Romantic Passages in Southwestern History A. B. Meek,2017-11-18 Excerpt from Romantic Passages in Southwestern History Including Orations Sketches and Essays About half this volume has been published before in isolated portions in pamphlets or periodicals The author has been gratified that his researches in Southwestern History have been recognised as valuable by Bancroft Theodore Irving Simms and Pickett in their more capacious and dignified performances This has induced him to revive his articles as they were originally produced with the addition of other and more copious sketches elucidating our early history These were written for incidental purposes while preparing a more elaborate work yet to be published but they may serve in their present form to gratify the general reader better than in a more staid and regular connection With these explanations the author submits this volume as an humble guide book to an almost uncultured territory in which the Historian the Novelist and the Poet may find the richest materials and incentives for the highest exercise of their respective vocations About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Annual Report of the American Historical Association* American Historical Association,1900
