Organizing Your Youth Ministry:

Organizing Your Youth Ministry Paul Borthwick, 2004-03-01 We need to get organized around here That is the common cry of youth workers who feel burdened by so much to do in so little time so many responsibilities and so few results so much criticism it seems so little support Paul Borthwick agrees that getting organized is essential for effective your ministry and he has written an essential book to help those of you in youth ministry organize three different areas of your lives Personal How do your personal goals and your need for personal growth fit with your youth ministry If you re married are your spouse and children helped or hurt by your involvement with kids Are your other responsibilities suffering As Borthwick says Good ministry is the result of a balanced personal life Professional Do you see yourself as a youth professional Is your interaction with pastor and church board characterized by mutual respect It s the youth worker who will help other people see youth ministry as a profession and not just a fun and games operation Practical Is your budget balanced Do you frequently begin activities feeling only half prepared Do your volunteers and coworkers know what is expected of them Better planning and time management can create programs lessons and activities that help people grow learn and love each other Part I of Organizing Your Youth Ministry examines the need to the youth minister to organize his or her personal life as well as ministry setting priorities and the special challenges of church youth ministry Part II addresses the philosophical foundations of youth ministry organization Why do we do what we do What is it young people really need How do you work with a team Where do parents fit in Part III discusses how to organize the daily weekly monthly and yearly administrative demands of the youth ministry from budgets to retreats from activities to Sunday school lessons from choir to missions projects from discipleship programs to the special needs of junior high students Part IV helps us to evaluate our goals and to measure the effectiveness of our youth ministry always keeping in mind that as Borthwick says the ultimate purpose isn t just to produce better programs or a more efficient discipleship system but to present each person complete in Christ Col 1 28 NASB So if you like every other youth worker have too much to do too little time to do it in and sometimes don t know where to begin Organizing Your Youth Ministry can help Give it a try and you ll find out why Paul Borthwick says that organization can be a ministry in itself *Youth Ministry Nuts and Bolts, Revised and Updated* Duffy Robbins, 2010 To help youth workers paid and or volunteer think through some of the key issues related to the administrative issues of youth ministry Student Ministry That Leaves a Mark Gary Blair Zustiak, John Mouton, Kevin Greer, 2003 Youth Ministry Management Tools Ginny Olson, Diane Elliot, Mike Work, 2001 This is a manual for quick and convenient access to the spectrum of administrative and managerial tasks that face youth workers every day with a companion CD ROM that includes not only a student contact database but all the book s forms in editable format *The Theological Turn in Youth Ministry* Andrew Root, Kenda Creasy Dean, 2011-09-12 The questions our youth have are often the same ones that perplexed the great theologians Andrew Root and Kenda Creasy Dean invite you to envision youth ministries full of practical theologians Follow them into reflection on

your own practice of theology and learn how to share that theology through rich conversation and purposeful experience

Practical Wisdom for Youth Ministry David Frazee, 2018-01-09 You have the passion it takes to serve in youth ministry but where do you start All youth ministers have asked this question to themselves at least once in their career What do I do now Practical Wisdom for Youth Ministry is a practical concise starting point to help answer that question and many others This resource is packed with expert advice and personal testimony to support and encourage ministers and volunteers working with youth Practical Wisdom for Youth Ministry addresses many pressing issues for youth ministers with straightforward steps that are both biblically grounded and easy to apply It discusses large scale concerns such as organization budgeting and outreach as well as personal concerns such as marriage self care and conflict For new and veteran youth ministers David Frazee offers the necessary tools to help build a strong foundation for effective powerful ministry Youth Group Handbook, 2006 Youth Empowered Sean Buono, 2020-01-17 Millennials are disengaging themselves from the Christian faith at an alarming rate With the culture changing at such a rapid pace the church must now build a youth ministry that is as scalable as adaptable and as moldable as the ever changing cultural landscape that today's youth live in This practical book walks you through the steps of building a student led youth ministry that equips your students to actively practice their faith and engage their peers By challenging traditional models of youth ministry this model can be implemented successfully in any size youth ministry as it encourages youth leaders and youth pastors to minister alongside their youth rather than at their youth **Youth Pastor's Survival Kit** Jimmie Duran, 2024-03-25 Tips and tricks for working with young people A must have for every youth pastor or youth leader Adoptive Youth Ministry (Youth, Family, and Culture) Chap Clark, 2016-01-26 Kids desperately need healthy committed adults who can help them thrive in their faith and become active participants in the life of the church This requires the efforts of the whole faith community Chap Clark one of the leading voices in youth ministry today brings together twenty four experts from a variety of denominations and traditions to offer a comprehensive introduction to adoptive youth ministry a theologically driven academically grounded and practical youth ministry model The book shows readers how to integrate emerging generations into the family of faith helping young adults become active participants in God's redemptive community **Missional Youth Ministry** Brian Kirk, Jacob Thorne, 2011-06-07 The mainline church in the past few decades has witnessed a ghettoization of youth within the church segregating them off to a particular room perhaps in the basement where they engage in ministry in isolation from the rest of the congregation They are assigned a youth minister or youth director often the staff person with the least experience freeing up the real ministers to serve the adults in the church They seldom serve on church boards or governing bodies in anything other than a cursory manner Their leadership in worship is limited to one special Sunday a year their activities seen more as programming than ministry and their place often described as the church of the future rather than the body of Christ in the here and now For decades youth ministry in mainline churches has been

program driven assuming that the primary function of youth ministry was to use activities and events to attract young people to church and keep them occupied until they were ready to be adult members in the faith In recent years it has become increasingly obvious that this paradigm has failed to develop youth as life long participants in the Christian church and in the Christian faith The result of such a model of ministry is that youth come to see church only as those segregated activities reserved for teenagers most of which bear little resemblance to the practices of the rest of church life Consequently when youth graduate from high school and youth group they perceive that their most meaningful church experiences are ended Mainline congregations are now seeing the evidence of the real lack of impact of their youth ministries as the population of young adults in churches continues to shrink even those young adults who were once regular participants in church youth group programs In short the program driven model of youth ministry has failed to help youth find their place within the mission of the Church Rethinking Youth Ministry critiques this older paradigm and invites the reader into a dialogue to help rethink many of the deepest assumptions of youth ministry in the mainline church We challenge the consumerist goal of judging a youth ministry's success by the number of its participants We push back against the notion that a youth ministry is the sum total of the events on the calendar We rethink the place of volunteers and parents calling for a greater role of adults as spiritual mentors in the lives of church youth We send out a call for greater understanding of modern methods of teaching and the impact of brain research on the intellectual and spiritual development of youth and we re imagine a new role for mission within youth ministry which calls youth to see mission not as isolated activities but as the very heart of their faith journey Rethinking Youth Ministry serves as a theological companion and practical guide for all those working in the trenches of youth ministry who are seeking to offer students a deeper more consequential and active life long relationship with God through the ministry of Jesus Christ TransforMission Michael S. Wilder, Shane W. Parker, 2010-05-01

Remarkably thirty percent of North American teenagers millions of people between the ages of 13 and 17 have engaged in religious missions or service projects Building on this statistic the authors of TransforMission believe that short term mission is one way God is taking the gospel to the nations and concurrently transforming the lives of these student participants Writing to youth ministers missiologists church leaders adult volunteers and post high school students they assess strategies for further promoting this kind of involvement by exploring several questions What mechanisms is God employing to achieve this advance in mission What is taking place in the lives of believers who are obediently participating in the fulfillment of the Great Commission What are the theological and theoretical foundations for the life transformation that is occurring What is the most effective means of conducting short term mission experiences **Help!
