

# The Creative Hook

In a stack of 300 papers, what will convince your reader that your paper is among the top ten to read? Most likely, the reader will base her decision on the opening 2-3 lines of your paper. Those opening lines should be general enough to appeal to your audience while also preparing her for the main topic.

## Origins Of Writingthe:

*The Origins of Writing* Wayne M. Senner,1991-01-01 This collection of 12 essays outlines what is now known about the origins and development of writing The topics discussed include such precursors to writing as the tokens used for record keeping in the Middle East as well as cuneiform and Egyptian hieroglyphics The alphabet is treated from its invention to its use in Arabic Greek and Latin Also presented are the writing systems of China and Middle America and two European systems runes and ogham that have been superseded by the Latin alphabet An introduction surveys the subject and explores myths and theories on the invention of writing

**The Origins of Chinese Writing** Paola Demattè,2022 This book is an investigation on the prehistoric origins and early historic development of Chinese writing with a focus on archaeological material

A Short History of Writing Instruction James Jerome Murphy,2012 A Short History of Writing Instruction preserves the legacy of writing instruction from antiquity to contemporary times with a unique focus on the material educational and institutional context of the Western rhetorical tradition

*A Short History of Writing Instruction* James J. Murphy,2012-05-04 Short enough to be synoptic yet long enough to be usefully detailed A Short History of Writing Instruction is the ideal text for undergraduate courses and graduate seminars in rhetoric and composition It preserves the legacy of writing instruction from antiquity to contemporary times with a unique focus on the material educational and institutional context of the Western rhetorical tradition Its longitudinal approach enables students to track the recurrence over time of not only specific teaching methods but also major issues such as social purpose writing as power the effect of technologies the rise of vernaculars and writing as a force for democratization The collection is rich in scholarship and critical perspectives which is made accessible through the robust list of pedagogical tools included such as the Key Concepts listed at the beginning of each chapter and the Glossary of Key Terms and Bibliography for Further Study provided at the end of the text Further additions include increased attention to orthography or the physical aspects of the writing process new material on high school instruction sections on writing in the electronic age and increased coverage of women rhetoricians and writing instruction of women A new chapter on writing instruction in Late Medieval Europe was also added to augment coverage of the Middle Ages fill the gap in students knowledge of the period and present instructional methods that can be easily reproduced in the modern classroom

*Writing and the Origins of Greek Literature* Barry B. Powell,2007-04-16 Professor Powell ties the origin and nature of archaic Greek literature to the special technology of Greek alphabetic writing In building his model he presents chapters on specialized topics text orality myth literacy tradition and memorization and then shows how such special topics relate to larger issues of cultural transmission from East to West Several chapters are devoted to the theory and history of writing its definition and general nature as well as such individual developments as semasiography and logossyllabography Chinese writing and the West Semitic family of syllabaries He shows how the Greek alphabet put an end to the multiliteralism of Eastern traditions of writing and how the recording of Homer and other early

