**Organization Without Authority** Ann Swidler, 1979      **Critical Studies in Organization and Bureaucracy** Frank Fischer, Carmen Sirianni, 1994 Contemporary scholarship and classic essays focus on the continuing crises in bureaucratic organizations and managerial authority Rethinking and innovation in private public and nonprofit organizations emerge from case studies on schools multicultural and feminist organizations private corporations environmental planning and regulation alternative services and attempts to reinvent government Author note Frank Fischer teaches Political Science and Public Administration at Rutgers University and has published several books including *Technocracy and the Politics of Expertise* and *The Argumentative Turn in Policy Analysis and Planning* Carmen Sirianni teaches Sociology at Brandeis University and is co editor of the *Labor and Social Change* series at Temple University Press His books include *Worker Participation and the Politics of Reform* Temple and *Working Time in Transition* Temple      **Cultures in Organizations** Joanne Martin, 1992-12-03

*Succeeding at Succession* Peter Bunton, 2023-06-09 By providing case studies of Christian organizations and networks which have recently undergone succession and drawing upon perspectives from leadership theory psychology organizational development and theology this work shows multiple overlapping aspects of succession These facets include plans processes gender implications theologies of leadership successor origins relationship between outgoing and incoming leaders selection methods and organizational beliefs manifested in succession ceremonies An analysis of the various successions studied reveals the need for the organization or network to reflect on its own understandings and theologies of leadership without so doing organizational succession could be impaired While exploring the complexities of leadership succession particularly founder succession this book provides clear lessons and guidance for those navigating such transitions in leadership

**Social Theory and Education** Raymond Allen Morrow, Carlos Alberto Torres, 1995-03-09 This book summarizes the body of knowledge about sociology of education and cultural studies as it informs educational research and critical pedagogy It synthesizes the most relevant work in social and cultural reproduction published in the last three decades in English French German Spanish and Portuguese The authors document and critique the theoretical discussion in developments in both advanced societies and peripheral ones and link macro sociological issues with social psychological ones The book introduces theories of the state to underscore a political sociology of education and highlights an agenda for theory building research and practice in sociology of education      *The Emancipatory Promise of Charter Schools* Eric Rofes, Lisa M.

Stulberg, 2012-02-01 This book opens up a critical conversation among progressive educators of various generations races perspectives and social locations concerning one specific school reform initiative charter schools Eric Rofes and Lisa M Stulberg bring together scholars who both study and actively participate in school choice reform and charge them to be bold in their questioning and assertive in their own ambivalence about this complex controversial public issue and to include issues that are underexamined in the school literature such as the impact of school choice on race and class politics and

inequalities The editors argue that charter schools are playing a powerful role in reviving participation in public education expanding opportunities for progressive methods in public school classrooms and generating new energy for community based community controlled school initiatives The result is a groundbreaking volume that pushes boundaries questions assumptions and rocks foundations of progressive thought

**Race and Schooling in the City** Adam Yarmolinsky, Lance Liebman, Corinne Saposs Schelling, 1981 Essays examine the progress of desegregation in the U S including such issues as busing bilingual education and the influence of the Supreme Court

**Agents of God** Jeffrey Guhin, 2021 Based on a year and a half of ethnographic observation and interviews with teachers and students at four high schools in the New York City area two of them Sunni Muslim and two Evangelical Christian sociologist Jeffrey Guhin argues that these schools use politics gender sex and the internet to separate themselves from the rest of America a country they view as both a promise and a threat In examining these boundaries he describes how the schools use scripture prayer and science as a means of maintaining their authority over the students lives

**Public Sociology** Lawrence T. Nichols, 2017-09-29 Public Sociology features a wide ranging discussion of the controversial model of a social science that reaches out to non academic audiences including both average citizens and policymakers This approach has been greeted with enthusiasm by supporters and with skepticism and anxiety among critics Both perspectives are well represented in this volume Some of the critical voices question whether public sociology is even a good idea Others dissent arguing for a strong program in professional sociology as an alternative Still others express concern that public sociology promotes a liberal left political agenda despite its nonpartisan pretensions Some elements of the model are queried such as critical sociology Others are supportive discussing personal experiences the benefits of an engaged social science and how it could take social science into a broader global marketplace Following an introduction by the editor the contributions include David Boyns and Jesse Fletcher Public Relations Disciplinary Identity and the Strong Program in Professional Sociology Jonathan H Turner Is Public Sociology Such a Good Idea Steven Brint Guide to the Perplexed Vincent Jeffries Piritim A Sorokin s Integralism and Public Sociology Norella M Putney Dawn E Alley and Vern L Bengston Social Gerontology as Public Sociology in Action Edna Bonacich Working with the Labor Movement A Personal Journey in Organic Public Sociology Christopher Chase Dunn Globabl Public Social Science Neil McLaughlin Lisa Kowalchuk and Kerry Turcotte Why Sociology Does Not Need to be Saved Michael Burawoy Third Wave Sociology and the End of Pure Science Patricia Madoo Lengerman and Jill Niebrugge Brantley Back to the Future Settlement Sociology 1885i 1 2 1930 Sean McMahon From the Platform Public Sociology in the Speeches of Edward A Ross Chet Ballard The Origin and Early History of the Association for Humanist So

