News Parody and Political Satire Across the Globe Geoffrey Baym,Jeffrey P. Jones,2013-09-13 In recent years the US fake news program The Daily Show with Jon Stewart has become a surprisingly important source of information conversation and commentary about public affairs Perhaps more surprisingly so called fake news is now a truly global phenomenon with various forms of news parody and political satire programming appearing throughout the world This collection of innovative chapters takes a close and critical look at global news parody from a wide range of countries including the USA and the UK Italy and France Hungary and Romania Israel and Palestine Iran and India Australia Germany and Denmark Traversing a range of national cultures political systems and programming forms News Parody and Political Satire Across the Globe offers insight into the central and perhaps controversial role that news parody has come to play in the world and explores the multiple forces that enable and constrain its performance It will help readers to better understand the intersections of journalism politics and comedy as they take shape across the globe in a variety of political and media systems This book was originally published as a special issue of the journal Popular Communication **MFN Status for Hungary, Romania, China, and Afghanistan**

United States. Congress. Senate. Committee on Finance. Subcommittee on International Trade,1986 **History of Modern Cremation in Romania** Marius Rotar,2013-01-11 Cremation as a means of managing the post mortem body was reintroduced to Europe at the end of the eighteenth century but would not become common practice until the second half of the nineteenth century This was a major development with multifaceted implications which generated heated debate Initially armed with a variety of arguments hygienic economic aesthetic and philosophical arguments citing freedom of conscience and will the advocates of modern cremation who tended to come from the social and cultural elite sought to impose their new model This brought them into conflict with the traditional structures and patterns of burial and thus with the Church which had of course originally ended the practice of cremation The present study is a history of cremation in Romania beginning with the emergence of cremationist ideas in 1867 and taking the reader up to the present day It analyses the following key periods the second half of the nineteenth century and early twentieth century the Interwar period Romania then being the first Orthodox country in the world to possess a crematorium which provoked a vehement reaction against cremation on part of the Orthodox Church the Communist period when no new crematoria were built even though the Communist regime proclaimed itself to be atheist and the post Communist period **Romania Since 1989**

Nielsen,2023-12-26 Winner 2025 Hazel Gaudet Erskine Best Book Award International Journal of Press Politics Winner 2024 Choice Outstanding Academic Title A small but growing number of people in many countries consistently avoid the news They feel they do not have time for it believe it is not worth the effort find it irrelevant or emotionally draining or do not trust the media among other reasons Why and how do people circumvent news Which groups are more and less reluctant to follow the news In what ways is news avoidance a problem for individuals for the news industry for society and how can it be addressed This groundbreaking book explains why and how so many people consume little or no news despite unprecedented abundance and ease of access Drawing on interviews in Spain the United Kingdom and the United States as well as extensive survey data *Avoiding the News* examines how people who tune out traditional media get information and explores their folk theories about how news organizations work The authors argue that news avoidance is about not only content but also identity ideologies and infrastructures who people are what they believe and how news does or does not fit into their everyday lives Because news avoidance is most common among disadvantaged groups it threatens to exacerbate existing inequalities by tilting mainstream journalism even further toward privileged audiences Ultimately this book shows persuading news averse audiences of the value of journalism is not simply a matter of adjusting coverage but requires a deeper more empathetic understanding of people s relationships with news across social political and technological boundaries [News on Indonesia](#) ,1985-07 **The SAGE International Encyclopedia of Mass Media and Society**

Romania After Tyranny Daniel N Nelson,2019-06-19 In 1973 Romanians were beginning to recognize that the regime of Nicolae Ceausescu contrary to what his first five or six years in power seemed to imply would bring no respite from communism Instead after a 1971 mini cultural revolution ended hope for a Bucharest spring and intellectual latitude was curtailed further in 1972-73 the ominous possibilities of Ceausescu were becoming evident In 1973 I went to Romania on a

dissertation research grant from the International Research and Exchanges Board It was a year in which wide ranging survey research was still possible But it was also a time when historians and writers who had different ideas or workers who gave thought to non party union organization felt the heavy hand of Ceausescu s Securitate As happens to most graduate students and their field research it was a formative experience with indelible impressions that remain today **Rowing News**,2000-09-21 *Romania* Sean Sheehan,Debbie Nevins,2015-07-15 Romania has had a tumultuous history of changing leadership and contested land Marked by revolution with a strong cultural history preserved in artifacts and traditions today Romanians are among some of the most enduring peoples of the European Union All books of the critically acclaimed Cultures of the World series ensure an immersive experience by offering vibrant photographs with descriptive nonfiction narratives and interactive activities such as creating an authentic traditional dish from an easy to follow recipe Copious maps and detailed timelines present the past and present of the country while exploration of the art and architecture help your readers to understand why diversity is the spice of Life *Weekly World News* ,2002-03-12 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site **Minerals Yearbook** ,1977

Criminal Justice and Privatisation Philip Bean,2020-06-07 Over the past few years opposition to the privatisation in public services in the United Kingdom and elsewhere has grown especially in areas related to criminal justice Privatisation has existed within the British criminal justice system at least since the early 1990s but the privatisation of the Probation Service in 2014 was a significant landmark in this process and signalled a larger programme of privatisation to come Criminal Justice and Privatisation works to examine the impact of privatisation on the criminal justice system and to explore the potential effects of privatising other areas including the police and the security industry By including chapters from practitioners and academics alike the book offers an expansive overview of the criminal justice system as well as observations of the effect of privatisation at ground level By also exploring the way the private companies are paid how they operate and what private companies do this book offers an insight into and the future of privatisation within the public sector Written in a clear and direct style this book will appeal to students and scholars in criminology sociology cultural studies social theory and those interested in learning about the effects of privatisation **Daily News and Press Survey** ,1990-06-11 **The Living Pulpit** Mary Alice Mulligan,2018-04-10 Fifty years of preaching excellence in one volume The Living Pulpit collects sermons from representative preachers in the Stone Campbell Movement pastors affiliated with the Churches of Christ the Christian Churches Churches of Christ and the Christian Church Disciples of Christ over the past 50 years The fourth volume in a series that began in 1868 this collection of sermons from 40 ministers reviewed by a diverse team of scholars captures the theological themes and changing approaches to preaching across the Movement s three streams Emerging from an era of mutual suspicion the three streams have developed a better understanding shared mutuality and respect for each stream s
