Origins of West African Nationalism Henry Summerville Wilson, 2016-02-09 *Origins of West African Nationalism* Henry S. Wilson, 1969 **A History of Africa: African nationalism and the de-colonisation process** Assa Okoth, 2006

The Power of African Cultures Toyin Falola, 2003 An analysis of the ties between culture and every aspect of African life using Africa's past to explain present situations This book focuses on the modern cultures of Africa from the consequences of the imposition of Western rule to the current struggles to define national identities in the context of neo liberal economic policies and globalization The book argues that it is against the backdrop of foreign influences that Africa has defined for itself notions of identity and development African cultures have been evolving in response to change and in other ways solidly rooted in a shared past The book successfully deconstructs the last one hundred and fifty years of cultures that have been disrupted replaced and resurrected The Power of African Cultures challenges many preconceived notions such as male dominance and female submission the supposed unity of ethnic groups and contemporary Western stereotypes of Africans It also shows the dynamism of African cultures to adapt to foreign imposition even as colonial rule forced the adoption of foreign institutions and cultures African cultures appropriated these elements Traditions were reworked symbols redefined and the past situated in contemporary problems in order to accommodate the modern era Toyin Falola is a Fellow of the Nigerian Academy of Letters and Fellow of the Historical Society of Nigeria He is the recipient of the 2006 Cheikh Anta Diop Award for Exemplary Scholarship in African Studies and the 2008 Quintessence Award by the Africa Writers Endowment He holds an honorary doctorate from Monmouth University and he is University Distinguished Teaching Professor at the University of Texas at Austin where he is also the Jacob and Frances Sanger Mossiker Chair in the Humanities His books include *Nationalism and African Intellectuals* and *Violence in Nigeria* both from the University of Rochester Press *African Theology* Emmanuel Martey, 2009-11-01 Two major strands of theology have developed in Africa inculturation and liberation each in response to different needs Emmanuel Martey's *African Theology* provides a clear scholarly examination of these two basic approaches solidly based on Martey's understanding of contemporary theology and his firsthand knowledge of Africa Martey first examines the historical background of each of these theological developments especially relating to cultural and political movements enveloping the continent in the 1970s In sub Saharan Africa struggles for independence from colonizers have resulted in inculturation theology The defining aspect of this theology is that it pushes its roots firmly in African culture and traditions In South Africa on the other hand Black Africans struggling against the oppressive systems of apartheid have turned to liberation theology Martey shows how the real hope for African theology lies in the dialectical encounter between these two approaches and in their potential for convergence The two foci of liberation and inculturation Martey says are not contradictory but complement each other *African Theology* concludes by challenging African theologians to weld together the praxis of inculturation with that of liberation in order to achieve an integrative vision for the continent **African Political**

Byfield,2021-07-09 This social and intellectual history of women s political activism in postwar Nigeria reveals the importance of gender to the study of nationalism and poses new questions about Nigeria s colonial past and independent future In the years following World War II the women of Abeokuta Nigeria staged a successful tax revolt that led to the formation first of the Abeokuta Women s Union and then of Nigeria s first national women s organization the Nigerian Women s Union in 1949 These organizations became central to a new political vision a way for women across Nigeria to define their interests desires and needs while fulfilling the obligations and responsibilities of citizenship In *The Great Upheaval* Judith A Byfield has crafted a finely textured social and intellectual history of gender and nation making that not only tells a story of women s postwar activism but also grounds it in a nuanced account of the complex tax system that generated the upheaval Byfield captures the dynamism of women s political engagement in Nigeria s postwar period and illuminates the centrality of gender to the study of nationalism She thus offers new lines of inquiry into the late colonial era and its consequences for the future Nigerian state Ultimately she challenges readers to problematize the collapse of her female subjects greatest aspiration universal franchise when the country achieved independence in 1960 *Staying Power* Peter Fryer,2010-09-06 *Staying Power* is recognised as the definitive history of black people in Britain an epic story that begins with the Roman conquest and continues to this day BR BR In a comprehensive account Peter Fryer reveals how

Chamberlain,2014-06-11 This new Companion brings together in one single volume all the essential facts and figures relating to European decolonisation in the twentieth century Professor Chamberlain has taken each European empire in turn the British French Dutch Portuguese Spanish Belgian and Italian and for each one she has provided a detailed chronology of the process of decolonisation in the individual states Postcolonial Imaginations and Moral Representations in African Literature and Culture Chielozona Eze,2011-12-16 The postcolonial African culture as it is discoursed in the academia is largely influenced by Africa s response to colonialism To the degree that it is a response it is to considerably reactive and lacks forceful moral incentives for social critical consciousness and nation building Quite on the contrary it allows especially African political leaders to luxuriate in the delusions of moral rectitude imploring at will the evil of imperialism as a buffer to their disregard of their people This book acknowledges the social and psychological devastations of colonialism on the African world It however argues that the totality of African intellectual response to colonialism and Western imperialism is equally if not more damaging to the African world In what ways does the average African leader indeed the average African judge and respond to his world How does he conceive of his responsibility towards his community and society The most obvious impact of African response to colonialism is the implicit search for a pristine innocent paradigm in for instance literary philosophical social political and gender studies This search has its own moral implication in the sense that it makes the taking of responsibility on individual and social level highly difficult Focusing on the moral impact of responses to colonialism in Africa and the African Diaspora this book analyzes the various manifestations of delusions of moral innocence that has held the African leadership from the onerous task of bearing responsibility for their countries it argues that one of the ways to recast the African leaders responsibility towards Africa is to let go on the one hand the gaze of the West and on the other of the search for the innocent African experience and cultures Relying on the insights of thinkers such as Frantz Fanon Wole Soyinka Kwame Anthony Appiah Achille Mbembe and Wolfgang Iser this book suggests new approaches to interpreting African experiences It discusses

select African works of fiction as a paradigm for new interpretations of African experiences How Colonialism Preempted Modernity in Africa Olúfémi Táíwò, 2010-01-11 Based on the idea that Africa was already becoming modern before being derailed by colonialism the author insists that Africa can get back on track and advocates a renewed engagement with modernity Tools toward shaping a positive future for Africa are immigration capitalism democracy and globalization
