Postprint N. Katherine Hayles, 2021-02-16 Since Gutenberg's time every aspect of print has gradually changed But the advent of computational media has exponentially increased the pace transforming how books are composed designed edited typeset distributed sold and read N Katherine Hayles traces the emergence of what she identifies as the postprint condition exploring how the interweaving of print and digital technologies has changed not only books but also language authorship and what it means to be human Hayles considers the ways in which print has been enmeshed in literate societies and how these are changing as some of the cognitive tasks once performed exclusively by humans are now carried out by computational media Interpretations and meaning making practices circulate through transindividual collectivities created by interconnections between humans and computational media which Hayles calls cognitive assemblages Her theoretical framework conceptualizes innovations in print technology as redistributions of cognitive capabilities between humans and machines Humanity is becoming computational just as computational systems are edging toward processes once thought of as distinctively human Books in all their diversity are also in the process of becoming computational representing a crucial site of ongoing cognitive transformations Hayles details the consequences for the humanities through interviews with scholars and university press professionals and considers the cultural implications in readings of two novels The Silent History and The Word Exchange that explore the postprint condition Spanning fields including book studies cultural theory and media archeology Postprint is a strikingly original consideration of the role of computational media in the ongoing evolution of humanity A History of the Book in America David Paul Nord, Joan Shelley Rubin, Michael Schudson, David D. Hall, 2015-12-01 The fifth volume of A History of the Book in America addresses the economic social and cultural shifts

affecting print culture from World War II to the present During this period factors such as the expansion of government the growth of higher education the climate of the Cold War globalization and the development of multimedia and digital technologies influenced the patterns of consolidation and diversification established earlier The thirty three contributors to the volume explore the evolution of the publishing industry and the business of bookselling The histories of government publishing law and policy the periodical press literary criticism and reading in settings such as schools libraries book clubs self help programs and collectors societies receive imaginative scrutiny as well The Enduring Book demonstrates that the corporate consolidations of the last half century have left space for the independent publisher that multiplicity continues to define American print culture and that even in the digital age the book endures Contributors David Abrahamson Northwestern University James L Baughman University of Wisconsin Madison Kenneth Cmiel d 2006 James Danky University of Wisconsin Madison Robert DeMaria Jr Vassar College Donald A Downs University of Wisconsin Madison Robert W Frase d 2003 Paul C Gutjahr Indiana University David D Hall Harvard Divinity School John B Hench American Antiquarian Society Patrick Henry New York City College of Technology Dan Lacy d 2001 Marshall Leaffer Indiana University Bruce Lewenstein Cornell University Elizabeth Long Rice University Beth Luey Arizona State University Tom McCarthy Beirut Lebanon Laura J Miller Brandeis University Priscilla Coit Murphy Chapel Hill N C David Paul Nord Indiana University Carol Polsgrove Indiana University David Reinking Clemson University Jane Rhodes Macalester College John V Richardson Jr University of California Los Angeles Joan Shelley Rubin University of Rochester Michael Schudson University of California San Diego and Columbia University Linda Scott University of Oxford Dan Simon Seven Stories Press Ilan Stavans Amherst College Harvey M Teres Syracuse University John B Thompson University of Cambridge Trysh Travis University of Florida Jonathan Zimmerman New York University

Barker,2015-11-11 In this bold study of cinematic depictions of violence in the south Deborah E Barker explores the ongoing legacy of the southern rape complex in American film Taking as her starting point D W Griffith s infamous *Birth of a Nation* Barker demonstrates how the tropes and imagery of the southern rape complex continue to assert themselves across a multitude of genres time periods and stylistic modes Drawing from Gilles Deleuze s work on cinema Barker examines plot dialogue and camera technique as she considers several films *The Story of Temple Drake* 1933 *Sanctuary* 1958 *Touch of Evil* 1958 *To Kill a*

Mockingbird 1962 and Cape Fear 1962 Placing this body of analysis in the context of the historical periods when these films appeared and the literary sources on which they are based Barker reveals the protean power of cinematic racialized violence amid the shifting cultural and political landscapes of the South and the nation as a whole By focusing on familiar literary and cinematic texts each produced or set during moments of national crisis such as the Great Depression or the civil rights movement Barker's *Reconstructing Violence* offers fresh insights into the anxiety that has underpinned sexual and racial violence in cinematic representations of the South

Borrowed Voices Jennifer Glaser, 2016-03-10 In the decades following World War II many American Jews sought to downplay their difference as a means of assimilating into Middle America Yet a significant minority including many prominent Jewish writers and intellectuals clung to their ethnic difference using it to register dissent with the status quo and act as spokespeople for non white America In this provocative book Jennifer Glaser examines how racial ventriloquism became a hallmark of Jewish American fiction as Jewish writers asserted that their own ethnicity enabled them to speak for other minorities Rather than simply condemning this racial ventriloquism as a form of cultural appropriation or commending it as an act of empathic imagination *Borrowed Voices* offers a nuanced analysis of the technique judiciously assessing both its limitations and its potential benefits Glaser considers how the practice of racial ventriloquism has changed over time examining the books of many well known writers including Bernard Malamud Cynthia Ozick Philip Roth Michael Chabon Saul Bellow and many others Bringing Jewish studies into conversation with critical race theory Glaser also opens up a dialogue between Jewish American literature and other forms of media including films magazines and graphic novels Moreover she demonstrates how Jewish American fiction can help us understand the larger anxieties about ethnic identity authenticity and authorial voice that emerged in the wake of the civil rights movement
