

Romania In The 1980s

Peter Siani-Davies

Romania In The 1980s:

Romania In The 1980s Daniel N. Nelson, 2019-06-04 Among communist states Romania is in several respects a unique case. Romania has been the only Warsaw Pact member to deviate consistently from Soviet foreign policy norms and alone within Eastern Europe to avoid oil imports from the USSR. The leadership of Nicolae Ceausescu since 1965 has meanwhile governed through a studious commitment to socio-economic centralization and control often reminiscent of Stalinist orthodoxy. Intellectual freedom, artistic liberty, and workers' rights have changed little relative to Poland, Hungary, or the transient Prague Spring. Such international and domestic policy distinctions, as well as a record of impressive industrial growth, necessitate an effort to understand the dynamics of Romania's socio-economic and political life. This volume is meant to delineate trends in political, social, and economic life which will constitute dynamic elements for the Romanian system during the 1980s and beyond. Contributors: all scholars with lengthy research experience in Romania, the Balkans, and communist states generally have sought to identify factors likely to be influential during this and ensuing decades. In that sense, this is a predictive volume containing not crystal ball gazing but the careful identification and assessment of trends influencing Romanian foreign and domestic policies, economic and political performance, and societal transformations. By suggesting elements crucial to socio-economic and political change in Romania, we hope to make observing this intriguing communist state somewhat less haphazard and more systematic.

Romanian Politics in the Ceausescu Era Daniel N. Nelson, 1988. First Published in 1988. Routledge is an imprint of Taylor & Francis, an informal company.

Outside the "Comfort Zone" Tatiana Klepikova, Lukas Raabe, 2020-07-06. Traditionally, privacy studies have focused on the liberal democratic societies of the global West, whereas non-democratic contexts have played a marginal role in the discussion of the private and public spheres, not in the least because of the political stances of the Cold War era. This volume offers explorations of highly diversified performances and discourses of privacy by various actors which were embedded into the culturally, economically, and politically specific constructions of late socialism in individual states of the Warsaw Pact. While the experience of socialism varied across the Bloc, there were also some reactions to socialism and some reverse responses of socialist regimes to these reactions that one can trace through all states. Contributions to this volume take us across the Eastern Bloc and beyond it, from the Soviet Union into late socialist Poland, Romania, and East and West Germany. While looking at specific countries, they provide a glimpse into a broader perspective that reaches beyond the borders of individual late socialist states. Together, these articles document a palette of paradigms of the construction and transformation of the private spheres that overcame the national borders of individual states and left an imprint across the Eastern Bloc, thereby contributing to rethinking Cold War rhetoric in regard to these states.

The Long 1968 in Hungary and Romania Adrian-George Matus,2023-12-31 This book advances a local regional and comparative analysis of the history of the sixty eighters from Hungary and Romania between 1956 and 1975 The aim of the book is to answer to the

following research question to what extent does the long 1968 mark and change protest history Another axis of my research equally important is how can one genuinely distinguish between a protest an opposition and a pastime Where did radicalisation truly begin and when was it solely an auto perception as a dissident In other words how can one truly distinguish between a leisure activity like listening to Radio Free Europe or exploring an altered state of consciousness and an explicit political activity like organising a protest or writing subversive texts Among other aims the books s scope is to understand where a leisure activity ends and a protest starts By practicing counterculture did the youth wish to contest the system or simply express themselves As method oral history plays a crucial part On a superficial level the interviews helped to fill in the archival gap However oral testimonies proved to reveal much more than essential factual information Oral history clarified how political and social events influenced the subjects memory formation

Holocaust Public Memory in Postcommunist Romania Alexandru Florian, 2018-01-24 How is the Holocaust remembered in Romania since the fall of communism Alexandru Florian and an international group of contributors unveil how and why Romania a place where large segments of the Jewish and Roma populations perished still fails to address its recent past These essays focus on the roles of government and public actors that choose to promote construct defend or contest the memory of the Holocaust as well as the tools the press the media monuments and commemorations that create public memory Coming from a variety of perspectives these essays provide a compelling view of what memories exist how they are sustained how they can be distorted and how public remembrance of the Holocaust can be encouraged in Romanian society today
