Romantic Revolutions Kenneth R. Johnston, 1990 *Sexual Politics and the Romantic Author* Sonia Hofkosh, 1998-06-18 Exploring a range of early nineteenth century cultural materials from canonical poetry and critical prose to women's magazines and gift book engravings *Sexual Politics and the Romantic Author* offers new perspectives on the role of gender in Romanticism's defining paradigms of authorship The Romantic author's claim to individual agency is complicated by its articulation in a market system perceived to be impelled in large part by fantasies of female desire by what women read and write what they buy and sell how they look and where they look for pleasure These studies in the contested public spaces of literary labour elaborate the fundamental if invisible function of the woman as embodiment of authorial ambivalence in writing by Austen Byron Coleridge William Hazlitt Sarah Hazlitt Leigh Hunt Keats Mary Shelley William Wordsworth and others *The Romantic Revolution in America, 1800-1860* Vernon Louis Parrington, 1927 CURRENTS IN AMERICAN THOUGHT AN INTERPRETATION OF AMERICAN LITERATURE FROM THE BEGINNINGS TO 1920 *1848: the Romantic and Democratic Revolutions in Europe* Jean Sigmund, 1973 *Romance and Revolution* David Duff, 1994-09 Relates the revival of literary romance to the French Revolution's imaginative impact on English Romanticism **Romantic Imperialism** Saree Makdisi, 1998-04-16 The years between 1790 and 1830 saw over a hundred and fifty million people brought under British imperial control and one of the most momentous outbursts of British literary and artistic production announcing a new world of social and individual traumas and possibilities This book traces the emergence of new forms of imperialism and capitalism as part of a culture of modernisation in the late eighteenth and early nineteenth century and looks at the ways in which they were identified with and contested in Romanticism Saree Makdisi argues that this process has to be understood in global terms beyond the British and European viewpoint and that developments in India Africa and the Arab world up to and including our own time enable us to understand more fully the texts and contexts of British Romanticism New and original readings of texts by Wordsworth Blake Byron Shelley and Scott emerge in the course of this searching analysis of the cultural process of globalisation Choice Outstanding Academic Book of 1998 Romanticism and the Human Sciences Maureen N. McLane, 2000-09-14 This study published in 2000 examines the dialogue between Romantic poetry and the human sciences of the period Maureen McLane reveals how Romantic writers participated in a new found consciousness of human beings as a species by analysing their work in relation to discourses on moral philosophy political economy and anthropology Writers such as Wordsworth Coleridge Mary Shelley and Percy Shelley explored the possibilities and limits of human being language and hope They engaged with the work of theorists of the human sciences Malthus Godwin and Burke among them The book offers original readings of canonical works including *Lyrical Ballads* *Frankenstein* and *Prometheus Unbound* to show how the Romantics internalised and transformed ideas about the imagination perfectibility immortality and population which so energised contemporary moral and political debates McLane provides a defence of poetry in both

Romantic and contemporary theoretical terms reformulating the predicament of Romanticism in general and poetry in particular

The Romantic Revolution Tim Blanning, 2011-08-02 A splendidly pithy and provocative introduction to the culture of Romanticism The Sunday Times Tim Blanning is in a particularly good position to speak of the arrival of Romanticism on the European scene and he does so with a verve a breadth and an authority that exceed every expectation National Review From the preeminent historian of Europe in the eighteenth and nineteenth centuries comes a superb concise account of a cultural upheaval that still shapes sensibilities today A rebellion against the rationality of the Enlightenment Romanticism was a profound shift in expression that altered the arts and ushered in modernity even as it championed a return to the intuitive and the primitive Tim Blanning describes its beginnings in Rousseau's novel *La Nouvelle Héloïse* which placed the artistic creator at the center of aesthetic activity and reveals how Goethe Goya Berlioz and others began experimenting with themes of artistic madness the role of sex as a psychological force and the use of dreamlike imagery Whether unearthing the origins of sex appeal or the celebration of accessible storytelling *The Romantic Revolution* is a bold and brilliant introduction to an essential time whose influence would far outlast its age Anyone with an interest in cultural history will revel in the book's range and insights Specialists will savor the anecdotes casual readers will enjoy the introduction to rich and exciting material Brilliant artistic output during a time of transformative upheaval never gets old and this book shows us why The Washington Times It's a pleasure to read a relatively concise piece of scholarship of so high a caliber especially expressed as well as in this fine book Library Journal

Main Currents in American Thought:

1800-1860. The romantic revolution in America Vernon Louis Parrington, 1927 *The Cambridge Companion to British Literature of the French Revolution in the 1790s* Pamela Clemit, 2011-02-10 The first major collection of essays to provide a comprehensive examination of the British literature of the French Revolution

