Zavala, 2017-11-08 Lara Zavala se propone iluminar nuestra comprensión de las intenciones de Cervantes al insertar varias novelas en el flujo de El Quijote señalando que hay ciertas correspondencias y que las novelas inscritas reflejan parte fundamental del pensamiento del autor El autor es maestro en Letras Hispánicas por la UNAM ha publicado varios libros de cuentos y novelas por las cuales ha recibido importantes premios Estas páginas constituyen una acuciosa investigación en torno a un tema inagotable la obra de Cervantes Se ha debatido largamente acerca del sentido y aun de la pertinencia de las diversas historias y narraciones intercaladas dentro de distintos pasajes de El Quijote optando algunos por negar la existencia de unidad en la obra mientras otros tratan de demostrar su coherencia esencial En el presente ensayo priva esta última convicción De acuerdo con su autor el fin primordial de Cervantes al incluir tales narraciones dentro de la obra es el tocar ciertos temas o aspectos que hubieran desaparecido de la estructura paródica que funge como columna vertebral de la novela Dichos temas son el amor la libertad y la imaginación que han constituido conceptos fundamentales en la cultura de Occidente De este modo Hernán Lara Zavala se propone iluminar nuestra comprensión de esa selva de invención como calificara Alfonso Reyes a El Quijote integrando las diversas novelas a la trama principal con la finalidad de percibir sus correspondencias y observar cómo reflejan una parte fundamental del pensamiento de Cervantes La presente obra es una versión corregida y aumentada de la primera edición de la UNAM Biblioteca de Letras de 1988 Una casa para el señor Biswas V.S. Naipaul, 2016-11-25 Considerada la obra más significativa del Premio Nobel de Literatura V S Naipaul esta novela

retrata la imposibilidad de los inmigrantes de integrarse en una cultura colonial y seguir manteniendo sus raíces Naipaul nos ofrece la historia de un hombre educado para pandit en su pequeña comunidad de Trinidad pero que no atiende esta llamada y acaba por aprender el oficio de periodista que al final fue incapaz de mantener. Pierde su empleo. Su vocación aparece y desaparece sin llegar a hacerse realidad. Tiene tendencia a ataques de letargia a apoyarse en la fortaleza de los demás a expresar su humillación con una conducta arisca. Pero su resentimiento colonial persiste su deseo de algo más de una casa de una historia. No deja de luchar contra el abyecto abrazo de la familia de su mujer. Adquiere casas, casas desvencijadas, insatisfactorias, mal construidas. Pero son suyas y en ellas es, si bien temporalmente inexpugnable. Reseña a La magnífica creación del señor Biswas es un verdadero tour de force. Resulta impresionante y cautivadora la serenidad y elegancia de su prosa y la amplitud y convicción de su pensamiento. Jos María Guelbenzu

Amores Y Otros Cuentos Degénero... Sida Andrea Saldaña, Andrea Saldaña, 2012-02. Sobre el libro. El libro es una propuesta literaria encaminada a visibilizar la perspectiva de género. Dentro de los cuentos hay reflexiones con y sin esta herramienta. Transcurren en diversas pocas con historias reales o ficticias. Sobresale el anhelo por lo perdido o a no encontrado sea el amor, la responsabilidad, la respuesta a las controversias en temas relevantes. Encuentros y desencuentros de los amantes o situaciones de crisis de agonía o de violencia, la mayoría desde la perspectiva de las vidas de las mujeres en cuyas aristas se adivina un sello que separa y atrae a los protagonistas en una cotidianidad que a veces pasa desapercibida. Por ello su rescate analítico y a veces sensual para ofrecer al lector la posibilidad de reflexión sobre las situaciones que impiden o favorecen los cambios culturales, dado que estos moldean el comportamiento de los personajes que en mucho se parecen a los de la vida real. The book is a literary proposal to make visible a gender perspective. Within the stories there are reflections with and without this tool. Elapse at different times with real or fictitious stories. stands out the yearning for the lost or still not found is love, responsibility, response to controversies in relevant topics. Encounters and misunderstandings of lovers or crisis situations of agony or violence, the majority from the perspective of the lives of women whose edges guess a seal that separates and attracts players in an everyday life that sometimes goes unnoticed. Therefore their rescue, playful and sometimes sensual analysis to provide the reader the possibility of reflection on situations that prevent or favour cultural changes given that they shape the behavior of the characters that greatly resemble real life.

