from a biblical worldview Worship the Lord in math Help your child really understand concepts Train your child to think mathematically Transform everyday activities and objects into math lessons Teach your child to use math as a real life tool Explore historical methods and symbols This book is designed for homeschool parents needing a simple math guide to use alongside their curriculum and help them teach arithmetic to elementary students older students needing a review of math basics before moving on to advanced mathematics or Christian school or co op teachers or future teachers wanting ideas on how to modify the curriculum to better reveal the truth of a Creator God **Think Biblically (2nd edition)** John MacArthur, Abner Chou, 2025-03-24 23 Essays Demonstrate How God's Voice Guides Every Area of Life from Science and Economics to Marriage and the Arts What we think shapes who we are That's why the Bible tells us Do not be conformed to this world but be transformed by the renewal of your mind Romans 12:2a In a time of differing voices competing for our allegiance we must learn to think biblically so we can distinguish good from evil In this collection of essays John MacArthur and other teachers from the Master's College confront the false worldviews that dominate our postmodern world The authors provide models for cultivating a biblical mindset on worship psychology gender science education history government

economics and literature This second edition includes new chapters on hermeneutics mental illness complementarianism and Christian liberal arts Written for students as well as teachers and pastors Think Biblically helps us navigate today's culture with our thoughts and lives centered on Christ Biblical and Practical Edited by John MacArthur and Abner Chou these theologically profound essays guide readers to discern God's will and obey his word Comprehensive Covers a wide range of issues including psychology gender science education and economics Accessible A great resource for high school and college students as well as laypeople pastors and counselors Replaces ISBN 978 1 4335 0398 6 **The Debaters of This Age**

Steven H Propp, 2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks The Debaters of this Age is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time *MUS - Mathematimus - Hyperelliptical Geometry* Stenio Musich, 2024-03-25 M U S Mathematical Uniform Space is a new number of pi representing the reality of the Universe in which we live With this number we created a new geometry Hyperelliptical Geometry which will provide the unification of physics thus uniting the Theory of Relativity and Quantum Theory A new geometry for a new Mathematics and a new Physics ISBN 978 65 00 98107 0

Evangelical Theology Carisa A. Ash,2015-07-14 How God reveals himself is an important matter for Christians especially evangelicals For too long Carisa Ash contends evangelicals have rightly affirmed that God reveals through the created world but then they functionally neglect such revelation In this monograph Ash offers a corrective to this practice by presenting a theology of revelation that explores the commonalities between various forms of revelation world written and spoken word and Incarnate Word Particularly aimed at theologians interested in theological method Ash s study will also benefit people interested in faith and learning or interdisciplinary integration Ash argues that evangelicals must strive to align more closely their affirmations and their practice Her critique of current practices in theological method and integration along with the proposed theology of revelation are designed to help move the conversation forward Faith Reads David
