Astrogeographia Robert Powell, David Bowden, 2012-10-01 There are many books on the sacredness and the spirituality of our Earth Few books however deal with the relationship between the Earth and the cosmos which is the central theme for the research presented in this book Its point of departure is the one to one correspondence between the encircling starry heavens the celestial sphere and the sphere of the earthly globe David Bowden has not only worked out the mathematics of this one to one correspondence but has also written a computer program that applies it in practice Thus a new science has been born Astrogeographia concerning the one to one correspondence between the earthly sphere and the celestial sphere

Mystery Everest Media,2022-05-18T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I bought a book called The Sirius Mystery by Robert Temple in 1979 It was a historical detective story about an African tribe that every sixty years enacted a ceremony called the Sigui during which their priests put on masks and performed a complex dance This was a renewal ceremony based on the apparent motion of Sirius 2 The Egyptians were the greatest astronomers of the ancient world but their knowledge was restricted to a small group of initiates They may have had a secret knowledge of the stars and it may have been passed down through the Dogon tribe 3 The land of Egypt was the result of the Nile River which was fed by the reservoirs of Lake Tana in Ethiopia and Lakes Albert and Victoria in Uganda The Egyptians had good reason to worship the Nile which was the manifestation of the gods 4 The two kingdoms of Egypt were originally separated by the Nile River and were ruled by two separate pharaohs The capital of Upper Egypt was at Nekheb near Hierakonpolis under the protection of the vulture goddess Nekhebet The capital of Lower Egypt was at Pe a town in the Delta

Beyond 2012: Catastrophe or Awakening? Geoff Stray,2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar s Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many

wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna's timewave zero and Maurice Cotterell's sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date *Resurrection Initiation* Midas Mantra, 2011-09-01 Is there life after death What are the pyramids for What is The Process and the Joy man's destiny on Earth In 2001 I died and became the god of resurrection In this divine state I promised to teach of the process and of the joy before returning to my body finding myself in a world of strange auras and weird synchronicity My hedonistic life of travel crumbled as I struggled to cope with the enormity of this experience and my new found view of the world Just as I was finding my feet I died again and travelled to the Godhead Through meditation I experienced the breathless state of Samadhi and travelled the corridors of the cosmic temple of the wheel of time Through books I found confirmation as to the nature of the resurrection initiation and its use by ancient shaman Egyptian Mayan and Indian kings as well as by Jesus and Plato This book is an attempt to fulfill my soul's promise and unveil the great mystery **The Orion Mystery : Unlocking the Secrets of the Pyramids** Gilbert Bauval, Gilbert, Adrian (Adrian Geoffrey), Robert Bauval, 1994 There exists a secret hidden for thousands of years that will forever change our understanding of the meaning and purpose of the most fascinating wonder of the Ancient World the Pyramids of Egypt What purpose did these massive structures one of the largest construction projects ever undertaken serve Why were they scattered across the desert in a seemingly random pattern The mystery deepened when in 1993 a secret door within the Great Pyramid was discovered a door unopened for 5 500 years Robert Bauval and Adrian Gilbert have uncovered the key to the plan that governed the construction of the pyramids A dramatic combination of history and meticulous detective work The Orion Mystery provides a stunning conclusion to one of the world's greatest mysteries **The Stargate Conspiracy** Lynn Picknett, 2001-09-01 In recent years alternative historians have gained remarkable insight into the mysteries of ancient Egypt but according to Lynn Picknett and Clive Prince their discoveries tie into a dangerous conspiracy nearly fifty years in the making At the center of this conspiracy is a group of respected powerful individuals who believe that the ancient Egyptian gods are really extraterrestrials who will soon return to earth The conspirators have intimate and exclusive knowledge of this momentous second coming but they insist on keeping it to themselves What could be the purpose of such a conspiracy Why are the conspirators so desperate to keep their information a secret And what does it mean for mankind In this riveting well researched book Picknett and Price offer compelling

evidence that the conspiracy exists and expose the insidious motivations of the individuals and organizations behind it

The Night Sky, Updated and Expanded Edition Richard Grossinger, 2014-09-30 Ever since Homo sapiens first looked up at the stars we as a species have been looking for meaning in the mysteries of the night sky Over the millennia as our knowledge science and technology developed the stories we told ourselves about the universe and our place in it developed as well In *The Night Sky* Richard Grossinger traces those developments covering multiple aspects of humanity's complex relationship to the cosmos Covering not only astronomy but also cosmology cosmogony astrology and science fiction he offers us a revelatory look at the firmament through his own telescope fitted with an anthropological lens Throughout his explorations Grossinger continually reflects on the deeper meaning of our changing concepts about the universe and creation offering insight into how each new discovery causes us to redefine the values moralities and aesthetics by which we live He also calls into question the self-aggrandizing notion that humanity can and will conquer all and injects our strident confidence in science with a healthy dose of humility and wonder Filled with poetic observation and profound questions *The Night Sky* is a brilliant reflection of humanity's relationship with the cosmos a relationship fed by longing doubt and awe