Romantic Literature and Postcolonial Studies Elizabeth A Bohls, 2013-01-22 This book examines the relationship between Romantic writing and the rapidly expanding British Empire

Technologies of Empire Dermot Ryan, 2012-12-21 *Technologies of Empire* looks at the ways in which writers of the long eighteenth century treat writing and imagination as technologies that can produce rather than merely portray empire Authors ranging from Adam Smith to William Wordsworth consider writing not as part of a larger logic of orientalism that represents non-European subjects and spaces in fixed ways but as a dynamic technology that organizes these subjects and transforms these spaces *Technologies of Empire* reads the imagination as an instrument that works in tandem with writing expanding and consolidating the networks of empire Through readings across a variety of genres ranging from Smith's *The Wealth of Nations* and Edmund Burke's *Reflections on the Revolution in France* to Maria Edgeworth's Irish fiction and Wordsworth's epic poetry this study offers a new account of writing's role in empire building and uncovers a genealogy of the romantic imagination that is shot through by the imperatives of imperialism Published by University of Delaware Press Distributed worldwide by Rutgers University Press

Romantic Revisions Robert

Brinkley, Keith Hanley, 1992-10-22 Leading American and British textual editors respond to the recent radical overhaul in the editing of Romantic texts in the light of developments in critical theory **Romanticism and the Gothic** Michael Gamer, 2000-09-04 This is the first full length study to examine the links between high Romantic literature and what has often been thought of as a merely popular genre the Gothic Michael Gamer offers a sharply focused analysis of how and why Romantic writers drew on Gothic conventions whilst at the same time denying their influence in order to claim critical respectability He shows how the reception of Gothic literature including its institutional and commercial recognition as a form of literature played a fundamental role in the development of Romanticism as an ideology In doing so he examines the early history of the Romantic movement and its assumptions about literary value and the politics of reading writing and reception at the end of the eighteenth century As a whole the book makes an original contribution to our understanding of genre tracing the impact of reception marketing and audience on its formation **Robert Southey and the Contexts of English Romanticism** Lynda Pratt, 2016-04-08 Lynda Pratt s collection of specially commissioned essays is the first edited volume devoted to the multiple connections between Robert Southey 1774 1843 and English Romantic culture A major and highly controversial personage in his own day Southey has until recently been the forgotten member of the Lake School Romanticism, History, Historicism Damian Walford Davies, 2009-01-21 The re turn to history in Romantic Studies in the 1980s marked the beginning of a critical orthodoxy that continues to condition if not define our sense of the Romantic period twenty five years on Romantic New Historicism s revisionary engagements have played a central role in the realignment of the field and in the expansion of the Romantic canon In this major new collection of eleven essays critics reflect on New Historicism s inheritance its achievements and its limitations Integrating a self reflexive engagement with New Historicism s history and detailed attention to a range of Romantic lives and literary texts the collection offers a close up view of Romanticism s hybrid present and a dynamic vision of its future **Robert Southey: Poetical Works 1793-1810 Vol 1** Lynda Pratt, Tim Fulford, Daniel Roberts, 2020-04-28 This edition of Robert Southey s early poetry seeks to restore Southey the poet to his place at the centre of late 18th and early 19th century British literary culture This collection of his poetical works critically reassesses Southey s epics and romances The Astrological Neptune and the Quest for Redemption Liz Greene, 2000-10-15 The longing for redemption is a many headed daimon that dwells within the most earthbound and prosaic of souls Neptune is the astrological symbol that describes this energy Liz Greene an internationally known astrologer has given us the most complete and accessible book about Neptune ever written She explores Neptune themes in literature myth politics religion fashion and art to show how this energy manifests Coleridge's Submerged Politics Patrick J. Keane, 1994 Part II argues that imagery and plot developments in *The Ancient Mariner* reflect political events between November 1797 and March 1798 the months when Coleridge was writing and revising his poem and contributing anti Pittite verses and essays to the widely read opposition newspaper the *Morning Post* **Rappaccini's Children** William H. Shurr, 2014-07-15

Nathaniel Hawthorne's short story *Rappaccini's Daughter* tells of a beautiful girl who has from birth absorbed the poison from the flowers of her father's garden. In this allegorical tale of the fallen Garden of Eden, William H. Shurr finds a metaphor for the fate of many American writers for whom the heritage of Calvinism has been the poisoned fruit of the Garden of the New World. For many American writers, the legacy of the Puritan Fathers has been a pervasive sense of sinfulness and guilt in a violent and unforgiving universe. In this new study, Shurr examines how these writers have coped with this heritage.
