**The Big Lie** Dinesh D'Souza,2017-07-31 Of course everything D Souza says here is accurate But it s not going to sit well with people on the American left who of course are portraying themselves as the exact opposite of all of this RUSH LIMBAUGH The explosive new book from Dinesh D Souza author of the 1 New York Times bestsellers Hillary s America America and Obama s America What is the big lie of the Democratic Party That conservatives and President Donald Trump in particular are fascists Nazis even In a typical comment MSNBC host Rachel Maddow says the Trump era is reminiscent of what it was like when Hitler first became chancellor But in fact this audacious lie is a complete inversion of the truth Yes there is a fascist threat in America but that threat is from the Left and the Democratic Party The Democratic left has an ideology virtually identical with fascism and routinely borrows tactics of intimidation and political terror from the Nazi Brownshirts To cover up their insidious fascist agenda Democrats loudly accuse President Trump and other Republicans of being Nazis an obvious lie considering the GOP has been fighting the Democrats over slavery genocide racism and fascism from the beginning Now finally Dinesh D Souza explodes the Left s big lie He expertly exonerates President Trump and his supporters then uncovers the Democratic Left s long cozy relationship with Nazism how the racist and genocidal acts of early Democrats inspired Adolf Hitler s campaign of death how fascist philosophers influenced the great 20th century lions of the American Left and how today s anti free speech anti capitalist anti religious liberty pro violence Democratic Party is a frightening simulacrum of the Nazi Party Hitler coined the term the big lie to describe a lie that the great masses of the people will fall for precisely because of how bold and monstrous the lie is In The Big Lie D Souza shows that the Democratic Left s orchestrated campaign

to paint President Trump and conservatives as Nazis to cover up its own fascism is in fact the biggest lie of all

The Total Enemy Mikkel Thorup, 2015-02-23 *The Total Enemy* explores the most radicalized forms of enmity trying to unravel some of its historical and contemporary expressions Starting from the premise that one of modernity s constitutive values is non violence the book explores how non violence or rather the making of a world free of violence becomes a cause of violence in some instances even extreme violence and totalitarian terror The book consists of six case studies each exploring and discussing historically specific expressions of depicting an enemy as one the actors believe they can only deal with violently It begins by looking at two important sites in the development of the total enemy the French Revolution and the emergence of terrorist thinking in the middle of the nineteenth century The book then turns to the twentieth century beginning with the pre WWII conceptualizations of the total in European political thought as an answer to a liberal state deemed unfit to manage and control mass society Secondly it

considers the totalitarian enemy in Nazi Germany especially Soviet Russia Finally the book turns to two forms of contemporary total enmity Islamism and in right wing extremism These concluding chapters look specifically at what happens to the total enemy concept once it goes from the state concept of the twentieth century to the private practice of the twenty first *The Age of Secularization* Augusto Del Noce, 2017-11-08 Augusto Del Noce is widely considered one of Italy's foremost philosophers and political thinkers in the second half of the twentieth century He is also remembered as an original and profound cultural critic and in particular as a great scholar of the process of secularization that took place in the West during the 1960s A collection of eleven essays and lectures by Del Noce that originally appeared between 1964 and 1969 and which the author published as a book in 1971 *The Age of Secularization* quickly became recognized as one of the most original and penetrating attempts to interpret the cultural and political turmoil of the period In its pages Del Noce discusses among other topics the student protests of 1968 the counterculture of the 1960s the significance of the sexual revolution the nature of the technological society and the relationship between Christianity and modern culture *The Age of Secularization* documents the encounter between a key period of contemporary history and the full intellectual maturity of one of its most perceptive observers It makes available to English language readers a lasting reflection on the philosophical roots of contemporary culture and it is just as illuminating and topical today as it was nearly fifty years ago **The Broadview**

**Ideology 1918-1925** Emilio Gentile,2013-10-18 This is the first detailed and definitive study of the development and initial success of fascism as it originated in Italy right after the First World War      **On Unemployment, Volume II** Mark R.

Reiff,2015-10-07 With unemployment at historically high rates that show signs of becoming structural there is a pressing need for an in depth exploration of this economic injustice Unemployment is one of the problems most likely to put critical pressure on our political institutions disrupt the social fabric of our way of life and even threaten the continuation of liberalism itself Despite the obvious importance of the problem of unemployment however there has been a curious lack of attention paid to this issue by contemporary non Marxist political philosophers On Unemployment explores the moral implications of the problem of unemployment despite the continuing uncertainty involving both its causes and its cures Reiff takes up a series of questions about the nature of unemployment and what justice has to tell us about what we should do if anything to alleviate it The book comprehensively discusses the related theory and suggests how we might implement these more general observations in the real world It addresses the politics of unemployment and the extent to which opposition to some or all of the book s various proposals stem not from empirical disagreements about the best solutions but from more basic moral disagreements about whether the reduction of unemployment is indeed an appropriate moral goal This exciting new text will be essential for scholars and readers across business economics and finance as well as politics philosophy and sociology      **A History of Italian Fascist Culture, 1922-1943** Alessandra Tarquini,2022-04-12 Alessandra Tarquini s A

Gregor,2014-02-19

An assessment of the influence of the Marxism of Karl Marx and Friedrich Engels on revolutionary developments in China The work covers the period from the first appearance of the Chinese Communist Party under Mao Zedong until its full transformation by Deng Xiaoping into a nationalist developmental single party developmental dictatorship      *Death of a Nation* Dinesh D'Souza,2018-07-31 The 1 New York Times bestselling author tackles the biggest lie of the left that America is

a society based on white supremacy Now a major motion picture Who is killing America Is it really Donald Trump and a GOP filled with white supremacists In a major new work of historical revisionism Dinesh D Souza makes the provocative case that Democrats are the ones killing America by turning it into a massive nanny state modeled on the Southern plantation system This sweeping alternative history of the Democratic Party goes back to its foundations in the antebellum South The slaveholding elite devised the plantation as a means of organizing labor and political support It was a mini welfare state a cradle to grave system that bred dependency and punished any urge to independence This model impressed northern Democrats inspiring the political machines that traded government handouts for votes from ethnic immigrant blocs Today s Democrats have expanded to a multiracial plantation of ghettos for blacks barrios for Latinos and reservations for Native Americans Whites are the only holdouts resisting full dependency and so they are blamed for the bigotry and racial exploitation that is actually perpetrated by the left Death of a Nation s bracing alternative vision of American history explains the Democratic Party s dark past reinterprets the roles of figures like Van Buren FDR and LBJ and exposes the hidden truth that racism comes not from Trump or the conservative right but rather from Democrats and progressives on the left
