approaches for efficient and contemporary management practices in an organization. It provides a comprehensive insight into the traditional and contemporary approaches of organizational behavior and their impact on organizational performance in the global era. Ranging from planning to staffing and controlling to strategic decision making, the case studies in the book incorporate relevant modern management models and correlate practices of management from organizational perspectives to allow any organization's direction and environment to be evaluated with suggested recommendations. This textbook consists of two broad parts. The first deals with management trends and functions ranging from the traditional era to the contemporary world. The second part explores the behavioral trends of organizations across domains to analyze the measures taken for improved productivity and sustainability. Drawing theories from psychology, sociology, and economics, this book probes into the interrelation between behavior and holistic management by examining the impact of teamwork, motivation, organizational power, and polity, instituting relevant organizational ethics and strategies to create a healthy organizational culture. This book will be useful to students, academicians, management researchers, and industry professionals from the field of general management and organizational behavior. It will also be useful for scholars interested in management studies, behavioural studies, business and development, developmental studies, sociopsychology, management, and business strategies.

Management Process And Organizational Behavior Dr. Mohit Sharma, Mr. Amit Kumar Gupta, 2022-02-05. It has been observed that students coming from a Hindi medium background face difficulties due to change in medium; hence a humble attempt has been made to provide the whole subject matter in simple and explanatory language. The main focus has been given to make an understanding of the concept of Management process and organizational Behavior so that a student can easily integrate the previously learned topics. And also to achieve the goal of making this book as comprehensive as possible without getting bogged down to any area. All efforts have been put in to make the text beneficial to students; however, betterment is always welcome. We therefore invite the valuable suggestions, views, and comments from the learned readers. vi. Although all efforts have been made to keep the book error-free, yet if due to oversight, if any errors have crept in, feel free to give suggestion.
