Ricks, 2013-10-29 A New York Times bestseller An epic history of the decline of American military leadership from the bestselling author of Fiasco and Churchill and Orwell While history has been kind to the American generals of World War II Marshall Eisenhower Patton and Bradley it has been less kind to the generals of the wars that followed such as Koster Franks Sanchez and Petraeus In *The Generals* Thomas E Ricks sets out to explain why that is In chronicling the widening gulf between performance and accountability among the top brass of the U S military Ricks tells the stories of great leaders and suspect ones generals who rose to the occasion and generals who failed themselves and their soldiers In Ricks s hands this story resounds with larger meaning about the transmission of values about strategic thinking and about the difference between an organization that learns and one that fails [An "Unnecessary" War](#) Marshall William McMurran, 2008-09-22 An Unnecessary War is a researched readable account of the Korean Conflict told an Air Force Officer who served with the 3rd Bomb Wing Light Not until 1986 did the US Congress declare the Korean War to be a real war The cost in human and material loss in the three war years was huge Any gain is still difficult to assess Communism was halted but a grim totalitarian regime was left in place that is now a nuclear thorn in the side of the planet The book discusses in some detail the political and financial yes financial decisions made by UN and US political leaders leading to Chairman Mao s and Joe Stalin s approval of Kim Il Sung s ill considered crusade to invade the South Kim Il Sung was the grandfather of our present pesky North Korean Kim who seems to blame his self inflicted ills on America Most recounts of the Korean War are either biased or too detailed for the non military reader This book was written for the rest of us and contains hopefully unbiased judgmental information not available elsewhere in a single writing The book contents are set in chronological order with descriptions of major battles discussions of conflicts weaknesses and interplay of US commanders particularly the actions sometimes inexplicable of Douglas MacArthur It also contains a summary of casualties and losses orders of battle of both the US Army and USAF and descriptions of Communist forces committed at critical times Discussions of the efforts of other UN members particularly the British Commonwealth and Turkish forces give an insight to the contribution and sacrifices of our comrades in arms With access to USAF frag orders at the time the air war descriptions here are likely more accurate than in USAF published histories tending to glorify USAF contributions Post Korean War discussions with National Guard comrades with

*The Frozen Chosen* Thomas McKelvey Cleaver, 2016-07-28 Based on unpublished first hand accounts of the battle this is a dramatic retelling of the desperate Battle of the Chosin Reservoir where the heavily outnumbered US 1st Marine Division held off vastly superior Chinese forces before successfully withdrawing in good order In November 1950 The US 1st Marine Division was trapped in the Chosin Reservoir following the intervention of Red China in the Korean War Fought during the worst blizzard in a century the ensuing battle is considered by the United States Marine Corps to be the Corps' Finest Hour The soldiers who fought there would later become known as the Frozen Chosen This

incredible story is based on first hand interviews from surviving veterans telling of heroism and bravery in the face of overwhelming odds as a handful of Marines fought desperately against wave after wave of Chinese forces Sometimes forced into desperate hand to hand combat the fighting retreat from Chosin marked one of the darkest moments for Western forces in Korea but would go on to resonate with generations of Marines as a symbol of the Marine Corps dogged determination fighting skill and never say die attitude on the battlefield

*Valley of Death* Ted Morgan, 2010-02-23 Pulitzer Prize winning author Ted Morgan has now written a rich and definitive account of the fateful battle that ended French rule in Indochina and led inexorably to America's Vietnam War Dien Bien Phu was a remote valley on the border of Laos along a simple rural trade route But it would also be where a great European power fell to an underestimated insurgent army and lost control of a crucial colony Valley of Death is the untold story of the 1954 battle that in six weeks changed the course of history A veteran of the French Army Ted Morgan has made use of exclusive firsthand reports to create the most complete and dramatic telling of the conflict ever written Here is the history of the Vietminh liberation movement's rebellion against French occupation after World War II and its growth as an adversary eventually backed by Communist China Here too is the ill fated French plan to build a base in Dien Bien Phu and draw the Vietminh into a debilitating defeat which instead led to the Europeans being encircled in the surrounding hills besieged by heavy artillery overrun and defeated Making expert use of recently unearthed or released information Morgan reveals the inner workings of the American effort to aid France with Eisenhower secretly disdainful of the French effort and prophetically worried that no military victory was possible in that type of theater Morgan paints indelible portraits of all the major players from Henri Navarre head of the French Union forces a rigid professional unprepared for an enemy fortified by rice carried on bicycles to his commander General Christian de Castries a privileged miscast cavalry officer and General Vo Nguyen Giap a master of guerrilla warfare working out of a one room hut on the side of a hill Most devastatingly Morgan sets the stage for the Vietnam quagmire that was to come Superbly researched and powerfully written Valley of Death is the crowning achievement of an author whose work has always been as compulsively readable as it is important

*Command* Anthony King, 2019-01-31 In the wake of the troubled campaigns in Afghanistan and Iraq military decision making appears to be in crisis and generals have been subjected to intense and sustained public criticism Taking these interventions as a

starting point Anthony King examines the transformation of military command in the twenty first century Focusing on the army division King argues that a phenomenon of collective command is developing In the twentieth century generals typically directed and led operations personally monopolising decision making They commanded individualistically even heroically As operations have expanded in range and scope decision making has multiplied and diversified As a result command is becoming increasingly professionalised and collaborative Through interviews with many leading generals and vivid ethnographic analysis of divisional headquarters this book provides a unique insight into the transformation of command in western armies