**Occupational Subcultures in the Workplace** Harrison Miller Trice, 1993 In the last decade interest has returned to the study of a cultural rather than bureaucratic model of the organization Trice emeritus Cornell U School of Industrial and Labor Relations argues that essential to this study is recognition of occupations as potent subcultures which adapt and interact within the context of the organization He uses as

examples a variety of occupations from pipe welders to concert pianists Paper edition unseen 16 95 Annotation copyright by Book News Inc Portland OR      *Virtual Communities* Felicia Wu Song, 2009 Does contemporary Internet technology strengthen civic engagement and democratic practice The recent surge in online community participation has become a cultural phenomenon enmeshed in ongoing debates about the health of American civil society But observations about online communities often concentrate on ascertaining the true nature of community and democracy typically rehearsing familiar communitarian and liberal perspectives This book seeks to understand the technology on its own terms focusing on how the technological and organizational configurations of online communities frame our contemporary beliefs and assumptions about community and the individual It analyzes key structural features of thirty award winning online community websites to show that while the values of individual autonomy egalitarianism and freedom of speech dominate the discursive content of these communities the practical realities of online life are clearly marked by exclusivity and the demands of commercialization and corporate surveillance Promises of social empowerment are framed within consumer and therapeutic frameworks that undermine their democratic efficacy As a result online communities fail to revolutionize the civic landscape because they create cultures of membership that epitomize the commodification of community and public life altogether

**Working Paper**, 1988      *The Sociology of Education* Jeanne H Ballantine, Jenny Stuber, 2017-03-20 The Sociology of Education A Systematic Analysis is a comprehensive and cross cultural look at the sociology of education This textbook gives a sociological analysis of education by incorporating a diverse set of theoretical approaches The authors include practical applications and current educational issues to discuss the structure and processes that make education systems work as well as the role sociologists play in both understanding and bring about change In addition to up to date examples and research the eighth edition presents three chapters on inequality in educational access and experiences where class race and ethnicity and gender are presented as separate though intersecting vectors of educational inequality Each chapter combines qualitative and quantitative approaches and relevant theory classics and emerging research and micro and macro level perspectives      **Urban High Schools** Annette B. Hemmings, 2012-03-12 This multidisciplinary overview introduces readers to the historical sociological anthropological and political foundations of urban public secondary schooling and to possibilities for reform Focused on critical and problematic elements the text provides a comprehensive description and analyses of urban public high schooling through different yet intertwined disciplinary lenses Students and researchers seeking to inform their work with urban high schools from social cultural and political perspectives will find the theoretical frameworks and practical applications useful in their own studies of or initiatives related to urban public high schools Each chapter includes concept boxes with synopses of key ideas summations and discussion questions      *Getting Saved from the Sixties* Steven M. Tipton, 2014-03-19 This groundbreaking study explores the ways young Americans today understand right and wrong how they think out their morality and how they live it out It describes contrasting ethical styles in the biblical utilitarian and

personalist traditions of our culture first as they structured the conflict between mainstream and counterculture during the 1960s and second as they have shaped the transformation of these values in new religious movements since the early 1970s

Coupling descriptive ethics with interpretive sociology this study pursues biography and moral dialogue with sixties youth who participated in a charismatic Christian sect a Zen Buddhist meditation center and a human potential organization est It shows the significance of these movements for the adherents changing ideas of their own identity their relationships sex roles courtship and marriage and their politics and vision of society It analyzes the cultural logic and the social location of their ideas which break down recombine and find renewal in the course of conversion

