Gothic romance adding suspense and sensibility to give the genre a respectability and widespread popularity that it had never previously enjoyed. Strangely she travelled little her only journey abroad to Holland and Germany was made in 1794 after most of her novels had been published. It is said many of her beautiful descriptions come from paintings that others painted of the scenes. There is no explanation for why at the age of thirty two the most popular writer of her times stopped publishing though there is a vast amount of speculation many years prior to her death on 7th February 1823. [The Romance of the Forest \(Classic Reprint\)](#) Ann Radcliffe, 2017-11-29 Excerpt from *The Romance of the Forest* Pierre de la Motte was a gentleman descended from an ancient house of France. He was a man whose passions often overcame his reason and for a time silenced his conscience but though the image of virtue which Nature had impressed upon his heart was sometimes obscured by the passing influence of vice it was never wholly obliterated. With strength of mind sufficient to have withstood temptation he would have been a good man as it was he was always a weak and sometimes a vicious member of society. Yet his mind was active and his imagination vivid. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
