Foreign Social Science Bibliographies United States. Bureau of the Census,1961 Ethnicity, Religion and Class in Israeli Society Eliezer Ben-Rafael,Stephen Sharot,1991-02-21 This book is the first major sociological analysis of the characteristics and interrelationships of ethnicity religion and socio economic class in Israeli society Although much has been written about the various distinctions between Sephardi and Ashkenazi Jews this volume argues for a more sophisticated approach than the rather crude divisions that have formed the basis of most works on the subject The authors include categories largely overlooked in sociological studies on Israel such as middle class Israelis from Asia and Africa and working class Israelis from Europe The data acquired from this rich ethnic mix leads to the analysis of a wide range of theoretical issues that casts fresh light on social cleavages within Israel in particular and society in general *Foreign Social Science Bibliographies* ,1961 *Rumanian Bird and Beast Stories* Moses Gaster,1915
