Moore, 1994 This book shows how family life has always been difficult and reveals that the hope for families comes from understanding that the power of God works to resolve problems **To Have and to Hold** Peggy Vaughan, 2010-10-19 From the author of **The Monogamy Myth** an essential guide written specifically for married couples to strengthen their relationship and prevent affairs Based on Peggy Vaughn's 30 years of work with married couples and the issue of affairs this new handbook challenges the assumption that monogamy can be taken for granted and provides the tools for building a strong marriage and preventing affairs Explaining the need to focus on preventing affairs before there is any threat to a marriage she draws on her survey of 755 people regarding their beliefs to present What Wont Work and What Will Work to prevent affairs Throughout **To Have and to Hold** Vaughan details specific strategies and techniques emphasizing that Relying on attitudes and beliefs is not sufficient to maintain a monogamous relationship over a lifetime Focusing on actions and behaviors is far more significant to strengthen a relationship Responsible honesty is the single most important factor in preventing affairs Everybody society as a whole plays a role in supporting couples efforts to maintain monogamy Parents have a special responsibility to break the pattern for future generations Four appendices present Vaughn's survey questionnaire along with detailed breakdowns of responses **A Marriage of Equals** Catherine E. Aponte, 2025-07-30

Negotiating collaboratively in your committed relationship is a new way to achieve individual and marital goals to resolve differences equitably to manage conflicts to create and sustain a satisfying sex life to figure out where you stand on fidelity to think about having and caring for kids and to have committed careers and a satisfying family life Negotiating collaboratively supports you and your partner seeing yourselves simultaneously as individuals and as a couple enhances the sense of being in this together while also having individual life plans Negotiating collaboratively supports valuing each other as individuals before seeing each other as husband and wife and allows modern couples to challenge old gender trappings that can undermine the achievement of balance in a committed relationship Straightforward and accessible *A Marriage of Equals* offers couples a road map for how to negotiate collaboratively around the most essential aspects of a committed relationship and in doing so create the equitable marriage they long for — *Sourcebook of Family Theories and Methods* Pauline Boss, William J. Doherty, Ralph LaRossa, Walter R. Schumm, Suzanne K. Steinmetz, 2008-11-19 Origins We call this book on theoretical orientations and methodological strategies in family studies a sourcebook because it details the social and personal roots i.e. sources from which these orientations and strategies flow Thus an appropriate way to preface this book is to talk first of its roots its beginnings In the mid 1980s there emerged in some quarters the sense that it was time for family studies to take stock of itself A goal was thus set to write a book that like Janus would face both backward and forward a book that would give readers both a perspective on the past and a map for the future There were precedents for such a project *The Handbook of Marriage and the Family* edited by Harold Christensen and published in 1964 the two *Contemporary Theories about the Family* volumes edited by Wesley Burr Reuben Hill F. Ivan Nye and Ira Reiss published in 1979 and *The Handbook of Marriage and the Family* edited by Marvin Sussman and Suzanne Steinmetz then in production

Barash, 2018 Human beings are important especially to themselves But as science advances it has become increasingly clear that we are less special and more natural than many people have long believed This book shows how as we finally look at ourselves honestly and accurately we can identify ourselves as wonderfully natural inseparable from the universe and other living things — *Unlearn*

Unlearn! Richard Woods, 2006-09 *Unlearn! Because Life Can Make You Stupid* is a kick in the groin to the self help industry Without any sugarcoating author Richard Woods confronts societal normalcy political correctness and perceived morality in a blistering attack on today's American culture Americans continue to practice certain unrealistic behaviors at the urging of many so called self help gurus For example even though the diet and relationship industries gross millions of dollars each year people continue to gain weight and get divorced Woods maintains that if you want to make a real change in your life you must be honest with yourself You need to unlearn much of the ideology ingrained since childhood and reinforced by the self help industry Woods also challenges the traditional view on monogamy and its place in marriage offering a series of perspectives on matrimony far

different from those you have been conditioned to believe Unlearn is not intended to enlighten nor does it offer the key to the vault that contains any special wisdom Instead it is a mixture of facts and opinion based on Woods s years of experience and observation Whether you choose to agree or disagree Unlearn will open your mind to an alternative world of possibilities
