Bibliographie de la France, ou Journal général de l'imprimerie et de la librairie Adrien Jean Quentin Beuchot, 1891 Subject Index of the Modern Works Added to the Library of the British Museum in the Years ... British Museum, 1902 Licensing Loyalty Jane McLeod, 2015-12-21 In *Licensing Loyalty* historian Jane McLeod explores the evolution of the idea that the royal government of eighteenth century France had much to fear from the rise of print culture

She argues that early modern French printers helped foster this view as they struggled to negotiate a place in the expanding bureaucratic apparatus of the French state. Printers in the provinces and in Paris relentlessly lobbied the government hoping to convince authorities that printing done by their commercial rivals posed a serious threat to both monarchy and morality. By examining the French state's policy of licensing printers and the mutually influential relationships between officials and printers, McLeod sheds light on our understanding of the limits of French absolutism and the uses of print culture in the political life of provincial France.
