Romanticism And Women Poets Opening The Doors Of Reception:

Romanticism and Women Poets Harriet Kramer Linkin, Stephen C. Behrendt, 1999 A good ghost story can make your hair stand on end your palms sweat and your heart race The bone chilling collection Tales of Kentucky Ghosts presents more than 250 stories that do just that In his new book William Lynwood Montell has assembled an entertaining and diverse array of tales from across the commonwealth that will keep you checking under the bed every night The first person accounts in this collection showcase folklore that Montell has drawn from archives family stories and oral traditions throughout Kentucky The stories include that of the ghost bride of Laurel County who appears each year on the anniversary of her wedding day the tale of the murdered worker who haunts the Simpson County home of his killer and former employer and the account of the lost mandolin that plays itself in a house in Graves County These and many other chilling stories haunt the pages of Tales of Kentucky Ghosts In the tradition of Montell's previous Kentucky ghost books Ghosts across Kentucky and Haunted Houses and Family Ghosts of Kentucky Tales of Kentucky Ghosts brings together a variety of terrifying narratives that not only entertain and frighten but also serve as a unique record of Kentucky's rich heritage of storytelling Romantic Hellenism and Women Writers N. Comet, 2015-12-04 Examining popular contexts of Greek revivalism associated with women Comet challenges the masculine narrative of English Classicism by demonstrating that it thrived in non male spaces as an ephemeral ideal that betrayed a distrust of democratic rhetoric that ignored the social inequities of the classical world

The Routledge Companion to Romantic Women Writers Ann R. Hawkins, Catherine S. Blackwell, E. Leigh Bonds, 2022-12-30 The Routledge Companion to Romantic Women Writers overviews critical reception for Romantic women writers from their earliest periodical reviews through the most current scholarship and directs users to avenues of future research It is divided into two parts The first section offers topical discussions on the status of provincial poets on women's engagement in children's literature the relation of women writers to their religious backgrounds the historical backgrounds to women's orientalism and their engagement in debates on slavery and abolition The second part surveys the life and careers of individual women some 47 in all with sections for biography biographical resources works modern editions archival holdings critical reception and avenues for further research The final sections of each essay offer further guidance for researchers including Signatures under which the author published and a List of Works accompanied whenever possible with contemporary prices and publishing formats To facilitate research a robust Works Cited includes all texts mentioned or quoted in the essay **Romanticism Gendered** Andrea Fischerová, 2020-11-09 This study focuses on the six writing men who have been throughout decades regarded as the alpha and omega of British Romanticism Byron Coleridge Keats Scott Shelley and Wordsworth It sees these men as a representative cohort of their time and examines their letters as results of a reading process Although letters are usually seen as additional sources of reference in literary studies in this book they are treated as the dominant information material correspondence enables to reconsider British Romanticism on the basis of the

epistolary communication of the first half of the nineteenth century The target information from the letters are references to women writers and to their writings A detailed analysis of the correspondence manages to answer the question whether male Romantics regarded writing women as provoking from time to time as Duncan Wu assumes and whether the gender identity of the woman author influenced the way male readers read her literary works The examination of the correspondence thus takes a gendered perspective on British Romanticism This approach to the target research data discloses a long list of almost 120 names of women writers from different periods and of different literary genres Whereas the male readers in question have acquired a well established stable long term position within literary history the women were often marginalized even forgotten The study presents plentiful examples proving the discrepancies between what the twenty first century reader regards as the core of women s Romantic literary tradition and what the Romantic reader did The following women writers are discussed in the study in detail Susannah Centlivre Anne Finch Lady Winchelsea Ann Radcliffe Mary Robinson Felicia Hemans Mary Shelley Joanna Baillie Maria Edgeworth Maria Jane Jewsbury Catherine Grace Godwin and Emmeline Fisher

Eighteenth-Century Women Poets and Their Poetry Paula R. Backscheider, 2005-12-31 Co Winner James Russell Lowell Prize Modern Language Association This major study offers a broad view of the writing and careers of eighteenth century women poets casting new light on the ways in which poetry was read and enjoyed on changing poetic tastes in British culture and on the development of many major poetic genres and traditions Rather than presenting a chronological survey Paula R Backscheider explores the forms in which women wrote and the uses to which they put those forms Considering more than forty women in relation to canonical male writers of the same era she concludes that women wrote in all of the genres that men did but often adapted revised and even created new poetic kinds from traditional forms Backscheider demonstrates that knowledge of these women s poetry is necessary for an accurate and nuanced literary history Within chapters on important canonical and popular verse forms she gives particular attention to such topics as women s use of religious poetry to express candid ideas about patriarchy and rape the continuing evolution and important role of the supposedly antiquarian genre of the friendship poetry same sex desire in elegy by women as well as by men and the status of Charlotte Smith as a key figure of the long eighteenth century not only as a Romantic era poet **The Collected Poetry of Mary Tighe** Paula R. historical and biographical introduction from editors Paula R Feldman and Brian C Cooney discusses Tighe's work within a larger social and political context placing renewed emphasis on the conflicts she experienced as a Methodist with Anglo Irish roots Editorial annotations shed new light on Tighe's life revealing for the first time for example that her songs were performed during her lifetime on the Dublin stage Meticulously edited this volume builds on recent pioneering scholarship to restore and burnish Tighe's reputation as a major Romantic era poet

Victorian Era Andrew Radford, 2017-03-02 In tracing those deliberate and accidental Romantic echoes that reverberate through the Victorian age into the beginning of the twentieth century this collection acknowledges that the Victorians decided for themselves how to define what is Romantic The essays explore the extent to which Victorianism can be distinguished from its Romantic precursors or whether it is possible to conceive of Romanticism without the influence of these Victorian definitions Romantic Echoes in the Victorian Era reassesses Romantic literature's immediate cultural and literary legacy in the late nineteenth century showing how the Victorian writings of Matthew Arnold Wilkie Collins the Brontës the Brownings Elizabeth Gaskell Charles Dickens Gerard Manley Hopkins Thomas Hardy and the Rossettis were instrumental in shaping Romanticism as a cultural phenomenon Many of these Victorian writers found in the biographical literary and historical models of Chatterton Coleridge Byron Shelley Keats and Wordsworth touchstones for reappraising their own creative potential and artistic identity Whether the Victorians affirmed or revolted against the Romanticism of their early years their attitudes towards Romantic values enriched and intensified the personal creative and social dilemmas described in their art Taken together the essays in this collection reflect on current critical dialogues about literary periodisation and contribute to our understanding of how these contemporary debates stem from Romanticism's inception in the Victorian age