*Handbook of Education Policy Research* Gary Sykes, Barbara Schneider, David N. Plank, 2012-09-10 Co published by Routledge for the American Educational Research Association AERA Educational policy continues to be of major concern Policy debates about economic growth and national competitiveness for example commonly focus on the importance of human capital and a highly educated workforce Defining the theoretical boundaries and methodological approaches of education policy research are the two primary themes of this comprehensive AERA sponsored Handbook Organized into seven sections the Handbook focuses on 1 disciplinary foundations of educational policy 2 methodological perspectives 3 the policy process 4 resources management and organization 5 teaching and learning policy 6 actors and institutions and 7 education access and differentiation Drawing from multiple disciplines the Handbook's over one hundred authors address three central questions What policy issues and questions have oriented current policy research What research strategies and methods have proven most fruitful And what issues questions and methods will drive future policy research Topics such as early childhood education school choice access to higher education teacher accountability and testing and measurement cut across the 63 chapters in the volume The politics surrounding these and other issues are objectively analyzed by authors and commentators Each of the seven sections concludes with two commentaries by leading scholars in the field The first considers the current state of policy design and the second addresses the current state of policy research This book is appropriate for scholars and graduate students working in the field of education policy and for the growing number of academic government and think tank researchers engaged in policy research For more information on the American Educational Research Association please visit <http://www.aera.net>

Co-operative Workplace Dispute Resolution Ms Elizabeth A Hoffmann, 2012-08-01 Understanding the complex dynamics involved in workplace disputes helps improve the way organizations deal with unwelcome but inevitable occurrences These issues have been researched from different perspectives but previously such research has failed to ask how flattened organizational form might impact ways of resolving disputes focusing instead on what occurs in conventional hierarchical organizations only In *Co-operative Workplace Dispute Resolution* Elizabeth Hoffmann considers the question of how workplace disputes are raised in the absence of formal hierarchy In contrast to conventionally organized businesses co-operatives attempt to evenly distribute power and ownership and encourage worker control through egalitarian ideologies

flattened management structures and greater information sharing Like conventional businesses though they still pursue goals relating to profit and efficiency Dr Hoffmann argues that lessening hierarchy and sharing power as occurs in co operatives provides insight into how greater worker involvement and ownership might operate in a less extreme and more modest form in conventional mainstream business This book focuses on dispute resolution strategies at matched pairs of worker co operatives and conventional businesses in three very different industries coal mining taxicab driving and wholefood distribution The author s central finding is that the worker co operative members have access to more dispute resolution strategies than their conventionally employed counterparts This leads to the conclusion that benefits might be achieved by conventional businesses that wish to embrace specific attributes usually associated with co operatives including management employee cooperation shared ownership or greater workplace equality *Talk of Love* Ann Swidler,2013-06-25

Talk of love surrounds us and romance is a constant concern of popular culture Ann Swidler s *Talk of Love* is an attempt to discover how people find and sustain real love in the midst of that talk and how that culture of love shapes their expectations and behavior in the process To this end Swidler conducted extensive interviews with Middle Americans and wound up offering us something more than an insightful exploration of love *Talk of Love* is also a compelling study of how much culture affects even the most personal of our everyday experiences *I Belong to This Band, Hallelujah!* Laura Clawson,2011-06-01

The Sacred Harp choral singing tradition originated in the American South in the mid nineteenth century spread widely across the country and continues to thrive today Sacred Harp isn t performed but participated in ideally in large gatherings where as the a cappella singers face each other around a hollow square the massed voices take on a moving and almost physical power *I Belong to This Band Hallelujah* is a vivid portrait of several Sacred Harp groups and an insightful exploration of how they manage to maintain a sense of community despite their members often profound differences Laura Clawson s research took her to Alabama and Georgia to Chicago and Minneapolis and to Hollywood for a Sacred Harp performance at the Academy Awards a potent symbol of the conflicting forces at play in the twenty first century incarnation of this old genre Clawson finds that in order for Sacred Harp singers to maintain the bond forged by their love of music they must grapple with a host of difficult issues including how to maintain the authenticity of their tradition and how to carefully negotiate the tensions created by their disparate cultural religious and political beliefs *The Sociology of Education* Jeanne Ballantine,Floyd M Hammack,2015-07-22

A comprehensive and cross cultural look at the sociology of education The text integrates important and diverse topics in the field by showing how they are related *The Sociology of Education A Systematic Analysis* provides a sociological analysis of education using several theoretical approaches The authors include practical applications and current educational issues to discuss the structure and processes that make education systems work Learning Goals Upon completing this book readers should be able to Learn diverse theoretical approaches in the sociology of education Assess important current or emerging topics including higher education informal education climate and the hidden

curriculum the school environment education around the world and educational movements and alternatives Understand how change takes place and what role sociologists play Become involved with educational systems where they can put to use the knowledge available in textbooks