epic poetry cannot be separated from the alphabetic revolution Finally he explains how the creation of Greek alphabetic texts demoticized Greek myth and encouraged many free creations of new myths based on Eastern images *The Origins of the Art and Practice of Professional Writing* Kathryn Rosser Raign,2024-04-01 The Origins of the Art and Practice of Professional Writing addresses the classic divide in teaching written skills between rhetoric composition and technical professional communication TPC It explores a body of texts that were created earlier than any yet identified by either field ancient Mesopotamian documents produced in the eighth century BCE The book debunks two myths it shows that rhetoric was practiced consciously and taught systematically long before the Greek civilization existed and because a large swathe of the public while not fully literate had access to the services of scribes not just men but women merchants and even slaves utilized writing as a tool for social justice From their earliest writings humans consciously applied principles of persuasion to the documents that they produced Rather than being two distinct fields rhetoric and professional communication are intertwined in their histories The Origin and Progress of the Art of Writing Henry Noel Humphreys,1853 **Writing the History of Mount Lebanon** Mouannes Hojairi,2021-10-05 A meticulous deconstruction of Maronite history writing and the ways in which Lebanese nationalist myths have been invented and perpetuated by historians As a frequently contested territory Mount Lebanon has an equally contested history one that is produced shaped and revised by as many players as those who molded the Lebanese state since its inception in 1920 The Lebanese Maronite Church has had more at stake in the process of history writing than any other group or institution It is arguably one of the most influential institutions in Lebanese history and definitely the most influential institution in the country at the moment of the state s birth Writing the History of Mount Lebanon traces the genealogy of Maronite identity by examining the historical traditions that shaped its contemporary manifestation It explores the presence of a tradition in Maronite Church historiography that was maintained by the historians of the Church whose claims and hypotheses ultimately defined the communal identity of the Maronites in Mount Lebanon and deeply influenced subsequent Lebanese national identity Rooted in a reexamination of the existing literature and bringing evidence to bear on this particular aspect of history writing in Lebanon it shows how early Maronite ecclesiastic historiography s plea for inclusion as a part of Catholic orthodoxy was transformed and recast in subsequent centuries by lay and secular historians into a demand for exclusion and exclusivity which in turn led to the rise of exclusivist political identities based on sectarian belonging in Mount Lebanon Ultimately Mouannes Hojairi shows how history writing is one of the main instruments in generating and perpetuating nationalist ideologies and how historians are central agents of nationality **The Origin and Development of Babylonian Writing** George Aaron Barton,1913 *The Origin and Progress of Writing, as Well Hieroglyphic as Elementary* Thomas Astle,1803 **Writing the History of Nationalism** Stefan Berger,Eric Storm,2019-09-19 What is nationalism and how can we study it from a historical perspective Writing the History of Nationalism answers this question by examining eleven historical approaches to nationalism studies in theory and

practice An impressive cast of contributors cover the history of nationalism from a wide range of thematic approaches from traditional modernist and Marxist perspectives to more recent debates around gender postcolonialism and the global turn in history writing This book is essential reading for undergraduate students of history politics and sociology wanting to understand the complex yet fascinating history of nationalism      **Origin and Ellipsis in the Writing of Hilary Mantel**

Eileen Pollard,2019-04-11 Origin and Ellipsis in the Writing of Hilary Mantel provokes a re engagement with Derrida s thinking in contemporary literature with particular emphasis on the philosopher s preoccupation with the process of writing This is the first book length study of Mantel s writing not just in terms of Derrida s thought but through any critical perspective or lens to date      *Writing Computer and Information History* William Aspray,2024-05-14 This is not a book about the history of computing or the history of information Instead it is a meta historical book about the research and writing of these types of history The formal presentation of historical research in the form of a publication often hides the process by which the topic was selected boundaries were drawn evidence was selected analytic approach was chosen and applied results were presented how this work fits into a larger body of scholarship the implicit goals and biases of the author and many other similar issues This process of learning about the various ways to carry out computer history or information history can be enriched by this collection of reflective essays by experienced scholars discussing the craft that they practice This is a book that concerns both computer history and information history The first scholarship in computer history by professionally trained scholars began to appear in the 1970s so we are approaching a half century of research and publication in this area The field has generated numerous pieces of exemplary scholarship from various perspectives such as intellectual history of individual technologies business histories of firms economic histories of market sectors externalist histories of funding and professionalization and so on However the field continues to evolve especially as computing and communication technologies have drawn together in the form of the Internet and social media and with them a new set of scholars is participating drawn not only from the history of science and technology but also from the communication and media studies fields Powerful theories approaches and frameworks are being increasingly drawn more widely from both the humanities and the social sciences to inform the practice of computer history The scholars in this volume look at what s happened what s happening now and where historical scholarship in these disciplines is headed      **Humanities** ,1984

**The Oxford History of Historical Writing** José Rabasa,Masayuki Sato,Edoardo Tortarolo,Daniel Woolf,2012-03-29 Volume III of The Oxford History of Historical Writing contains essays by leading scholars on the writing of history globally during the early modern era from 1400 to 1800 The volume proceeds in geographic order from east to west beginning in Asia and ending in the Americas It aims at once to provide a selective but authoritative survey of the field and where opportunity allows to provoke cross cultural comparisons This is the third of five volumes in a series that explores representations of the past from the beginning of writing to the present day and from all over the world      The Oxford History of Historical Writing

Daniel R. Woolf, Andrew Feldherr, Grant Hardy, 2011-02-17 A chronological scholarly survey of the history of historical writing in five volumes Each volume covers a particular period of time from the beginning of writing to the present day and from all over the world