Yo y los otros Antonio Malo, 2016-08-01. Al leer el título y el subtítulo de este libro tal vez algunos se sorprendan de que conceptos abstractos como la identidad y la relación tengan que ver no sólo con algo concreto y singular como la corporeidad humana sino también con aquello de lo que ella es condición, el yo, la fuente misma de la acción que revela a la persona. El presente ensayo describe con precisión la relación entre estas realidades en apariencia tan distantes, unas de otras, pues esta es la idea central del libro: el origen y el destino de la libertad humana se hallan en la relación con otras personas. Psicología, neurociencias y sociología son algunas de las disciplinas de las que se sirve

el autor **Acción política y mundo de la vida:** Julio César Vargas Bejarano, 2011-12-22 Este libro está conformado por una serie de artículos que giran alrededor de la acción política y de los conceptos centrales con que ella está asociada: historia, generatividad, mundo de la vida, político, autoridad, política, violencia, entre otros. Cada uno de ellos forma una unidad que intenta desarrollar el sentido y alcance de esos conceptos siempre en diálogo con los problemas centrales que plantea nuestra pensadora política. Así mismo, los artículos aquí reunidos no solo reconstruyen los conceptos y preguntas trabajados por Arendt sino que también explicitan los supuestos y perspectivas de sus descripciones y análisis y proponen el diálogo con otros pensadores que o bien le sirvieron como punto de referencia para sus reflexiones o bien son afines a su pensamiento político. Tal es el caso de Aristóteles, Benjamin Heidegger, Husserl, Levinas, Foucault, entre otros. Los escritos aquí publicados son producto del trabajo investigativo de la línea de investigación Agere del grupo Praxis adscrito al Departamento de Filosofía de la Universidad del Valle y corresponden al resultado del proyecto de investigación titulado Teoría de la acción política e historia en el pensamiento de Hannah Arendt.

MIS CONVERSACIONES CON ELLOS Cecilio Bol de Fabes, Pedro Miguel Murillo Rodríguez, 2010-11-09 Carlos, nuestro protagonista, fruto del desencuentro que mantiene con su pareja Dolores, busca entre filósofos, maestros, pensadores políticos y todo aquel hombre que ha dejado para la posteridad su visión sobre las mujeres una respuesta a sus preguntas con intención de llegar a entender a la propia a través del conocimiento de las demás. El libro que tienes entre tus manos podrá definirlo como una novela ficticia basada en sucesos reales, pues combina realidad con ficción. Es un libro en el que se refleja el pensamiento masculino para con la mujer a lo largo de casi 3000 años que no es poco. Es una reflexión políticamente incorrecta sobre el amor, la pasión, el hombre, la mujer, la religión, la política, la felicidad y la ausencia de la misma, de la vida y de la muerte, y sobre nuestros encuentros y desencuentros durante el camino que recorreremos juntos, hombres y mujeres. Filósofo al fin y al cabo, he procurado no omitir nada: lo bueno, lo regular y lo malo que de todo ha habido, a pocos dejar indiferente. Están ustedes avisados.

Historias de conceptos Reinhart Koselleck, 2023-10-16 El centro de la obra de Reinhart Koselleck lo ocupa la denominada historia de los conceptos, cuyo paradigma lo desarrolló en su calidad de historiador pensante como le llamara Hans Georg Gadamer, convirtiéndolo en fundamento del monumental diccionario *Conceptos*, históricos fundamentales editado junto con Otto Brunner y Werner Conze. La historia de los conceptos se dirige específicamente contra una historia de las ideas abstracta y se orienta hacia el estudio de los usos lingüísticos en la vida social, política y jurídica. Este enfoque es capaz de medir las experiencias y expectativas concretas en el punto de articulación entre las fuentes ligadas al lenguaje y la realidad política social. Los escritos reunidos en este volumen constituyen la parte más significativa del último legado intelectual de Koselleck. En ellos se narra la historia del mundo moderno a través de las historias de conceptos como revolución, crisis, ilustración, emancipación, Bildung y utopía. Se pone así de manifiesto el doble estatuto de estos conceptos: su función de indicadores y de factores del proceso histórico. El análisis semántico pragmático de

los conceptos hace visibles tanto las continuidades como los puntos de ruptura dentro de la historia social y cultural haciendo posible una forma propia de experiencia histórica la historia de los conceptos se convierte en un medio para la autoilustración histórica del tiempo presente **Origen de la Familia, Propiedad,...**el Friedrich Engels,2011
