

176a. KAZAK RUG, 15th century, 29" x 41". Although the more nearly square of the Kazakh rugs shown here, this piece still has an appealing business. The small quadrangle at the base of the open field seems placed in exactly the right location.

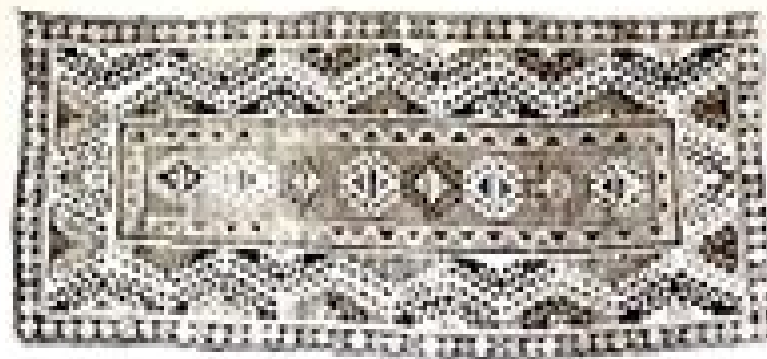

Wool and silk are used primarily in the field, with various materials in the borders. The rug is made of 100% wool and is in good condition.

176b. KAZAK RUG, 15th century, 27" x 32". Probably a little later than other Kazakh rugs shown here, this piece is a little more regular in its border and more quadrangle in the field. As we would expect, it shows the red and blue of the traditional Kazakh rug.

Wool and silk are used primarily in the field, with various materials in the borders. The rug is made of 100% wool and is in good condition.

176. KAZAK PRAYER RUG, 15th century, 31" x 31". While the design of this piece is comparatively simple, the appeal lies in the color, the strong shades of green in the field, contrasted with the intensity of the red. There is a maximum of one important motif each laid upon the design. Indeed, there is a maximum of one motif in the entire rug.

176c. KAZAK PRAYER RUG, 15th century, 31" x 31". While the design here, including the outer border, is more classical Kazakh, the outer border and structure of the rug itself is to be seen in a different way, quite possibly the highest one. Indeed, it seems a little more crowded than the typical Kazakh.

Wool and silk are used primarily in the field, with various materials in the borders. The rug is made of 100% wool and is in good condition.

Oriental Rugs From Pacific Collections:

Oriental Rugs from Pacific Collections Murray L. Eiland, 1992-06 *Oriental Rugs from Pacific Collections* Murray L. Eiland, 1990 When plans were made to hold an exhibition from private collections to accompany the VIth International Conference on Oriental Carpets the goal was initially for a modest number of carpets to be furnished by Pacific Coast collectors. Two factors however dramatically expanded the scale of the operation. The organizers became aware early in the game that there is a great wealth of world class material in these collections and the enormous space available in the hall at Fort Mason imposed virtually no limitation on the number that could be included. The result has been what must be the largest showing in the history of collectible oriental rugs under a single roof with now slightly upward of three hundred in *Oriental Rugs from Pacific Collections* supplemented by over a hundred from other sources as well. Within this assortment of more than four hundred rugs there is surely something for every taste. With more than 230 of these rugs in color the catalogue also takes on a massive quality allowing readers to experience or reexperience a monumental event in the history of oriental rug exhibits. Oriental Rugs Peter F. Stone, 2013-11-19 This monumental reference work long awaited by collectors and scholars fills an important gap in the available literature on oriental rugs. Lavishly illustrated with over 1000 photographs and drawings it offers clear and precise definitions for the rug and textile terms in use across a broad swath of the globe from Morocco to Turkey, Persia, the Caucasus region, Central Asia, Afghanistan, Pakistan, India, and China. Covering priceless museum quality rug traditions as well as modern centers of production, *Oriental Rugs: An Illustrated Lexicon of Motifs, Materials and Origins* draws on classical scholarship as well as current terminology in use among producers and traders in these areas today. It focuses primarily on the rich hand knotting and hand weaving traditions of the Near East and Central Asia but also includes some examples of Scandinavian and Native American weavings. Oriental rugs are receiving ever increasing attention and recognition in the field of art history. Tribal weavings especially have become a focus for new research and *Oriental Rugs* provides a new understanding of many distinctive traditions that were previously understudied such as the weavings of southwest Persia, Baluchistan, and Kurdistan. This concise oriental rug reference book is a must have for scholars and anyone serious about collecting rugs, selling rugs, or the rug trade in general. Additional reference information also includes Foreign terms, Place names, The Oriental Rug lexicon, Museums with notable rug collections, Oriental rug internet sites. *The Pacific Rim Collection* Don Brown, 2014-07-15 Bestselling author and former US Navy JAG Officer Don Brown's Pacific Rim series is now available in one volume. *Thunder in the Morning Calm*. The Shaping of Persian Art Yuka Kadoi,Iván Szántó,2014-07-18 While the impact of the Persian style is undeniably reflected in most aspects of the art and architecture of Islamic Central Asia this

Perso Central Asian connection was chiefly formed and articulated by the Euro American movement of collecting and interpreting the art and material culture of the Persian Islamic world in modern times This had an enormous impact on the formation of scholarship and connoisseurship in Persian art for instance with an attempt to define the characteristics of how the Islamic art of Iran and Central Asia should be viewed and displayed at museums and how these subjects should be researched in academia This important historical fact which has attracted scholarly interest only in recent years should be treated as a serious subject of research accepting that the abstract image of Persian art was not a pure creation of Persian civilization but that it can be the manifestation of particular historical times and charismatic individuals Attention should therefore be given to various factors that resulted in the shaping of Persian imagery across the globe not only in terms of national ideologies but also within the context of several protagonists such as scholars collectors and dealers as well as of the objects themselves This volume brings together Islamic Iranian and Central Asian art experts from diverse disciplinary and professional backgrounds and intends to offer a novel insight into what is collectively known as Persian art
