Gary, 2021-01-28 This volume traces the history of Western philosophy of education from the Medieval through the Renaissance period 500 1550 This vast expanse of time includes the rise of Christian monasticism one of the most enduring and revolutionary models of education in the history of the West the birth of Islam with its advances in mathematical scientific and philosophical reasoning the rise of the university as an emerging force distinct from ecclesiastical and state control and the dawn of the Enlightenment It includes chapters on the educational thought of Benedict Abelard Heloise Aquinas Maimonides the prophet Mohammed Hrosvitha of Gandersheim Hildegard of Bingen among others It also considers the educational impact of Reformation thinkers like Erasmus and Luther and Renaissance thinkers such as Montaigne About A History of Western Philosophy of Education An essential resource for researchers scholars and students of education this five volume set that traces the development of philosophy of education through Western culture and history Focusing on philosophers who have theorized education and its implementation the series constitutes a fresh dynamic and developing view of educational philosophy It expands our educational possibilities by reinvigorating philosophy s vibrant critical tradition connecting old and new perspectives and identifying the continuity of critique and reconstruction It also includes a timeline showing major historical events including educational initiatives and the publication of noteworthy philosophical works

Montaigne ,1908 **Developing Evaluative Judgement in Higher Education** David Boud, Rola Ajjawi, Phillip Dawson, Joanna Tai, 2018-04-19 A key skill to be mastered by graduates today is the ability to assess the quality of their own work and the work of others This book demonstrates how the higher education system might move away from a culture of unhelpful grades and rigid marking schemes to focus instead on forms of feedback and assessment that develop the critical skills of its students Tracing the historical and sociocultural development of evaluative judgement and bringing together evidence and practice design from a range of disciplines this book demystifies the concept of evaluative judgement and shows how it might be integrated and encouraged in a range of pedagogical contexts Contributors develop various understandings of this often poorly understood concept and draw on their experience to showcase a toolbox of strategies including peer learning self regulated learning self assessment and the use of technologies A key text for those working with

students in the higher education system Developing Evaluative Judgement in Higher Education will give readers the knowledge and confidence required to promote these much needed skills when working with individual students and groups

Montaigne's 'Essais' Dorothy Gabe Coleman,2022-07-30 This book first published in 1987 is an examination of Montaigne's Essais and a guide to the reading of this fascinating stimulating and imaginative writer a writer who is also difficult to read and interpret This book's aim is to help the reader of Montaigne understand that their own experiences of life and literature can be brought to bear to help comprehend the true meaning of Montaigne Dance as Text Mark Franko,1993-04-30 Franko's analysis blends archival research with critical and cultural theory in order to resituate the burlesque tradition in its politically volatile context Dance as Text thus provides a picture of the complex theoretical underpinnings of composite spectacle the ideological tensions underlying experiments with autonomous dance and finally the subversiveness of Moliere's use of court ballet traditions **Psychology Applied to Education** Gabriel Compayré,1892
