**The Organ** Douglas Bush,Richard Kassel,2004-06 The Encyclopedia of Organ includes articles on the organ family of instruments including famous players composers instrument builders the construction of the instruments and related terminology It is the first complete A Z reference on this important family of keyboard instruments The contributors include major scholars of music and musical instrument history from around the world *Organ Literature* Corliss Richard Arnold,2003-02 Now in paperback Cloth edition 0 8108 2964 9 originally published in 1995 *The Ephrata Commune* E.G. Alderfer,2011-10-24 E G Alderfer has chosen a dramatic story to tell the founding and subsequent history of Ephrata a mystical religious community that flourished in eastern Pennsylvania in the mid eighteenth century The history of the commune is inseparable from that of its leader Conrad Beissel a German Pietist who came to America in 1720 seeking spiritual peace and solitude When he settled in the virgin forest of Lancaster County his talents and charisma attracted other German settlers who shared his vision of a community built in the image of apostolic Christianity In its heyday from about

1735 to 1765 the community at Ephrata numbered some two hundred people the celibate members living in simple wooden buildings noted for the harmony and serenity of their architecture The cultural achievements of the group were exceptional They produced an extensive body of mystical literature and constructed the most complete printing establishment in the colonies at that time They were also adept at the art of Fraktur and many exquisitely decorated manuscripts survive Music was a particular interest of Beissel's and the choral music performed at Ephrata was well known and much admired Mr Alderfer who has written widely on colonial Pennsylvania shows the relationship of the Ephrata commune to other experiments at withdrawal from the world and in particular to the many strands of Old World mysticism and the German Pietist movement He also discusses American religious and communal movements of later times in the light of the Ephrata experience His is the first history of the community to provide extensive documentation including analysis of many surviving manuscripts and books written at Ephrata Although the commune died out in the nineteenth century the site and many of the buildings survived Today the Ephrata Cloisters Park is operated by the Pennsylvania Historical and Museum Commission

**Church Music in America, 1620-2000** John Ogasapian, 2007 The history of American church music is a particularly fascinating and challenging subject if for no other reason than because of the variety of diverse religious groups that have immigrated and movements that have sprung up in America Indeed for the first time in modern history possibly the only time since the rule of medieval Iberia under the Moors different faiths have co existed here with a measure of peace sometimes ill humored occasionally hostile but more often amicable or at least tolerant influencing and even weaving their traditions into the fabric of one another's worship practices even as they competed for converts in the free market of American religion This overview traces the musical practices of several of those groups from their arrival on these shores up to the present and the way in which those practices and traditions influenced each other leading to the diverse and multi hued pattern that is American church music at the beginning of the twenty first century The tone is non technical there are no musical examples and the musical descriptions are clear and concise In short it is a book for interested laymen as well as professional church musicians for pastors and seminarians as well as students of American religious culture and its history

Early American Technology Judith A. McGaw, 2014-01-01 This collection of original essays documents technology's centrality to the history of early America Unlike much previous scholarship this volume emphasizes the quotidian rather than the exceptional the farm household seeking to preserve food or acquire tools the surveyor balancing economic and technical considerations while laying out a turnpike the woman of child bearing age employing herbal contraceptives and the neighbors of a polluted urban stream debating issues of property odor and health These cases and others drawn from brewing mining farming and woodworking enable the authors to address recent historiographic concerns including the environmental aspects of technological change and the gendered nature of technical knowledge Brooke Hindle's classic 1966 essay on early American technology is also reprinted and his view of the field is reassessed A bibliographical essay and

summary of Hindle's bibliographic findings conclude the volume. The contributors are Judith A McGaw, Robert C Post, Susan E Klepp, Michal McMahon, Patrick W O Bannon, Sarah F McMahon, Donald C Jackson, Robert B Gordon, Carolyn C Cooper, and Nina E Lerman. Pennsylvania Germans Simon J. Bronner, Joshua R. Brown, 2017-02-15. This comprehensive encyclopedia, the first of its kind, maps out three hundred years of German history and culture in Pennsylvania and beyond. Winner of the CHOICE Outstanding Academic Title of the Choice ACRL. Destined to become the standard reference on Pennsylvania Germans, also known as the Pennsylvania Dutch, this book is the first survey of this extensive American group in nearly seventy-five years. Nineteen broad interpretive essays written by a distinguished group of historians, anthropologists, sociologists, linguists, and folklorists tell the rich and nuanced story of Pennsylvania German history and culture. United by a distinct and distinctly American language, the Pennsylvania Germans have been slower to assimilate than other ethnic groups. This sweeping volume reveals though that the group is much less homogenous and isolated than was previously thought. From architecture, media, and farming techniques to food, folklore, and medicine, the Pennsylvania Germans and their descendants display a wide range of cultural variation. In Pennsylvania Germans, editors Simon J. Bronner and Joshua R. Brown broaden the geographical and social coverage of the group, touching both on Pennsylvanian communities and the Pennsylvania German diaspora, including settlements in Canada and Mexico. They also expand historical coverage of the Pennsylvania Germans to the twentieth and twenty-first centuries. Beautifully illustrated, this volume, while paying tribute to the historical and cultural legacy of the Pennsylvania Germans, is the most comprehensive book on the subject to date. Contributors: R. Troy Boyer, Simon J. Bronner, Joshua R. Brown, Edsel Burdge Jr., William W. Donner, John B. Frantz, Mark H. Berle, Karen M. Johnson, Weiner, Donald B. Kraybill, David W. Kriebel, Gabrielle Lanier, Mark L. Loudon, Yvonne J. Milspaw, Lisa Minardi, Steven M. Nolt, Candace Perry, Sheila Rohrer, and Diane Wenger. *Warrior in Two Camps* William H. Armstrong, 1978-06-01. *Warrior in Two Camps* is the biography of Ely S. Parker, the first Native American to serve as commissioner of Indian Affairs. The name Ely Samuel Parker is seldom found among famous Indian chiefs. Indeed, the name seems somehow out of place in the company of men called Black Hawk or Crazy Horse or Geronimo. But the prosaic name is part of the story of an American Indian who chose to live his life in the white man's world. It is a story in which a frock coat replaces the traditional deerskin and a surveyor's level and a soldier's orderly book take the place of the wampum belt and the war club. **Organs for America** William H. Armstrong, 1968. **American Musical Instruments in the Metropolitan Museum of Art** Metropolitan Museum of Art (New York, N.Y.), Laurence Libin, 1985. Describes the museum's collection of antique instruments, traces the history of technological developments in their manufacture, and looks at music's changing role in American society. **The Western Pennsylvania Historical Magazine**, 1968. That Ingenious Business Raymond J. Brunner, 1990. Organ building in Pennsylvania: Early Philadelphia organs and builders; The Moravian builders; Family business; Other builders, 1780 to 1840; Later builders, 1840 to 1920.
