Mama Learned Us to Work Lu Ann Jones, 2003-10-16 Farm women of the twentieth century South have been portrayed as oppressed worn out and isolated Lu Ann Jones tells quite a different story in *Mama Learned Us to Work* Building upon evocative oral histories she encourages us to understand these women as consumers producers and agents of economic and cultural change As consumers farm women bargained with peddlers at their backdoors A key business for many farm women was the butter and egg trade small scale dairying and raising chickens Their earnings provided a crucial margin of economic safety for many families during the 1920s and 1930s and offered women some independence from their men folks These innovative women showed that poultry production paid off and laid the foundation for the agribusiness poultry industry that emerged after World War II Jones also examines the relationships between farm women and home demonstration agents and the effect of government sponsored rural reform She discusses the professional culture that developed among white agents as they reconciled new and old ideas about women's roles and shows that black agents despite prejudice linked their clients to valuable government resources and gave new meanings to traditions of self help mutual aid and racial uplift

Tolbert, 2023-08 Patented in 1917 Piggly Wiggly was by far the most influential self service store of the early twentieth century Before 1940 it was the only self service chain with a national distribution network but it was neither the first nor the only version Beyond Piggly Wiggly reveals the importance of Piggly Wiggly in the invention of self service and goes beyond the history of a single firm to explore the role of small business entrepreneurs who invented the first self service stores in a grassroots social process During the 1920s and 1930s a minority of enterprising grocers experimented with a wide variety of sometimes wacky design ideas for automating shopping They created specialized stores designed as enclosed retail systems that went far beyond open display techniques to construct unique physical and psychological advantages for automating salesmanship Beyond Piggly Wiggly offers the first perspective on the national scale of experimentation and connects the southern Jim Crow origins of self service to the national history of this mass retailing method Empirical analysis of store arrangements demonstrates how small stores that have previously been overlooked or undervalued as quaint anomalies were integral to the creation of supermarkets Ultimately self service was more than a business decision it was a fundamentally new social practice **The Life Experiences of a World War II, Korea, and Vietnam Black American Army Veteran** Q. Jarone Batson, 2013-01-18 I gave considerable thought as to what the title of my autobiography should be There was never any question that a portion of the title would read The Life Experiences of a World War II Korea and Vietnam \_\_\_\_\_ American Army Veteran but how would I be described in view of the many race descriptions the U S Census has used for the black citizens since the first census in 1790 Should I be described as a Colored Black Mulatto Quadroon Octoroon African American or Negro American Army Veterans I chose BLACK as being the most descriptive term and as James Brown said I m black and I m proud My life experiences include a few race related incidents that occurred before during and after my military service Each incident could have greatly influenced my overall attitude towards life in general and in an adverse manner but fortunately did not Q Jarone Batson **My Story His Glory** Gwen Lewis, 2022-11-03 From the very first page of My Story His Glory readers quickly connect with the colorful characters of this engaging work by first time author Gwen Lewis We are quickly introduced to the main character of the story a little girl born into poverty and inequality We learn that she grew up during a time when all the social institutions were segregated and Jim Crow laws prevailed She is

the ninth of ten children born to Ruth and Ab Mason Demoralized by bigotry and hatred her parents tried to instill a sense of pride and goodness into their children Though neither of her parents were formally educated they championed education as the vehicle to independence and a better way of life for their children The book reveals intimate details about her impoverished home life in an honest unpretentious way Life was sometimes hard but there were also times of contentment and joy As we continue to follow her story we also see ourselves in the struggles she faced when she eagerly left home for college Choosing to attend the historic Tuskegee Institute located forty miles from where she grew up was a point of great pride for her We witness the grace and goodness of God and how he never left her alone It is interesting as well as inspiring to witness the love and compassion of God as he carried her when she didn't even know he was there Later she would learn to recognize his gentle hand We laugh at her childhood antics cry with her as she painfully recalls personal losses and rejoice with her as she triumphs over her enemies After reading *My Story His Glory* we walk away inspired with a desire to know this ever present God she affectionately calls Father

**Wind of Time** Maxine Lindsey Pulley, 2023-12-28 This is not only the story of one family but of many people from the Southern states as well as states throughout the United States In the late 1950s there were forty million people in the United States living in poverty This story is about only a few and how they survived the hard times How they found enjoyment in life whether it was work or play It is about the friendship of the communities and church families all working together for the well being of each other Survival skills and the willfulness to do whatever it took for the good of each other as well as yourself Another time another place hard times and good times Mud pies and fishing holes Memories that we cherish such as the only way one would know the women had brought their children to the cotton fields with them where you could see their little toehead jumping above the cotton bolls every now and then and the pleasant laughter or a cry from a tiny one riding on the mother s cotton sack as she pulled it along These little things brought a feeling of relief rolling down their backs relief from the heavy load of the cotton sack and from the hurting back which stayed bent over the cotton row This is a story about the families all working together as one for the good of their households A time soon to be the history of life gone by and soon forgotten Childhood memories only survive in the minds of a few A few that are chosen to tell the stories of the history of the times they lived     System ,1920
