

Understanding Organizational Behavior in a Criminal Justice Agency

Let us first define what organizational behavior is, before we discuss the importance of its functions in the context of a criminal justice agency. Organizational behavior is a field which analyzes, interprets, predicts and controls human behavior in work organizations (Organizational Behavior).

Analysis of the behavioral patterns of individuals or groups is important in predicting possible behavior responses to organizational actions or strategies. The prediction of possible behavior responses may also be the key to gain control.

In the analysis stage, it is vital that the needs of the employee as an individual and as a part of the organization be considered and that the social group behaviors which cause changes or create major impacts in employee motivation and performance, be determined. Its primary goal is to establish more harmonious and productive relationships among the employees and between the employees and management by addressing the individual and organizational concerns.

The elements of organizational behavior include the organization's goals, values, mission and vision, the organizational culture, leadership, employee motivation, group dynamics and communication (Clark, 1998). A combination of all these elements results to the organization's operations strategies. From these elements arise the four organizational behavior models. The Autocratic model focuses on power of the managerial position. Employees are expected to depend on their superior or manager for decisions and courses of actions, and they are required to obey.

This is the classic leader-follower model. The Custodial model concentrates on the supervision of money and security for the employees. The economic rewards and benefits of employees are considered. The Supportive model gives importance to employee motivation and recognition by creating a supportive working environment, while the Collegial model values teamwork between the manager and employees as a means to achieve the organization's goals (An Outline of Organizational Behavior).

A combination of aspects from the different models would be the ideal organizational set-up due to differences in the employee perceptions and fields of experiences. It may be true that using one model may not be sufficient in addressing the needs of the organization in terms of its manpower, but more companies are now using the Collegial approach due its numerous advantages. This model emphasizes partnership between the employees and the management.

This relationship gives assurance to employees that they are valued and needed by the

Criminological Theories Suzette Cote, 2002-03-19 This anthology is a superb collection of 36 articles covering all of the major theories past and present that inform criminology today What truly sets this volume apart is the inclusion of many articles discussing novel and often overlooked perspectives in criminological theory In fact many of these articles have never before been included in a reader Each article is framed by an introductory overview discussing the article's importance the context for its development and the author and concludes with discussion questions These articles include a thorough examination of topics such as white collar crime and

developmental criminology as well as discussions of integrated theories that consider genetics, psychology, and environmental approaches. As most journal articles are typically written for a professional audience, the original articles have been substantially edited and abridged to make them more accessible to students. The resulting reader will prove to be an invaluable resource for any undergraduate or graduate course where criminological theory plays a central role.

Organizational Behavior and Management in Law Enforcement, 2012 Organizational Opportunity and Deviant Behavior Petter Gottschalk, 2017-12-29 Ever since Sutherland coined the term white collar crime, researchers have struggled to understand and explain why some individuals abuse their privileged positions of trust and commit financial crime. This book makes a novel contribution to the development of convenience theory as a framework to understand and explain white collar crime.

Performance Measurement and the Criminal Justice System National Institute of Law Enforcement and Criminal Justice, 1976 These four working papers present research designs for system-wide data analysis and productivity measurement for evaluation. The four papers prepared by four working teams are titled: Performance Measurement and the Criminal Justice System: A Conceptual Basis for Effectiveness Measurement of Law Enforcement Activities; Performance Measures for Evaluation of LEAA and CJS Programs; and A Program of Research on Performance Measurement and Evaluation for the Criminal Justice System. Concepts covered by the papers include total social cost associated with crime and crime control; a systematic approach to determine a methodology for the measurement of law enforcement effectiveness; system-level aggregate performance measures; analysis and interpretation of criminal justice statistics; and operational performance measures. An additional topic coverage is the use of evaluation as a technical tool for better measurement and resource allocation.

Administration and Management in Criminal Justice Jennifer M. Allen, Rajeev Sawhney, 2018-01-18 One of the best texts, if not the best text, for teaching undergraduate administration and management of criminal justice organizations. Its service quality approach is remarkable. Emmanuel Amadi, Mississippi Valley State University. Rethink management in criminal justice. **Administration and Management in Criminal Justice: A Service Quality Approach** Third Edition emphasizes the proactive techniques for administration professionals by using a service quality lens to address administration and management concepts in all areas of the criminal justice system. Authors Jennifer M. Allen and Rajeev Sawhney encourage readers to consider the importance of providing high quality and effective criminal justice services. Readers will develop skills for responding to their customers, other criminal justice professionals, offenders, victims, and the community, and learn how to respond to changing environmental factors. Readers will also learn to critique their own views of what constitutes management in this service sector, all with the goal of improving the effectiveness of the criminal justice system. New to the Third Edition: Examinations of current concerns and management trends in criminal justice agencies make readers aware of the types of issues they may face, such as workplace bullying, formal and informal leadership, inmate-staff relationships, fatal police shootings, and more. Increased discussions of a variety of important topics.

Davis,2014-09-19 This book studies the formal and informal nature of the organizations involved in criminal justice It will acquaint readers with the historical developments and application of managerial theories principles and problems of managing criminal justice organizations Covers management positions in criminal justice historical antecedents decisionmaking and planning staffing and personnel training and education **Organizational Behavior and Virtual Work** Arvind K. Birdie,Madhu Jain,2017-03-03 With the globalization of work and technological advancements in recent years and with emphasis on service quality today organizations have changed Virtual work has emerged as the new employment relationship and has been embraced by employees and employers in many industries This book explores the dynamics of changing organization structures theories of leadership and trust and how dimensions of self efficacy works in this new work relationship Organizational Behavior and Virtual Work Concepts and Analytical Approaches shows the enormous impact of technology and globalization on employment relationships and also predicts how they will contribute to the changing dimensions of organizations in the future With a unique blend of theory and application in the real world of virtual workers the book presents the most recent research and developments in the relatively new and still emerging area of virtual work It takes an in depth critical look into the key factors affecting the virtual work environment with practical inputs of suggestions and recommendations With the objective of presenting information about this new work scenario this book attempts to unfold important human behavior processes in organizations The volume presents a rare combination of the necessary concepts of human behavior in organizations along with the results of research in the field and also makes practical recommendations on virtual work programs Key features include a unique blend of research with organizational behavior concepts and practical recommendations for workers managers and business executives **Organizational Behavior and Management in Law Enforcement** Harry W. More,2006 This absolutely outstanding book overcomes the obstacles and impediments that beset so many others in the field of police management Its clear concise presentation and realistic and very thorough overview of contemporary law enforcement organizations and managerial issues make this a tightly written book that manages to cover all the relevant major topics in contemporary law enforcement management its appealing and straightforward style will be

appreciated by all users Organizational Behavior and Management in Law Enforcement includes chapters on personality values groups power decision making conflict change and organization development Case studies put this book above all others in the field For professionals in law enforcement that hold these positions Chief Assistant Chief Commander Major Captain Lieutenant Watch Commander Sheriff and Assistant Sheriff

The Top Books of the Year Organizational Behavior In Criminal Justice The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
