Orwells Australia From Cold War To Culture Wars:

Orwell's Australia Dennis Glover, 2003 Orwell has two key messages that speak directly to contemporary Australians that respecting the truth is essential to restoring the integrity of our democratic system and that if we want to preserve our egalitarian way of life the centre left must get in touch with ordinary people again George Orwell has had an astonishing influence on Australian politics often in ways he would have disapproved of fiercely Today one hundred years after his birth his relevance is growing rather than diminishing Orwell's insights and values represent a challenge and an opportunity for the Australian left especially because a host of public institutions and once unquestioned rights are being attacked by a determined and ideologically driven band of radical conservatives many of whom justify their beliefs through an appeal to the socialist George Orwell

Australia's Refugee Politics in the 21st Century Kim Huynh, 2023-06-23 Boat arrivals have defined and divided 21st century Australia This book examines the Stop the Boats era from between the 2013 and 2022 federal elections During this time the dominant political view has been that to accept a single boat family or person is to risk being overwhelmed by many others It follows that government must do whatever it takes to command Australia's borders and deter unauthorized arrivals that is Stop the Boats This book sets out the key political events and arguments for and against Australia's assurance that anyone who comes without permission will never be able to stay It examines the impact of this commitment on regional and international relations on those who seek refuge in Australia and on those who call it home This volume serves as a valuable political history and analysis for scholars policymakers students journalists and anyone who is interested in questions of contemporary exclusion and belonging

George Orwell Peter Brian Barry, 2023 George Orwell *The Ethics of Equality* is the first book written by a philosopher about George Orwell's philosophy especially his ethics Orwell is sometimes understood to be profoundly disinterested in philosophy but he had much to say about philosophical matters including humanism the good life free will and moral responsibility equality liberty justice and more Peter Brian Barry examines all of Orwell's collected works including his fiction journalism essays book reviews diaries and correspondence to make the case for Orwell's relevance as a philosophical thinker
